GARNETTE - Beautiful Corsage Rose - Grade A - Ea. \$1⁵⁰

E Exceptional long-lasting quality, mild fragrance, and fine, hybrid tea form make this dainty garnet red "sweetheart" rose a florist favorite. Beautiful flower clusters have endless arrangement possibilities. Abundant masses of crinkled, holly-like foliage on a medium to low growing plant make it popular for the border. Rated 8.2.

91 MG 5169—Grade A—*Postpaid*.....Each **\$1.50**; 3 for **\$3.95**

Newest All America Rose Winners - Ea. \$2⁵⁰ and \$2⁷⁵

1 **Garden Mark** Collection of Newest AARS Winners. Save \$1.05 on this collection and add the most recent AARS Floribunda Winners to your rose garden. Enjoy modern roses at their best. Includes 1958 and 1959 Winners as well as the popular '56 winner.

91 MG 5284—Includes 1 each of F, G, H, J. *Postpaid*.... All 4 for **\$9.20**

F **Circus**. Only rose to win the AARS Award in 1956. First multi-colored Floribunda to be so honored. Buds are creamy yellow, overlaid with crimson. Fragrant flowers open yellow, develop tints of apricot, pink and salmon. Well branched plants. Plant Pat. 1382. Rated 7.8.
91 MG 5158—*Postpaid*. Ea. **\$2.50**

G **Ivory Fashion**. 1959 AARS Winner, and acclaimed top floribunda of recent years. Long, slender buds open slowly to high centered, clear ivory colored 4-inch blooms beautifully ornamented by long golden stamens. Flowers retain their clean shape and color for several days. Too new for rating. Plant Prop. rights reserved.
91 MG 5153—*Postpaid*. Ea. **\$2.75**

Establish the Rose Garden or Hedge you want now. Add Roses to your Monthly Payment Order—there is no down payment for Add-On purchases. Or pay 10% down on \$20 order. See Page 61 for details.

H **Gold Cup**. 1958 All America Rose Selection winner, and first yellow floribunda to receive AARS. Pointed buds open into perfumed, cup-shaped flowers of sunny yellow that don't fade. Blooms from June until severe fall frosts. Plant Patent No. 1683. Too new to be rated.
91 MG 5162—*Postpaid*.. Each **\$2.50**

J **Fusilier**. 1958 All America Rose Selection winner. Heavy clusters of large, fragrant, luminous, orange-red blooms. Color is brilliant in warm weather—deeper in cool weather. Blooms freely and continuously. Large, lustrous, dark green foliage on plants 2½ to 3 ft. tall. Radiant in mass planting or hedge planting. Too new to be rated. Plant Patent No. 1709.
91 MG 5163—*Postpaid*.. Each **\$2.50**

Everblooming Tree Roses - Each \$6²⁵

- Easy to Grow—Hardy All Zones with Simple Protection
- Spectacular Rose Display for Eye Level Viewing
- Famous Floribunda and Hybrid Tea Rose Varieties in Tree form. 4½ to 5 ft. tall. Flowers larger than on bushes.

A continuous array of bloom from June until frost. Flowers are usually larger than those of the same variety in bush form, and their beauty, displayed high above the perennials or roses in a bed or border make them the conversation piece of any garden in which they are planted.

91 MG 5143—**Red Pinocchio**. (Pictured.) Highest rated Floribunda now in Tree form. Carmine red flowers like those described in (M) below.

91 MG 5142—**The Doctor**. Famous award winning, enormous silvery pink Hybrid Tea rose on tree form. See picture and description on Page 11.

Plant where you can see them. Use at each side of a gate, arch or doorway; along a drive or walk; or use as specimen plants in your rose bed. Tree or Standard Roses are grown by budding regular Hybrid Tea or Floribunda Roses into a specially grown, well-rooted standard to make a plant 4½ to 5 ft. tall.

Worth the extra care they require in cold climates. They are hardy in all zones, but require careful winter protection in zones 7 through 9. Instructions for planting and winter protection are in the planting guide included with each order. Plant 5 ft. apart. Shipped in spring only.

91 MG 5141—**Eclipse**. Top rated among non-patented yellow hybrid tea roses on tree form. Golden yellow blooms like those on Page 10.

91 MG 5140—**Crimson Glory**. Highest rated red hybrid tea, now in tree form. Deep crimson red blooms like those pictured on Page 10.

PRICES OF ABOVE TREE ROSES—Shipped *Postpaid* for spring planting only.

State Catalog Number. Buy 2 and save 55c.....Each **\$6.25**.....Any 2 for **\$11.95**

Top Rated Floribunda Roses - \$1⁷⁵ to \$2⁵⁰ Each

2 **Garden Mark** Collection of Highest Rated Varieties. Saves you 80c. These varieties have earned the highest ratings in their class as indicated on the American Rose Society list for 1958.
91 MG 5285—Includes 1 each of K, L, M and N. Shipped *Postpaid*..... All 4 for **\$7.20**

K **Goldilocks**. Winner of many honors and medals. Large clusters of beautiful, golden yellow blooms all summer long. Fragrant. Long lasting when cut. Spreading foliage. Excellent for hedge or bed. Second highest rated yellow Floribunda on 1958 list. Rated 7.3. Plant Pat. 672.
91 MG 5152—Shipped *Postpaid*.....Each **\$1.75**

L **Spartan**. Second highest rated red floribunda on 1958 list. Rated 8.7. Brilliant in color—very large in size. True Hybrid Tea shape. Burnt-orange buds open to sparkling orange-red blooms that retain their color. Long stems make it ideal for cutting. Scores of fragrant roses month after month right up to frost. Extra hardy. Plant Pat. 1357.
91 MG 5159—Shipped *Postpaid*.....Each **\$2.50**

M **Red Pinocchio**. Highest rated red floribunda. Popular because of the tremendous number of blooms it produces. Deep red buds open to form great, fragrant, clusters of large, carmine flowers, often 3½ inches across, with rich, velvety texture. Color does not fade. Rated 8.8. Plant Pat. 812.
91 MG 5150—Shipped *Postpaid*.....Each **\$1.75**

N **Fashion**. Highest rated double floribunda. Rated 8.9. All America Winner in 1950. Considered among the best 5 roses of any class. Luminous coral-pink with overtones of gold at base of each petal. Dainty, tapered buds. Perfect Hybrid Tea shape. Fragrant. Noted for its ability to bloom continually. Plant Pat. 789.
91 MG 5151—Shipped *Postpaid*.....Each **\$2.00**

Garden Mark

ROSES

A Type for Every Purpose

Climbing Roses vary in height and in season of bloom. All are vigorous and easy to grow in all zones, but need winter protection as outlined in Planting Instructions included. Climbers will bloom next year on growth made this year and then bloom every year.

Tree Roses—See at left.

Hybrid Tea Roses are the most popular of all roses because of their perfection and beauty of form and color. Many varieties are wonderfully fragrant. Hybrid Teas are the most highly prized for cutting and for flower arrangements.

They are hardy all zones, but protect in zones 8 and 9.

Grandiflora Roses and buds often have Hybrid Tea size and perfection of form. They are very free blooming and are produced in clusters like Floribundas, but with long cutting stems. Plants are taller growing.

Hardy all zones, but protect in zones 8 and 9.

Floribunda Roses are highly favored for their abundant, continuous bloom from June to frost. Flowers are borne in clusters, and vary in size and shape. Use them for mass planting, in the shrub border or for accent. More hardy than others but protect in zones 8 and 9.

14 REASONS Why You Should Buy Garden Mark Nursery Stock

2

Stock is Shipped from Large, Well Established Growers. Wards principal grower is considered to be the largest in the United States, and has been in the nursery stock business for more than 80 years. Our eastern grower is the fourth largest grower, and has been in business for 59 years. All Wards growers are active members of the American Association of Nurserymen, and are leaders in their field—using the most modern methods for storing and shipping.

1

WARDS NURSERY STOCK GUARANTEE

Wards guarantee all nursery stock, perennials, bulbs, tubers and roots to be exactly as represented in our catalog; to be strong and vigorous, free from disease; true to named variety; and to reach you in proper condition for planting.

If any nursery stock you receive does not conform to the above guarantee, Wards will replace it with new stock without charge. The guarantee is limited as follows:

- The Questionnaire printed on the reverse side of the guarantee attached to your return order papers must be filled in completely showing that you have followed the planting instructions enclosed in each package.
- This guarantee together with the packing slip must be sent to us by July 1st following the receipt of shipment. (This date is May 1st in Ft. Worth territory only.)
- On some items the catalog clearly indicates that they are not suitable for all zones. Wards do not guarantee the growth of such items in zones not recommended.
- Claims for stock not true to name are not limited in time, but must be made in the first blooming or fruiting season.

As vigorous growth depends upon proper planting, pruning, soil, climatic conditions and other factors over which we have no control, Wards cannot be responsible for the amount of growth nor for the crop, nor for any amount greater than the purchase price.

MONTGOMERY WARD

3

Descriptions are Accurate. Every description in this catalog is keyed to the zone map pictured on Pg. 37. If you locate your own zone on the map, keep the number in mind and avoid the mistake of buying plants not hardy in your area. Special plant requirements are indicated. Pictures are all made from photographs, and colors are as accurate as high speed printing can reproduce.

4

Plants have Built-in Grow Power. Vigorous plant growth begins where plants are first grown. Nurseries that ship Garden Mark plants follow a system of crop rotation, fertilization, and mulching; and where necessary, irrigation provides necessary moisture for young plants. Plants are given every opportunity for sturdy root and top growth. Trees, shrubs, and most perennials are field grown and have withstood weather conditions similar to those in your area.

5

All Stock Guaranteed Disease-Free. Wherever Garden Mark stock is grown, every precaution is taken to retain the healthy vigor and cleanliness of the plant. Specially engineered sprayers have been built to spray all sides of young plants. Planes are sometimes employed to dust large areas. It's this kind of attention to every detail that makes Garden Mark stock outstanding and Wards famous nursery stock guarantee (above) possible.

6

Trees Have Been Pruned. Careful pruning while trees are still in the nursery row is necessary to sturdy growth. This is done by carefully trained experts. Fruit trees are "topped" at the correct stage to encourage strong branching. This is important, because weak branches are apt to break in wind just when loaded with fruit. Trees are root pruned and transplanted to allow them to develop.

7

Precious Root Systems are Saved. Careful digging may mean specially designed equipment in some instances, such as the shrub and tree digger shown above. This digger has a 3-ft. cutting blade that operates 18 to 24 inches below the soil surface.

4 WARDS CKSDFBA

8

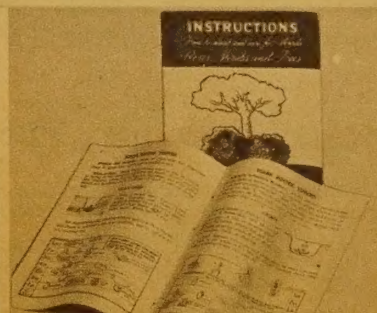

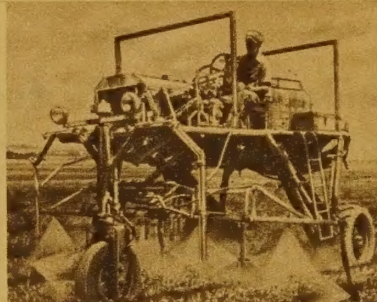

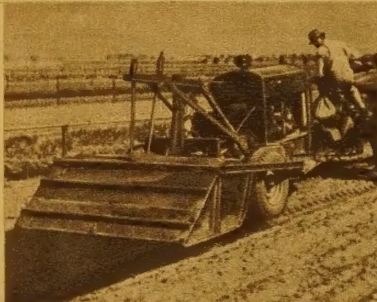

Grades and sizes are Accurate. Garden Mark Nursery Stock is carefully graded according to the standards of the American Association of Nurserymen. You can be sure that whatever you order will be the size stated in this catalog whether that be a tree or a tulip bulb. Size as determined by trunk diameter, number of canes and root development varies with the species.

9

Planting Instructions With Every Order. Garden Mark Nursery Stock comes complete with instructions for planting, pruning and caring for your plants. In this way you get the help of experienced nurserymen in every step from the time you unwrap your package until your plants are permanently planted. Follow this instruction carefully for greatest satisfaction.

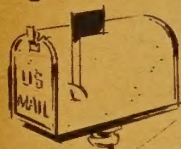

10

FREE DELIVERY on all Garden Mark Nursery Stock. Stock is Shipped Postpaid or Express Prepaid. The price you see in the catalog is the full price. Postage on a few trees would add considerably to the price quoted by those who do not pay postage. Plants are guaranteed to reach you in excellent planting condition.

11 IT'S EASY TO Order from Wards

By Mail

Wards Garden Book is really "America's Largest Garden Shop"—and it never closes. You can shop any time of day or night and select from nearly 1000 carefully selected garden varieties.

By Phone

If you live near a Catalog Store, Catalog Sales Department, or Retail Store, phone your order, and we will ship postpaid or express prepaid. Add Nursery Stock to your Monthly Payment account.

In Person

Make your selection from the Garden Book at home—then drop in at your Catalog Store or Retail Store Catalog Department to place your order. Your order will be handled promptly for you.

12 Three Credit Plans

HELP YOU LANDSCAPE YOUR HOME NOW AND PAY FOR IT LATER

Retail Stores, Mail Order Houses and Catalog Stores are located in every section of the United States as well as in Alaska. They are ready to serve you and help you choose the credit plan that will serve your needs best. Once established, your credit is honored at any Ward branch.

1. **Wards Convenient Monthly Payment Plan** provides basic credit—with 18 to 24 months to pay after a 10% down payment on your original purchase.
2. **Wards Add-On Plan** allows additional purchase without additional down payment to those having open accounts. Add \$10 or more without down payment.
3. **Wards Home Improvement Plan**—no money down and 36 months to pay helps you to landscape now.

See Page 61 for Further Details.

13 SAVE 10% or More—Watch for

Watch for these savings signals. They are your assurance of extra savings in every department. They bring you extra values too. Every one offers regular guaranteed stock specially priced to save you more.

14 Wards Offers Help in Landscape Planning

FREE Landscape Guide

- Planned by a Landscape Designer—Gives Professional Help
- Contains Complete Plans for Every Type of Home Planting
- Shows How to Adapt Plans to Your Own Home and Purpose

10 Pages of Helpful Information

A handy, easy-to-use booklet that simplifies landscape planning. Gives ideas for typical foundation plantings for various types of homes. Shows how to plan your back yard. Illustrates easy ways to divide your space into areas for outdoor living, service or play as well as garden. Extra planning tips will guide you in making your own plan. In fact, the booklet helps you make a more effective garden plan for your home.

Plans Are Keyed to Wards Zone Map

Unlike many landscape plans that call for plants difficult to obtain or not suited to many areas; the plans presented in Wards Landscape Guide include planting lists of plants zoned for your area, and offered for sale in this catalog. Tells number of plants to buy. Many alternates allow for plenty of variety wherever you live. Wards Garden Mark Stock in this catalog helps make your dream plan come true quickly and easily.

Combine Units to Make Your Plan

The plans presented in the folder may be used just as they are, or you may combine units to make a complete plan that will best suit your homesite. Although the plans include a number of alternate plants for each location you may wish to substitute other varieties that you prefer or that better meet your needs—considering sun and exposure. Keep in mind the size and shape and choose shrubs and trees accordingly. The plans are the work of a well known professional landscape designer, experienced in home landscaping and problems it presents.

Nothing to Buy—Nothing to Pay

Wards Landscape Guide is FREE. You are not obliged in any way. You do not need to buy now or later. We want you to have this booklet so you will see how easy it is, and how much fun it can be to put your planting ideas into plan form and carry out your plan over as long a period as necessary. We know that your satisfaction will be greater if you plan first and buy nursery stock that will fit into your plan. In this way you can have the thrill of real achievement.

Just write for the booklet today. It's brief, easy to follow and well illustrated.

ALL WARDS 5

Check these 5 Reasons

WHY YOU SHOULD BUY ROSES AT WARDS

1. All Wards Roses are accurately graded.
2. All have been field grown for 2 years.
3. All have withstood one winter, and have bloomed at least once in the nursery row.
4. All Wards Roses are covered with wax to preserve moisture stored within the canes.
5. All Bush and Tree Roses Guaranteed to bloom this Summer if planted in spring.

(See Above at Right Regarding Climbers.)

What You May Expect in Each Grade or Size

Grade A: This is the same as American Association of Nurserymen Grade 1½. Sturdy, well rooted branched plants with 2 or more canes. Bushes become bigger, fuller, and bear more flowers in succeeding years. An economical grade for gardeners who are willing to wait a year or two for a bigger bush.

Grade AA: This is the same as American Association of Nurserymen Grade 1. Plants have bigger roots and are heavier branched than Grade A, and have 3 or more canes. This size produces more roses the first two years than Grade A bushes.

Grade AAA: The giants of the nursery row. Plant is bigger than Wards AA Grade. Bushes are fuller and heavier, and usually produce more numerous blooms the first few years. Will immediately give your rose garden the appearance of being nicely established since it is the largest grade offered by the trade.

Patented Roses: The price of a patented rose bush is established by the patent owner. Patented roses shipped by Wards are Grade AA or larger as described above.

Why Wards Can Guarantee Satisfaction

During the 2 years that Wards roses have grown in the field they have received the best of care. They've been fed, watered, sprayed during this period. They are GUARANTEED disease-free. They are dug during dormancy, scientifically stored in an air conditioned humidified storehouse TO KEEP THEM DORMANT. This is important to their good growing start in your garden.

BUY ROSES ON MONTHLY PAYMENT

Enjoy the beauty of a big rose garden—enhance the value of your Property. Order now, pay a little each month. Refer to Page 61.

AMERICAN ROSE SOCIETY RATINGS

The American Rose Society has established a National rating system to help you choose roses. 10 is considered perfect; 9 to 10 outstanding, 8 to 8.9 excellent, 7 to 7.9 good, 6 to 6.9 fair, 5.9 or less is considered of questionable value. Over 90% of all Ward bush roses are rated 7.0 or better. Listed varieties that rate less than 7.0 are those in demand because of color, fragrance or performance. A few varieties have not been rated.

Grow Climbing Roses

- EASY TO GROW IN ALL ZONES
- GIVE MASSES OF COLORFUL BLOOMS

Reap a harvest of beautiful roses for a small initial investment. It pays to buy the best—and Wards sell the best—because once planted in the proper location, climbers bloom year after year. Easy to care for—here's all you have to do. Plant in a sunny, open location. Prune only to cut away dead wood as climbers bloom on wood made the previous year.

The climbers you plant this year will bloom next year and every year thereafter. A regular program of spraying or dusting will protect from insects and disease. Provide winter protection in zones 7 through 9. (Zone map Page 37.)

Paul's Scarlet—Favorite Climber Ea. \$125 Grade A

Garden Mark Special. Paul's Scarlet Climber Fenceline Planting. Blooms in June. One of the brightest, most popular climbers. Clusters of brilliant scarlet, semi-double flowers that will not burn or blue. Rated 9.1. 91MG5115—Fenceline Grade Ppd. 12–15-in. size. Ea. 95¢; 6 for \$4.80; 12 for \$9.00

Guaranteed to Bloom*

Tall, glamorous beauties for the rear of your rose beds, for specimen or accent planting. Grandiflora Roses combine the beauty of form and long stems characteristic of Hybrid Tea roses, plus the hardiness, clustering habit and blooming ability of Floribundas. Hardy all zones, but protect in zones 8 and 9. Plant 30 inches apart in spring or fall.

1 Garden Mark Collection of Grandiflora Roses. Postpaid. Save 75c.
91 MG 5212—Includes 1 each of B, C, and D.....3 for \$6.25

(B) **Queen Elizabeth.** AARS Winner in 1955. Blend of soft carmine-rose and delicate pink. Fragrant, high centered flowers up to 4 inches across on long, almost thornless stems. Fine for cutting. Large, glossy, deep green foliage. Rated 9.0. Plant Pat. 1259.
91 MG 5029—Shipped Postpaid.....Each \$2.50

(C) **Buccaneer.** Gold Medal Winner. Brightest, clearest, most lasting yellow of any rose in any class. Clusters of handsome, slender, tapering buds open into blooms 4½ inches across. Vigorous plants about 5 ft. tall. Excellent along a wall or fence. Rated 7.3. Plant Pat. 1119.
91 MG 5016—Shipped Postpaid.....Each \$2.50

(D) **Carrousel.** Gold Medal Winner. Dark crimson buds and rich, red, sun-fast flowers. Hybrid Tea shaped roses on long stems. Blooms freely and keeps repeating all summer. An erect plant about 4 ft. tall and bushy in habit. Fine for border planting. Rated 9.0. Plant Pat. No. 1068.
91 MG 5026—Shipped Postpaid.....Each \$2.00

Don't wait for the garden of your dreams. Buy enough roses for an effective display. Use Wards Easy Payment Plan. See Pg. 61.

(E) **Chrysler Imperial.** Top rated patented red hybrid tea rose. Rated 8.8. A.A.R.S. Winner 1953, and a top performer everywhere. Long, tapering, velvety, maroon-red buds unfold to beautifully formed enormous, crimson-red, high centered blooms. Has 40 to 50 petals. Keeps about a week when cut. Abundant dark green foliage down to base.
91 MG 5004—Plant Pat. 1167. Postpaid.....Each \$2.50

(F) **Burnaby.** Top rated patented yellow hybrid tea rose. Rated 8.0. Large, long pointed buds with a pink tinge, open to beautiful, big, high centered blooms of pale yellow with primrose center. Exhibition form with long stems and an abundance of leathery foliage on bushy plant. Rated 8.0.
91 MG 5006—Plant Pat. 1314. Postpaid.....Each \$2.50

(G) **Peace.** Top rated rose in "blended" group, and most highly rated of all roses. Rated 9.6. A.A.R.S. Winner in 1946. Exceptionally large, ivory-yellow blooms develop tinges of pink along outer edges as rose unfolds. A top show winner across the country. Very vigorous. Tall growing.
91 MG 5021—Plant Pat. 591. Postpaid.....Each \$2.50

(H) **Tiffany.** A.A.R.S. Winner in 1955. Immense blooms, unsurpassed in size and perfection. Pink and gold buds open into radiant pink flowers with a golden glow at the base. Long stems. Excellent for cutting. Wonderfully fragrant. No. 2 in rose rating in "blended" group. Rated 8.9.
91 MG 5031—Plant Pat. 1304. Postpaid.....Each \$2.50

How AARS Winners Are Picked

Roses that win the coveted AARS Award (All America Rose Selection), are the aristocrats of the Rose World. AARS maintains 24 test gardens throughout the U.S. Four plants of each rose to be tested are entered in each of these trial gardens by hybridizers from all parts of the world. Plants are scored by impartial judges for 2 years. At the end of the test period, scores from all gardens are compiled, and roses with highest averages are voted on by a board of master rosarians to determine whether or not they are worthy of the "Oscar"—the AARS tag. Of more than 800 varieties of roses tested thus far, only 50 have won the AARS award.

Top Rated Non-Patented Roses

GUARANTEED TO BLOOM

A specially selected group, chosen to give you prize winning quality varieties in a range of color, and at a low price. In an area 5 x 5 ft. you can have a complete rose garden that includes some of America's finest roses.

1 **Garden Mark Collection of Top Rated Non-Patented Roses.** Includes, 1 each of F, G, H and J. Shipped Postpaid in spring or fall.
91 MG 5213—GRADE A. (A.A. of N. Grade 1½)..... All 4 for \$4.50
91 MG 5214—GRADE AA. (A.A. of N. Grade 1)..... All 4 for 5.00
91 MG 5215—GRADE AAA. Largest size attainable..... All 4 for 6.35

- (F) 91 MG 5075—Picture. Rated 8.0. Considered to be one of the finest pink roses. Traces of salmon impart a warm glow. Perfect in bud and bloom. Ideal for bedding, and long lasting when cut. Delightfully fragrant. Blooms constantly and abundantly. Does well everywhere.
- (G) 91 MG 5061—Eclipse. Rated 8.1. Consistent prize winner because of the shape and coloring of its slim, tapering bud—sometimes 2 inches long. Golden yellow blooms throughout the season. Good everywhere. Strong, erect plant.
- (H) 91 MG 5050—Crimson Glory. Rated 9.1. Considered by most rosarians to be the best red rose ever developed. Referred to as "world champion". Exquisite deep crimson blooms with velvety nap. Spreading bush. Low priced because patent rights have expired.
- (J) 91 MG 5051—Countess Vandal. Rated 7.5. (Also Contesse Vandal). Considered "most artistic" by many rosarians. Gold medal winner. Salmon and pink with bright pink on reverse. Gold at base. Low priced because patent rights have expired.

Sweet Sixteen Collection

Finest Everblooming Hybrid Tea Roses—Guaranteed to Bloom*

Buy the Best Grade Available—Get Effect of Established Rose Garden

Non-patented roses on these two pages were either introduced before the time that plant patent laws were in effect, or their patents have run out. All have been carefully chosen to provide finest selection at lowest price consistent with top quality bushes. Ward Roses Shipped Postpaid.

Grade A is the same as American Association of Nurserymen Grade 1½. Plants are branched and are all well rooted. 2 or more canes.

Grade AA is the same as A.A.N. Grade 1. Plants have big root systems, are more heavily branched. 3 canes.

Grade AAA are the largest rose bushes available ... the giants of the nursery row. They are grown under ideal conditions and have unusually large root systems and fine, big tops. Only a small percentage of plants attain this grade. Give established appearance.

Add Roses to Your Easy Payment Account. There's no money down on an add-on order. See Page 61 for information. All Ward roses are shipped Postpaid for spring or fall planting, at proper planting time for your locality.

(J) Cl. Golden Pyramid

Extra Hardy Climbing Rose
Each \$1⁸⁵

PROTECT YOUR INVESTMENT

Add Satisfaction These 4 Ways

From the armchair in your living room, you can choose from one of the widest assortments of Nursery Stock in the United States. You'd have to drive many miles to see all the beautiful plants and trees pictured and described in this catalog. Here, you find rose varieties by the dozen; almost 300 perennials and bulbs, 119 shrubs, plus scores of trees, fruits and seeds. Follow the 4 rules below and the delight you have in finding what you want will continue.

1. Place Spring Orders By May 15

Avoid disappointment. In late spring plants often start growth and cannot be safely transplanted, so be sure to order early.

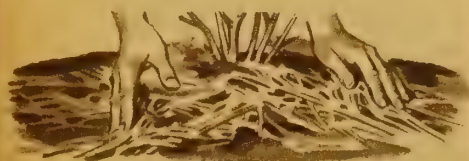

2. Plant According to Instructions

Take a few extra minutes to follow the simple planting instructions included with your nursery stock order. The extra care you take at planting time can make a great difference in future enjoyment of the plants you buy. These instructions for planting are designed to help your plant make continued good growth.

3. Provide Food and Water

Plants respond quickly to a little extra care. They should be watered often until established. Occasional cultivation, a little fertilizer, spraying or dusting treatments will be rewarded by lush growth, and a greater abundance of bloom and fruit. The time it takes to perform these tasks is usually the difference between ordinary results and outstanding success.

4. Protect Plants for Winter

The small amount of time you spend in giving plants necessary winter protection, will reward your efforts. A winter mulch on your perennial border will mean less loss of plants from ground heaving and more flowers next season. Protect in all but the most mild climates. Instructions sent with your order suggest simple methods.

Garden Mark Fruit Trees Are All Guaranteed

- TRUE-TO-NAMED VARIETY
- DISEASE-FREE AND INSECT-FREE

4 Reasons Why Wards Fruit Trees Will Please You

1 All Garden Mark Fruit Trees are from Bearing Proven Orchards. They get their start in the fertile, famous-for-fruit Yakima Valley in Washington state, and in other commercial orchard areas where each particular variety or type of fruit does best. Buds are selected from yield-proven orchards to assure fullest possible crop in your region. Trees are budded or grafted and planted in areas of rich soil where they get good growth and climate conditioning. Budding operation is shown in picture at right. The bud determines variety.

Fruit Trees Have Been Properly Shaped

2 All Garden Mark Fruit Trees have been topped and carefully pruned by experts. This extra care in the nursery row is to provide proper branching where main branches join the trunk. Unless this is done properly, a branch may split from the tree just when it's loaded with fruit. Sometimes, if not properly pruned, it will split in heavy wind. Wards sources for fruit trees are among the largest wholesale growers of fruit trees, and have worked to develop the most modern methods used to produce good trees.

Agricultural College Experts Double Check Growing Fields

3 Trees are examined for trueness-to-name and freedom from disease. Trees are sprayed periodically to maintain clean, healthy growth. Specialists from state agricultural colleges in various areas regularly examine the growing fields to assure that every **Garden Mark Fruit Tree** is true to named variety. State inspections assure freedom from disease and insects. This extra special care makes it possible to guarantee Garden Mark fruit trees. (See Page 4 for guarantee).

Caliper Trunk Diameter—Not Height, Governs Grade of Tree

4 You get Accurate Size and Grade. That's an important point when you buy fruit trees. The American Association of Nurserymen has set up standards for grading, and Wards sources observe these standards strictly. When you buy a fruit tree at Wards the size is stated in this catalog, and you can be sure of getting the size you order. These standards are not the same for all fruits, because of the difference in growing characteristics within a particular period. Peaches, for example make smaller trees than apples at the same stage of growth. Most fruits are offered in more than one size. For most home gardens the larger sizes have been popular because they produce fruit a little sooner. Choose the size that meets your need.

Small Size

Commercial orchardists usually buy small size fruit trees. If you are planting a large orchard and time is not an element, small size trees are a good way to economize. Trees of this size are easy to transplant, easy to shape and will take root very readily.

Standards for small size fruit trees are 3 to 4 ft. tall and trunk diameter (or caliper) is $\frac{1}{16}$ inch to $\frac{9}{16}$ inch.

Peach Trees come smaller than other fruit trees. They are 2 to 3 ft. tall and trunk diameters are $\frac{5}{16}$ to $\frac{7}{16}$ inches. Their rapid growth soon makes up this difference.

Large Size

This is a good size for general home planting. Roots are heavier, branches more numerous and stronger, and they usually bear a heavier crop the first few years. This is the size usually chosen for small farm and home orchard planting.

Apple, Pear and Plum trees have a standard size of 5 to 6 feet. Trunk diameter (caliper) is $\frac{11}{16}$ to $\frac{7}{8}$ inches. Other fruits vary in size due to their particular growing characteristics. These include Peaches, and Sweet and Sour Cherries. Apricot trees are offered in one size only.

Quick Crop Size

The cream of the crop in the nursery row. Extra large, extra heavy tree. Better branched and often bear a little sooner than ordinary large trees. Apple, pear and plum trees are 5 to 7 ft. in height. Trunk diameter (caliper) is $\frac{7}{8}$ inch to 1 inch. Peach and Sweet and Sour Cherry trees are smaller in Quick Crop size due to their varying growth characteristics.

Quick Crop size is ideal for the average home owner. They give you the thrill of picking fruit sooner, and they make a good appearance very quickly.

Dwarf Fruit Trees Grow 8 to 10 ft. tall—Bear Regular Size Fruit Earlier

Dwarf Fruits are increasingly popular because the back yard gardener can enjoy a number of different kinds of fruit within a small area. These trees may be planted only 12 ft. apart. You can plant 9 trees in the same space occupied by one regular size tree. Trees are easier to spray, fruit is easier to pick. Dwarf Fruit trees usually bear sooner than same varieties on regular size trees. Wards Garden Mark Dwarf Fruit Trees come with heavy roots and strong branches. Size of tree and trunk diameter varies and are given on Page 19 where Dwarf Trees are sold.

Free Delivery on All Nursery Stock

Fruit Trees are shipped Postpaid or Express Prepaid depending on size of tree. Nursery Stock is shipped direct from the nursery at proper planting time for your locality. Bear in mind, when comparing prices: if you had to pay the shipping costs, in some instances this would be as much as the cost of a single tree. The minimum Express charges are \$2.22 to send a 6-8 ft. tree a distance of 300 miles.

Buy Fruit Trees NOW and Pay Later

Don't wait to get the benefit of fruit. *Plant Now.* You may add to your present easy payment account if you have an order of \$10 or more. You may often do this without increasing your monthly payments. A \$20 order will enable you to open a new account. Buy your fruit trees now and they can be growing while you pay for them. You'll get the advantage of having fruit sooner.

See Wards Monthly Payment Plan outlined on Page 61.

Two Year Field Grown Apple Trees 3-4-ft. size Postpaid Each \$1⁴⁵

Wards Apple Trees are budded or grafted from bearing-proven orchards. Root stock is grown in one of the most fertile apple-producing valleys of the west. Two-year field grown trees are grown in an area well known for fruit. They are pruned for heavier growth, sprayed for healthy development, and state-inspected for freedom from insects and disease. Apple trees are hardy through Zone 8 except where noted. Thrive best in well-drained locations such

as gentle sloping hillsides, but will grow in almost any soil even when not specially fertile. Plant at least 2 varieties for bigger yields and proper pollination. Plant 30 to 40 ft. apart. Summer apples ripen early to midsummer; fall apples in late summer and early fall; and winter apples in fall. Shipped Postpaid in spring or fall. Trees larger than 4-5 ft. shipped prepaid express. Be sure to state nearest Express office. Read Wards Guarantee—Page 4.

Apples for Early and Late Fall—Late Fall Varieties Best for Winter Storage

91 MG 6115—**Baldwin**. Heavy producer. Bright red fruit is large, smooth. Good for eating or cooking. Crisp, juicy. Fine shipper. Ripens late fall.

91 MG 6116—**Dark Red Jonathan**. Improved strain with deeper, richer coloring. Crisp, juicy flesh. Very hardy. Easy to grow. Heavy bearer. Delicious flavor. Stores well. Thrives almost anywhere. Ripens in fall.

91 MG 6108—**Double Red Delicious**. Bears sooner than the regular Delicious. Extra large 5-knob apples. Fine-grained, crisp and juicy. Ripens late fall.

91 MG 6111—**Red Rome Beauty**. (Gallia Beauty). Famous for its exquisite flavor. Solid red. Firm, sweet, crisp and juicy. Keeps all winter. Hardy through Zone 7. Good for eating, drying, baking, cooking. Ripens late fall.

91 MG 6112—**Stayman Winesap**. An established favorite. Large, red, juicy fruit. Spicy flavor. Tree is a vigorous grower and comes into bearing early. Reliable, big crop producer. Hardy through Zone 7. Ripens late fall.

Pear Trees 3 to 4-ft. size, Postpaid Each \$1⁸⁵

All Wards Pear Trees are healthy, dependable, easily-grown varieties. Wards ship sturdy 2-year old trees, vigorous and well rooted. All have been sprayed and pruned for proper growth. All are budded or grafted from bearing orchards to assure choice fruit. Pear trees are hardy and will thrive wherever apple trees grow, but produce better in clay loam. At least two varieties should be planted for proper pollination and best yield. Plant 30 to 40 ft. apart, spring or fall. Shipped Postpaid. See Page 19 for Dwarf Pears.

91 MG 6201—**Bartlett**. Best early pear. Most popular for eating fresh. Bears enormous crops of large, fine-grained yellow fruit. Juicy, sweet, excellent flavor. Best pear for canning and home uses. Unusually disease-resistant. A good pollinator.

91 MG 6202—**Douglas**. Combines hardiness with richer flavor, finer texture, and more attractive appearance than Bartlett. Golden-yellow with pink shading. Flesh is tender and juicy. Trees bear early, often 3 years after planting. A good pollinator for other varieties.

91 MG 6203—**Kieffer**. Large, yellow fruits with vermillion blush. Crisp, juicy flesh is ideal for canning. Good winter keeper. Successfully grown in extreme Southern States. Blight resistant. Good pollinator.

91 MG 6205—**Seckel**. Rich, spicy, extra juicy. Small, russet-yellow fruit, bronze cheek, firm flesh. Good for eating fresh, excellent for pickling. Hardy. Blight resistant.

91 MG 6206—**Clapp Favorite**. Largest lemon yellow fruit with a dark red blush. Rich, juicy, delicate flavor. Hardy, blight-resistant trees.

Summer Apples

91 MG 6107—**Yellow Delicious**. Glossy, golden fruits. Same size, shape as Red Delicious. Crisp, firm, creamy yellow flesh, tangy flavor. Good winter keeper. For cooking or eating fresh. Good pollinator. Ripens late fall.

91 MG 6104—**McIntosh Solid Red**. Red apple, white flesh. Tender, juicy. A good bearer. For eating, cooking, drying, cider. Ripens early fall.

91 MG 6105—**Wealthy**. Big red and green striped apple. Firm white flesh, tender, juicy, wine-like flavor. Ideal for market. Heavily productive while young. Ripens early fall.

Hyslop Crab Apple

91 MG 6125—Considered one of the best Crab Apples. Brilliant red with deep red cheek. Firm, tangy, tart and delicious. Tender flesh. Small tree; easy to harvest. Produces large crops.

91 MG 6102—**Duchess Red**. (Van Buren Strain). Red fruits, somewhat striped. Unusually hardy. Tender and juicy. Excellent for cooking. Good shipper. First red to ripen.

91 MG 6113—**Yellow Transparent**. Large, yellow fruit. Flesh is crisp, white, sweet, juicy. Good pollinator. Big crops even after severe winters. Grows almost everywhere.

Save on Small Trees

 **Garden Mark Bargain Orchard.** Includes 1 Double Red Delicious, 1 Yellow Transparent, 1 Red Jonathan and 1 Red McIntosh. Unbranched, 1-yr. whips. Shipped Postpaid.

91 MG 6171—3-4 ft. 4 for \$3.65

Plum Trees 3 to 4-ft. size, 1 to 3, Postpaid Each \$1⁸⁵

Wards Plum Trees are stocky, 2-year old field-grown; healthy, vigorous and disease-free. Sprayed and pruned frequently during their development to give you the finest stock possible. These varieties were selected because they have proven to be the most suitable and hardy. Hardy in zones 1 through 8. Plant in protected location in zone 8. See zone map on Page 61. They thrive best in a medium-heavy soil. For best pollination and fruit, plums require at least two varieties, 18 to 22 ft. apart. Plant in spring or fall. Shipped Postpaid.

91 MG 6511—**Bradshaw**. Freestone. Very large size, attractive dark violet color. Keeps well, a good shipper. Red, juicy flesh has a fine flavor. Extremely productive. Ripens early.

91 MG 6507—**Green Gage**. Semi-clingstone. Very popular, large, yellow-green fruit. One of the sweetest and one of the best late plums. For canning or eating fresh. A good commercial variety, but not suited to extremely cold sections.

91 MG 6510—**Burbank**. Small Clingstone. One of the hardiest Japanese plums. Bright, cherry red fruit is very large. Meaty, amber flesh has a rich, sugary taste. Bears heavy crops even when young. Ripen after Abundance. Good pollinator. Excellent for jams and for dessert use.

91 MG 6514—**Abundance**. Freestone. Oval fruit, cherry red. Light yellow flesh; firm, yet tender, juicy and very sweet. Grow rapidly, young bearing. Keeps well. Pollinator.

91 MG 6506—**Italian Prune**. Fellenberg Prune. Freestone. Finest blue plum—leading commercial variety. Medium-large fruit is dark purple with firm, juicy, yellow flesh. For drying and canning. Thrives under almost all conditions. Heavy bearing.

REAP 2-WAY BENEFITS WHILE SAVING WITH WARDS LOW PRICES

Peach Trees 2 to 3-Ft. Size—Each \$1.25 Postpaid

Wards Peach Trees are vigorous, dependable, selected strains. Often bear in three years. Produced from heavy bearing trees, carefully pruned and cultivated in the Nursery row to insure perfect development. May be grown in sheltered positions where winters are not too severe and springs are not so late that blossoms may be harmed by late frosts. One of the most dependable of all fruit trees for home gardens. May be planted spring or fall in zones 1 through 5, spring only for zones 6 and 7. Not suitable for zones 8 and 9. Not suited for upper Michigan except part in zone 6, or upper Wisconsin, even though they are included in zone 7 on our map. Shipped Postpaid at proper planting time in your locality.

91 MG 6403—**Elberta**. Midseason yellow freestone. Medium oval shaped fruits with rosy blush. Most popular of all peach varieties for home freezing or canning. Firm, fine grained flesh is juicy and full of flavor. Self pollinating.

91 MG 6402—**Early Elberta**. Yellow freestone. Ripens about a week before Elberta. Large size fruit is lemon yellow with a crimson blush. Firm, juicy, delicious yellow flesh keeps its color when canned. Excellent quality peach for local markets. One of the best for canning. Self pollinating.

91 MG 6406—**Hale Haven**. Early yellow freestone. Large round fruit is red and yellow before maturing—a real market advantage. Rich sweet flavor when tree-ripened. Good for freezing. Heavy producer, bears when young. Ripe 2 weeks before Elberta. Self pollinating. Hardy.

Buy Dwarf Fruit Trees from Page 19

91 MG 6413—**Polly**. Midseason. Large, freestone fruit is creamy yellow and crimson. Flesh is white, firm, juicy and richly flavored. Stays firm when canned. Begins to bear young, and produces heavily. Withstands cold to 20° below zero. Ripens just before Elberta. Self pollinating.

91 MG 6407—**J. H. Hale**. Midseason yellow freestone. Larger fruit than Elberta. Solid golden yellow flesh, tender and free from grain. Small pit. Ripens just before Elberta. Plant with a good pollinator. Fine for freezing, canning and dessert.

91 MG 6405—**Golden Jubilee**. Yellow freestone. Matures 20 to 24 days before Elberta. Very hardy. Usually blooms after danger of frost. Medium to large size golden fruit; fine grained, delicious juicy flesh. Self fertile and a good pollinator for other varieties. Early shipper. Good for market.

Rich Haven—Delicious New Variety

91 MG 6408—**Rich Haven**. Famous Michigan Haven family. Matures early—about 14 days before Elberta. Fruit large, uniform size, shape, practically fuzzless. Bright gold color with red blush. Medium textured. Free-stone. Thick, tough skin makes it ship without damage. Excellent for canning. Withstands severe cold. Self-pollinating. Prices at left.

Juicy Cherries, Sweet and Sour Varieties

The most delicious fruit is that which you pick from your own trees. Cherry trees are easy to grow and will provide sun-ripened fruit for eating, canning and pies. Wards varieties produce high quality fruit on vigorous, dependable trees. Budded on Mahaleb understock to assure extra hardiness and good root system. Thrive in almost any well drained soil. Pruned for sturdier growth. Add these to your garden. Wards ship healthy 2-year trees. Shipped Postpaid at planting time, spring or fall.

Easy-to-Pick, Hardy Sour Cherries

A low headed strain grows only 12 to 20 feet tall with usual pruning. Fruit is down low, easy to pick. Spraying is easier. Fruit gets sun and air. Sour cherries are self pollinating. Hardy in zones 1 through 8. Plant 20-25 ft. apart.

91 MG 6308—**Early Richmond**. Usually the earliest sour cherry. Large size bright red fruits are tender and juicy. Excellent for pies. Bears fruit very young and bears heavily.

91 MG 6310—**Montmorency**. Best Sour cherry. Fruit is large, dark red, firm. Exceptional flavor. Excellent keeping qualities. For canning, pies and freezing. Very hardy. Bears large crops. Ripens 10 days after Early Richmond. Grown from certified virus free budwood.

Heavy Producing Sweet Cherries

Yield big crops in locations where peach trees do well. Plant 25 to 30 feet apart in well drained soil. At least two varieties are needed for proper pollination. Hardy in zones 1 to 7.

91 MG 6301—**Black Tartarian**. Purplish black. Fruit is firm, sweet and highly flavored. Good pollinator. One of the best for home and market. Grown from certified virus-free budwood.

91 MG 6304—**Yellow Glass**. Yellow, transparent skin. Very sweet. Hardy to -20°. Heavy bearer.

91 MG 6307—**Bing**. Very large, dark red heart shaped cherries with glossy skin. Firm, meaty, tasty. For shipping or freezing. Grown from certified virus free budwood.

Garden Mark Freestone Apricots

Wards apricot trees are well rooted, pruned, sprayed and come to you disease and insect-free. Thrive and produce a crop wherever peach trees grow. Most varieties self fertile, but for best results, plant both varieties listed for proper pollination. Plant in sunny, well-drained location. Zones 6 and 7, plant in spring only; spring or fall in zones 1 through 5. Not suited for zones 8 and 9.

1-3 Each \$1.35...4 or more Each \$1.15

Celeste. An old favorite. Very hardy. Med. size, brown fruit, sweet, excellent. Prolific bearer. Good for eating fresh, cooked or preserved. Widely planted.

91 MG 7588—2-3-ft. size. Postpaid.
1-3 Each \$1.35...4 or more Each \$1.15

Popular Orchard Plan

Plan shown below provides plenty of fresh fruit for the average family from an area 48 by 48 ft. (Wards planting guide included with your nursery stock order, shows other plans.) The site selected must be sunny, airy, well-drained and have fine, smooth soil, well-fertilized.

Most fruit trees need to be pollinated for best fruiting. Use one good pollinator for every 6 to 8 trees. In small plantings a neighbor's tree may serve the purpose, but it should not be more than 100 feet away.

Wards popular orchard plan below provides 4 apple trees, 4 peach trees, 2 pear trees, 2 plum trees and 1 sour cherry tree. Berry bushes may be used between rows. G is Gooseberry; C is Currants; BR is Black Raspberry. These bushes are sold on Pages 21 and 23 of this book. Dwarf Fruit Trees may be found on Page 19.

Pick Quick Crop Fruit Sooner

BEST SIZE FRUIT TREE FOR SMALL ORCHARD OR BACK YARD

Quick Crop Trees Have A Head Start—are much larger than regular fruit trees because they're field grown for 3 years. Their trunks are greater in diameter and taller, and their root systems are more rugged—ready to deliver a greater amount of moisture and plant food. Trees are popular for ornamental as well as fruitful value too, since they display bloom and size much sooner.

Quick Crop Trees Cost Little More—and this cost is negligible, you will agree, when you consider that you begin to harvest fruits much earlier than with ordinary trees—usually in two or three years after planting. For proper pollination and best results with your fruit crop, plant at least two varieties of all trees except the Sour Cherry, which is self-pollinating—one tree alone will bear.

Quick Crop Trees are 5 ft. Or More in Height. Apples, Cherries, Pears and Plums average about $5\frac{1}{2}$ ft. in height, have trunk caliper from $\frac{7}{8}$ to 1 inch. Peach trees, which are by nature smaller at maturity, will average 5 to 6 ft. in height, have trunk caliper of at least $1\frac{1}{16}$ in. Sketch and selections in lower left corner will aid you in planning your own orchard. Descriptions of more fruit trees may be found on Pages 15 and 17.

All Quick Crop Trees Shipped Prepaid at Proper Spring and Fall Planting Time. State Nearest Express Office.

Quick Crop Apple Trees—Lots of 4 or More, Each \$2.75

91 MG 6160—**Double Red Delicious.** Bears sooner than the regular Red Delicious. Often produces fruit 2 to 3 years after planting. Extra large, 5-knob apples. Fine-grained, juicy flesh. Considered the King of all red apples. Brings high market prices. Always a popular apple. Ripens in late or mid-fall. Grows almost everywhere. Keeps well.

91 MG 6164—**Yellow Transparent.** Large, waxy yellow fruit. Flesh is crisp, white, sweet and juicy. Favorite for sauce. Begins to bear at an early age. Good pollinator for other varieties. Bears big crops even after severe winters. Grows almost everywhere. Ripens early to midsummer.

91 MG 6165—**McIntosh, Solid Red.** Beautiful red apple with contrasting snow-white flesh. Retains brilliant crimson color after picking. Flesh is tender and juicy. Extra hardy, long lived, productive. Ripens in late summer. Keeps well.

91 MG 6166—**Winesap, Stayman.** Vigorous tree, bears early. Large, attractive red fruit striped greenish yellow. Tender, fine-grained, juicy fruit with spicy flavor. Keeps well. Ripens late fall.

91 MG 6169—**Yellow Delicious.** Glossy, golden yellow. Crisp, firm, creamy yellow flesh. Tangy flavor. For cooking or eating fresh. Good winter keeper. Productive. Good pollinator.

Quick Crop Pears—4 or More, Ea. \$2.95

Easy to grow. Require minimum care in garden.

91 MG 6260—**Bartlett.** Best early pear. Enormous crops of large, yellow, beautifully formed fruit. A national favorite. Fine-grained; excellent flavor. A good pollinator for other pears.

91 MG 6261—**Kieffer.** Crisp, juicy flesh. Delicious flavor. Large yellow fruit with vermilion blush. Hardy tree is blight-resistant. A good pollinator for other varieties. Ripens after Bartlett.

91 MG 6262—**Clapp favorite.** Largest lemon yellow fruit with red blush. Rich, juicy, delicate flavor. Ripens about 14 days before Bartlett. Hardy, blight-resistant trees. Plant with a good pollinator.

Quick Crop Plums—4 or More, Ea. \$2.95

Plant 2 varieties for proper pollination.

91 MG 6566—**Superior.** Rich dark red fruit. Sweet, juicy, light yellow flesh. As large as many California plums. Clingstone. Very hardy and vigorous. Bears heavily and begins bearing quickly.

91 MG 6563—**Abundance.** Freestone. Amber blending into dark red. Sweet flesh. Good pollinator

91 MG 6564—**Burbank.** Very hardy European type. Large red fruit. Rich, juicy. Good pollinator.

91 MG 6568—**Italian Prune.** Also called Fellenberg Prune. For canning or drying. Oval, purple fruit with yellow sweet flesh. Freestone. Heavy bearing.

Quick Crop Peaches—4 or More, Ea. \$2.25

Be sure to see Page 17 for hardiness information.

91 MG 6460—**Elberta.** Midseason. Yellow freestone. Oval fruit with rosy blush. Most popular of all peaches for all home uses. Self-pollinating.

91 MG 6461—**J. H. Hale.** Midseason yellow freestone. Larger fruit than Elberta. Solid golden yellow flesh, tender, free from grain. Plant with a good pollinator. Fine for canning, freezing.

91 MG 6464—**Golden Jubilee.** Yellow freestone. Matures early. Flesh is juicy, delicious. Very hardy. Blooms after danger of frost. Self-fertile. Good pollinator. Good for market, home use.

Quick Crop Cherries—Low as \$3.35 Ea.

91 MG 6361—**Montmorency.** Sour Cherry. An old favorite in home gardens. Deep red, firm, fine flavored. Keeps well. Excellent for canning, freezing or pies. Makes a low headed tree. Easy to pick. Self-pollinating. Hardy zones 1 through 8.

91 MG 6362—**Bing.** Sweet. Very large. Dark red, heart-shaped fruit with glossy skin. Firm, meaty, tasty flesh. Ideal for eating fresh or freezing. Ripens in June. Hardy in zones 1 through 7.

91 MG 6365—**Black Tartarian.** Sweet. Purplish-black. Firm, sweet and highly flavored. Good pollinator for other sweet cherries. One of the best for home and market. Hardy zones 1 through 7.

- One tree requires a space only 6 ft. by 6 ft.
- Same high quality fruit as on standard size trees.

Full Size Fruit from Dwarf Size Trees

DWARF FRUIT TREES—8 TO 10 FEET TALL AT MATURITY

Dwarf Fruit Trees bear sooner than large trees—often in two years. They're easy to spray and care for, and easy to harvest. In spring they are a mass of bloom; throughout summer the ripening fruit is ornamental; and at harvest time enjoy tree ripened fruit from your own

"pint size" orchard. Plant at least two varieties for proper pollination of apples and pears. Plant in spring or fall. Sour cherry and peaches which we offer, are self-pollinating. Climate requirements are the same for dwarf trees as for standard trees.

Dwarf Pear Trees Each \$335

91 MG 6215—**Bartlett**. Best early pear. One of the finest for eating and canning. Produces big crops of large, well flavored fruit. Good pollinator.

91 MG 6216—**Clapp Favorite**. Large lemon yellow fruit with a dark red blush. Rich, juicy, delicate flavor. Hardy, blight-resistant trees.

91 MG 6219—**Flemish Beauty**. Yellow, honey-sweet fruit. Very hardy. Excellent for canning. Medium to large.

Prices of Above Trees Postpaid

3-3½-ft. size, ⅝-in trunk diam.

1-3 Ea. \$3.35, 4 or more Ea. \$3.20

Dwarf Peach Trees Each \$350

91 MG 6441—**Polly**. Freestone Creamy yellow with a crimson blush. Flesh is white, firm juicy, with a rich flavor. Remains firm when canned. Withstands cold down to 20 below zero. Ripens before Elberta. Self-pollinating.

91 MG 6440—**Elberta**. Yellow freestone. Medium size. Oval shape with rosy blush. Most popular Peach variety. Firm, fine-grained, sweet flesh. Self-pollinating.

Prices of Above Trees Postpaid.

2-3-ft. size, ⅞-in. trunk diam.

1-3 trees. Ea. 3.50, 4 or more Ea. 3.25

Dwarf Apple Trees Each \$395

91 MG 6145—**Red Delicious**. Ripens in fall. Flavorful, juicy, firm-fleshed.

91 MG 6147—**McIntosh**. Ripens in fall. Crimson apple with snow white flesh. Tender and juicy. Delicious flavor.

91 MG 6149—**Red Jonathan**. Ripens in fall. Crisp, tender, juicy apple.

91 MG 6146—**Yellow Delicious**. Golden yellow, Crisp, firm, creamy flesh. Grows almost anywhere. Pollinator.

Prices of Above Trees Postpaid.

Delcon Dwarf Apple

3-3½ ft. size Ea. \$295

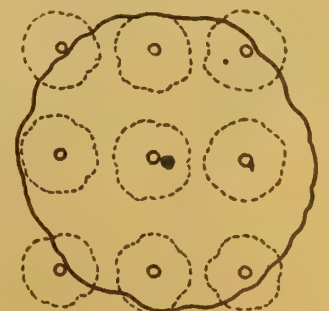

Recent development in Dwarf Fruits. Beautifully formed, decorative tree. Fruit resembles both Red Delicious and Jonathan apples, for flavor. Flesh is fine-grained, juicy. Ripens about 10 days before Red Delicious. 3-3½-ft. size. ⅞ to 1⅛-in. trunk diameter.

91 MG 6143—Postpaid. Each \$2.95

4 or more.....Each 2.85

ENJOY A "PINT SIZE" ORCHARD.

Dwarf trees may be planted 12 ft. apart; you can make an entire orchard in a 36-ft. square; apples, peaches, pears and cherries. (See chart below.) Plant 2 varieties to insure pollination except Sour Cherry, which is self-pollinating. Plant Dwarf Fruit Trees in well-drained soil in full sun.

Dwarf Max-Red Pear

3-4 ft. Each \$385

Featured on Cover. Bartlett parentage, with all qualities of Bartlett strain, plus added appeal of the rich, red skin coloring. Color does not carry through into the fruit. Firm, fine-grained flesh exceptionally sweet; has 10% more sugar than Bartlett. Plant Patent No. 741. 3-4-ft. size. ⅞-in. diam. trunk. Postpaid.

91 MG 6220—
1 to 3 trees.....Ea. \$3.85
4 or more trees....Ea. 3.75

Dwarf Cherry No. Star

3-4 ft. Each \$395

Dwarf North Star, sour cherry developed for early ripening. A productive strain. Large, tender fruit is bright red but gradually changes to dark mahogany. Stone is small, easy to remove. The tree is small, easy to spray and pick. Self-fertile. 3-4-ft. size. Trunk diam. ⅞ in. Ship. Postpaid.

91 MG 6374—
1-3 trees.....Ea. \$3.95
4 or more trees...Ea. 3.75

Dwarf Rich Cherry

2-3 ft. Each \$335

(Sour.) Grows only 6 ft. tall, almost as wide as it is high. Landscapers favorite because it's so ornamental even during winter when its branches make a striking silhouette. Covered with white flowers in spring, bright red fruit in summer. Tastes like Early Richmond Sour Cherry. 2-3-ft. size. Trunk diam. ⅞ in.

Berries for Pies, Preserves, Freezing—All Plants Shipped Postpaid

Blueberries 2-Year Size, 2 for \$2.85

Blueberry bushes will last a lifetime with ordinary care. Grow best in a sandy, acid soil. These thornless bushes make picking easy—fruit is well off the ground. Sweet, tender berries are excellent for freezing, canning, pies or eating fresh. For best fruiting, plant two varieties 5 to 8 ft. apart. Wards offer both 2-yr. and 3-yr. Blueberry plants, all Grade No. 1. Shipped spring only Zones 1 through 8. Not hardy in zone 9. See Zone Map Pg. 37 for advice on your area.

91 MG 6820—**Jersey**. Ripens midseason. Vigorous, hardy, upright bushes. Extra large, light blue berries. Firm, sweetly-flavored.

91 MG 6818—**Rancocas**. A heavy crop of medium to large size fruit of very fine flavor. Vigorous and hardy. Prune heavily. Early.

91 MG 6819—**Rubel**. Ripens late. Large very luscious berries. Hardy. Good shipper.

Grow Your Own Berries, Enjoy Fresher Flavor

Raspberries—SHIPPED POSTPAID—Cumberland—10 Plants for \$240

SAVE OVER 20%

Money-Saving Raspberry Gardens

One of the most profitable of all small fruits. Easy to grow—require little attention. Yield big crop in two years. Enjoy a long season by choosing some early, some midseason, and some late varieties. Raspberries are hardy in zones 1 through 8, but thrive best in zones 4 through 8. Black Raspberries require winter protection in zones 7-8; see Zone Map, Page 37. Red Raspberries are more hardy. All plants are Grade No. 1, state inspected, certified disease and insect free. Plant 3 to 4 ft. apart in rows 6 to 7 ft. apart in spring or fall. Postpaid.

91 MG 6700—**Durham Red.** (Red). Enjoy fresh red raspberries from early summer until frost. A wonderful berry for the home garden—delicious for eating fresh, preserving or freezing. Produce a large crop on the old canes, then in just a few weeks new canes start bearing and continue right up to freezing weather. Fruit medium to large, attractive red color and of firm quality. Healthy, vigorous and very hardy. Produce a tremendous crop. Canes grow 3 to 3½ ft. high; just the right height for picking.

91 MG 6705—**Indian Summer.** (Red). Very large, ever-bearing, deep red raspberries. One of earliest to ripen in summer. Bears another crop in fall. Tall, heavy growers. Rich sweet-flavored berries with small cavity—very fine for home use and profitable for market because they ship so well.

91 MG 6704—**Latham.** (Red). Ripens midseason. Large crops of giant size red raspberries. One of best flavored and most productive. Delicious—fine for jam, jelly, sauce or eating fresh. Desirable for freezing. Very hardy—withstands weather to 45° below zero. Ships well. Excellent commercial variety.

State Catalog Number and quantity. Postpaid.

Latham	—	2.60	5.20	17.95

91 MG 6702—**Blackhawk.** (Black). Exceptional new variety. Originated at Iowa State College. Proved to be the most productive and hardy of all black cap raspberries tested during a 20-year period. Mid-season berry with large flavorful, glossy black fruit that is firm and does not crumble. Excellent for freezing, and even when canned, berries retain their original form. You will be delighted with the performance of this new berry. Fruit borne on surface of branches, easy to pick.

91 MG 6706—**Cumberland.** (Black). A giant size mid-season blackcap that bears large quantities of glossy black berries on stout, stocky canes. Very hardy, disease-resistant, easy to grow. Delicious sweet flavor. A favorite with home and commercial canners. Good shipper. Satisfactory for freezing.

91 MG 6712—**Sodus.** (Purple). This Reddish-Purple cross between Red and Black raspberries is very popular. Big, firm berries do not crumble. Tart, delicious, distinctive flavor. Excellent for freezing. Productive, heavy yielder. Has fewer briars. Very hardy—well adapted to cold or dry weather. Late.

Enjoy the Bigger Crops You Get With the Right Variety

If you plant a strawberry variety recommended for your state you'll have a bumper crop instead of just an average crop under the same growing conditions. In order to serve you better than ever before we asked an outstanding authority on strawberries to make a survey for us. The survey covered 54 Experiment Stations and Sub-stations throughout the United States. The varieties offered on this page are based on this survey.

In a state like Illinois, with widely different climate, the recommended varieties vary. Consult your county agent or a successful gardener in your area before making your selection.

Wards healthy plants reach you with big, husky roots, ready to produce the maximum in quality and quantity. Plant Strawberries in a sunny position, 15 inches apart in rows 30 inches apart in spring or fall. (Commercial plantings require more space.) Strawberries are self pollinating. Thrive in all zones. Seasonal strawberries produce a crop in spring only. Everbearing strawberries bear over a three-month period from spring through fall—bear fruit first year. Begin to yield 60 to 90 days after planting.

Large Prize-Winning Gladiolus

GUARANTEED TO BLOOM OR BULBS WILL BE REPLACED

All Plump, Healthy, Disease-free Bulbs. Wards Gladiolus Bulbs are carefully grown and scientifically stored to retain their ability to produce large, full spikes of bloom. Scientifically treated to prevent thrips.

Very Easy to Grow. Require little care. Thrive in any garden soil with good drainage, fertilizer, and plenty of water throughout the growing period. Plant 6-7 in. apart in spring only, in full sun after danger of frost is past.

Grade No. 1. Bulbs are 1½ inches or more in diameter. Produce fine, exhibition type bloom. Sometimes grow more than one spike per bulb.

Grade No. 2. Bulbs are 1¼ to 1½ in. in diameter. Blooms and spikes are somewhat smaller than Grade No. 1, at left, but satisfactory in every way.

Grade No. 3. Bulbs are 1 to 1¼ inches in diameter. Blooms and spikes are small and short, but good for cutting. Plant early for best results.

Bloom 80 to 90 days after Planting. For cut flowers all summer, make 5 or 6 plantings about a week apart beginning as soon as the ground is warm. Dig bulbs in fall, clean and store in open trays in a cool, dry place where rodents will not be able to reach them. See chart Page 28.

Bulbs are graded for size according to standards recognized by New England and Illinois Gladiolus Societies. Postpaid direct from Nursery beginning in Jan. up to June.

24 WARDS BA

Giant Gladiolus

- All 5½ in. across
- All exceptional varieties

At Fairs and Garden Shows, or in your own back yard, these Glads. will delight all who see them. All are winners recognized by the North American Gladiolus Council. All are officially classified as having florets 5½ in. or more across—the largest size recognized by the Glad. Council. Each is the result of years of careful breeding to give you larger, fuller spikes with many more florets open at one time. Bloom in mid-season.

① **Garden Mark Collection of Giant Glads.** Buy this collection and save \$1.05 over individual prices listed below. 3 ea. of 4 below. Postpaid.

91 MG 3250—12 Grade 1 Bulbs; \$1.95

② **91 MG 3127—Purple Barma.** Heavily ruffled, rich deep purple color. Suede-like florets have velvety texture. Fine long heads. A vigorous grower of medium height.

③ **91 MG 3126—Paul Bunyan.** A really huge glad of salmon pink with rose throat. Heavily ruffled and fluted, opens 10 florets on 20 floret heads. Spikes are about 5 feet tall.

④ **91 MG 3129—Leif Erickson.** Only glad awarded superior commercial rating at one of the Ohio State Trials. Light cream color. Many florets open at once—each 6 in. across. Among 5 best all-purpose glads.

⑤ **91 MG 3125—Harrisburger.** Largest red glad. Opens 8 florets at once out of 20. Deep cherry color.

Prices of Above Giant Glads. Grade 1 Postpaid. State Cat. No. 3 of one variety.75c

Customer Favorites for the Past 10 Years

- All florets are classified as at least 4½ in. across
- All varieties have been top winners in their color classes

"Top Ten" Gladiolus. For the past ten years, Wards customers have chosen as their favorites these outstanding varieties. All are distinguished by unusual petals or color markings, and are at least 4½ in. across. Each has long flowering spikes, large, full florets. These varieties are among prize winners at flower shows, and in the listings of exceptional varieties.

② **Garden Mark "Top Ten" Collection.** 3 each of 10 varieties listed below. Buy this collection and save 95c over individual prices listed below. 91 MG 3251—Grade No. 1 Bulbs. Shipped Postpaid.30 Bulbs for \$3.85

③ **91 MG 3101—Orange Gold.** Beautiful glad for flower arranging. Opens 5 to 8 florets on an 18 floret spike. One of the most popular true orange glads.

④ **91 MG 3107—Spotlight.** Considered one of the top yellow glads. Slightly waved bloom, with small red throat marking. Tall, straight stem. Keeps well.

⑤ **91 MG 3120—Red Charm.** An exhibition and commercial deep red of high merit. Opens 8 to 10 florets at one time. A winner of many high awards.

⑥ **91 MG 3104—Spic and Span.** No. 1 in its color class. Tall ruffled deep pink. Up to 10 florets open at once. Extra strong stem. Consistent winner.

⑦ **91 MG 3144—Florence Nightingale.** Highest rated white glad. Opens 6 to 8 five-in. florets at once. Tall plant. Excellent substance, perfect placement.

⑧ **91 MG 3136—Polynesia.** Deep salmon with yellow throat. No. 1 in its color class. Heavy textured, 8 slightly ruffled blooms on tall, strong spike. Florets 5½ inches across. Good placement and attachment.

⑨ **91 MG 3138—King David.** Won 4 championships in 1954. Royal purple, slightly darker throat, silver picotee. Opens 8 blooms, each 5½ in., plus 10 buds.

⑩ **91 MG 3137—Patrol.** Beautiful clear apricot with yellow throat. Opens ten florets—remaining show color. First in its color class. Tall growing.

⑪ **91 MG 3102—Black Opal.** Big wide open blooms of glistening dark red on tall straight stems. Ranks high in its color class. Opens up to 10 florets.

⑫ **91 MG 3103—Elizabeth the Queen.** Distinguished for its heavily ruffled petals, lovely lavender color. Long spikes, with 8 and more blooms open at a time.

Prices of above "Top Ten" Gladiolus. Shipped Postpaid.

Grade No. 1 Bulbs. State Catalog No.5 of 1 variety for 80c

Use Your Credit. Your bulb order may be added to your Easy Payment Account. Many Add-On orders require no additional monthly payments. See Page 61.

Plant Tuberous Rooted Begonias Under Trees, In Shade

Get Blooms 5 to 9 Inches Across 60 to 90 days after planting and until frost. Lovely delicate colored flowers on bushy, medium-low growing plants. For best results bulbs should be started indoors. Unless your order states for "starting indoors" we will ship for outdoor planting.

① **Hanging Basket Begonias.** Cluster of double flowers hang in colorful profusion. Smaller size than other begonias, but large quantity of flowers make up for it. Ideal for hanging baskets or window boxes. Baskets should be hung in still, wind-free location. To make a fuller basket, pinch off tip of new growth when first flower bud appears. 91MG3615—No color choice. Postpaid. 2 for 80c; 6 for \$2.10

② **Picotee Begonia.** Its large rose form is the most spectacular advance in tuberous begonias today—a result of 20 years of breeding! Double, perfectly formed flowers. White with a sparkling edging, varying from bright pink through soft salmon to bright red. This group brings the very highest proportion of uniformly well formed flowers. 91 MG 3619—Postpaid.2 for 95c; 6 for \$2.70

For Indoor or Outdoor Use. Thrive best under tall trees where they have ample air circulation, and get about 2 hours of morning sun. May be potted in fall for indoor bloom. Plant 18 in. apart in shade or part shade, in well-drained soil. Use acid type fertilizer sold on Page 43.

Bulbs are 1½-2 inches in diam. Wards bulbs are the best quality bulbs obtainable for general garden use. Backed by Wards Guarantee on Page 4. May be planted in all zones, but should be dug then stored in a cool dry place indoors in winter. Shipped Postpaid in spring only.

③ **Double Carnation Flowered Begonias.** Large double blooms with delicately fluted petals. Many gardeners prefer them to the carnations they closely resemble. Colors: Pink (V), Dark Red (W) and Yellow (X). 91 MG 3613—Postpaid. State Color. .2 for 70c; 6 for \$1.95

④ **Ruffled Begonia.** Similar to double camellia type. One of the most popular groups of begonias because of beautiful variations of frilling, ruffling and scalloping. Often blooms 8 and 9 in. across. Extremely vigorous. Available in Yellow (Y), Pink (Z) or Red (AA). 91 MG 3618—State Color. Postpaid. .2 for 95c; 6 for \$2.70

⑤ **Garden Mark Ruffled Begonia Collection.** Postpaid. 91 MG 3617—Two each of Y, Z and AA. 6 for \$2.65

Plant Dahlias for Colorful Late Summer Bloom

SHIPPED POSTPAID IN SPRING ONLY—DO NOT ORDER AFTER JUNE 1st

Bloom from Late Summer Until Killing Frost. For an array of breathtaking color and a delightful fall-ending to your garden, plant Dahlias. All firm, healthy tubers, grow into tall rugged plants—provide maximum quality bloom. Use them back of a border or to fill a sunny corner.

Easy to Grow in Any Soil. Plant in any ordinary well-drained soil in full sun. Protect from strong winds. Plant 6 in. deep, 2-3 ft. apart, in spring after ground has become warm. Protect stalks with stakes, such as sold on Page 50. Dig roots in fall and store. See Page 28 for details.

Exhibition-Type Blooms Are Easy With Dahlias. For larger blooms, pinch off side buds, allowing only center bud to mature. Blooms should be cut in the early morning or late evening, not during heat of day. Blooms will then be in best form for display purposes. Plant in Spring only.

Giant Dahlias 10 to 12 Inch Blooms—Garden of 5 for \$4.15

Most spectacular flowers in your late summer and fall garden. Outstanding in size, perfect form and brilliant colors. Favorite flower of many gardeners because of the giant-size blooms they produce; often up to 12 in. in diameter. Every variety here is worthy of honors in Garden Club competition or County Fair. Stake plants for best display.

2 Garden Mark Giant Dahlia Collection. Incl. 1 ea. A, B, C, D and E, huge blooms listed and described below.
91 MG 3460—Save 45c. Shipped Postpaid Spring Only. 5 for \$4.15

A Hunt's Velvet Wonder. Distinctive blooms are a beautiful shade of purple, deeper in center. Broad-petaled flowers of good size and depth. Stems short and sturdy. Very striking, informal decorative.
91 MG 3410—10-inch blooms. Postpaid. Each 95c, 3 for \$2.70

B 5 Star General. Blend of light pink and soft canary yellow color. One of the best and largest blends for exhibition. Good grower. Early to bloom, free branching. Formal decorative type.
91 MG 3406—10-inch blooms. Postpaid. Each 95c, 3 for \$2.70

C Ogden Reid. Bright rose color with gold shadings. Produces big exhibition blooms with little special care. Formal decorative type.
91 MG 3407—12-inch blooms. Postpaid. Each 85c, 3 for \$2.40

D California Idol. Big yellow blooms that have fine show record. Easiest of exhibition yellows to grow. Exceptionally strong stems; high, full centers. Flowers have great depth. Informal decorative type.
91 MG 3408—10-12-inch blooms. Postpaid. Each 90c, 3 for \$2.55

E Michael Black. Large reddish-purple blooms. Achievement medal winner. Vigorous grower—fine show flower. Informal decorative type.
91 MG 3409—10-11-inch blooms. Postpaid. Each 95c, 3 for \$2.70

Save 20% on Pompon Dahlias—Garden of 4 for \$1.60

Smallest of the Dahlias—blooms only 2 inches across. Particularly valuable for cut flowers—make delightful table decorations. Symmetrical, ball-shaped flowers are produced on stiff stems that are long-lasting when cut. Bloom all summer and fall. Plants are medium ht., compact and bushy.

3 Garden Mark Pompon Dahlia Garden. Includes 1 each of F, G, H and J. You'll save over individual prices.
91 MG 3458—Shipped Postpaid in Spring only. All 4 for \$1.60

F 91 MG 3427—Rosa Wilmouth. Lovely rose-pink color. Flowers uniform.

G 91 MG 3429—Amber Queen. Outstanding color. Glowing amber blooms produced abundantly on bushy plants. Beautiful with fall leaves.

H 91 MG 3428—Little Buddy. Soft shade of lemon-yellow. Looks like a shaft of sunlight when viewed from a distance. Blooms profusely.

J 91 MG 3425—Morning Mist. Distinctive blending of white and lavender with deeper shadings of lavender at center.

Prices of Above Pompon Dahlias

All Shipped Postpaid. State Catalog Number. Each 50c, 3 for \$1.35

Save 5% on Caladium Coll. of 3— \$1.70

(C. picturatum). Grow to about 18 in. tall. Stunning in bed or border. Unmatched for cutting; ideal for decorations, eye-catching centerpieces. Handsome for indoor or outdoor planter. Veined and marbled foliage. Large, colorful leaves are ornamental as any flower. Thrive all zones, but bulbs must be dug before frost, dried and stored. Plant in part shade in spring only.

5 Garden Mark Fancy Leaved Caladium Collection. Save 5% over individual prices. 1 ea. (U), (V), (W).
91 MG 3605—Shipped Postpaid in Spring only. 3 for \$1.70

U 91 MG 3602—Mrs. W. B. Haldeman. Large, pink centers with green margins. Bushy plant. Beautiful with other varieties.

V 91 MG 3603—Candidum. Leading white and green pot-plant variety for indoors. Very attractive, compact growth.

W 91 MG 3606—Spangled Banner. Red leaf with dark ribs and splashes of pink. Makes a superb display in the garden.

Prices of Above Caladium—Postpaid

State Catalog Number. 3 for \$1.80

T Elephant's Ear. (Colocasia esculenta). Grows 4 to 6 ft. tall. A tropical looking plant with huge, heart-shaped leaves 3 ft. long and 1½ ft. wide. Dramatic looking. Plant in sun or shade in spring only. Must be stored in winter. Easy to grow.

91 MG 3601—Shipped Postpaid.
2 for 65c, 6 for \$1.60

Garden Mark Special—Collection of Prize Dahlias

1 Includes all 5 Giant Dahlias (A) through (E) and all 6 Large-flowering Dahlias (K) through (R). Varieties labeled.
91MG3463—Postpaid. Bought singly would cost \$9.10. All 11. \$7.65

Large Flowering Dahlias—7-10-Inch Blooms—6 for \$3.85

Bloom profusely on strong stems. Tall growing—sometimes to 6 ft. Flowers 7 to 10 in. across, grow larger if side shoots are pinched off, allowing only center bud to develop. An interesting size for fence-line plantings. Try them at the back of your fall flower border to harmonize with chrysanthemums. Stake plants for most striking garden display.

4 Garden Mark Large-Flowering Dahlia Collection. Save 65c. Incl. 1 ea. of K, L, M, N, P and R. Bought singly would cost \$4.50.
91 MG 3453—Shipped Postpaid. Collection of 6 for \$3.85

K Purple Mist. Beautiful peony-purple. Big, lovely blooms keep remarkably well. Strong, sturdy stems. Formal decorative.
91 MG 3424—10-in. blooms. Postpaid. Each 75c, 3 for \$2.10

L Aglow. Soft-apricot, heavily suffused scarlet on center area of each petal, enhanced by golden sheen. Informal decorative.
91 MG 3423—10-in. bloom. Postpaid. Each 75c, 3 for \$2.10

M New Look. Striking yellow color. Strong grower. Plants grow to 6 feet tall. Abundant bloom. Semi-cactus type.
91 MG 3419—10-in. blooms. Postpaid. Each 75c, 3 for \$2.10

N Michigan White. One of the best white Dahlias. Bloom profusely even in hot weather. As many as 18 to 25 flowers open at one time on one plant. Continuously shoots out long stems by the dozen. Excellent for cutting; combine well with all colors. Semi-cactus type.
91 MG 3444—8-in. blooms. Postpaid. Each 75c, 3 for \$2.10

P William H. Taft. Rose-pink blooms with shades of rose on reverse of petals. Strong stems—tall grower. Formal decorative type.

Garden Mark Dahlia Bargain Collection. Everyone loves a bargain—and you'll be delighted with this bargain surprise package of 4 fine Dahlias in a full range of colors. We chose the varieties all from this page. They sell for 50c to 95c each.
91 MG 3454—Postpaid. (Not labeled). 4 Dahlias for \$1.35

Tuberose—4 for 95c

X Tuberose. (Polianthus tuberosa). Easily cultivated. Grows to 24 inches tall. Blooms late in summer and fall. Flower clusters are most beautiful at night. The waxy white petals appear luminous. This variety has the sweetest fragrance of all Tuberose. One stalk often perfumes an entire room. Especially fragrant in the evening.

Graceful, long, strong stems. Highly prized as cut flowers. Plant in spring in well drained, sunny location, after all danger of frost. Dig bulbs and store before frost in fall. See Chart on Page 37 for winter care. Postpaid.
91 MG 3600—4 for 95c, 10 for \$1.95

Amaryllis—Each 85c

Y (Hippeastrum). Big, bold blooms 8 inches across and as many as 7 from one bulb. Bloom in summer in the garden or in winter indoors. Flowers 6 to 8 weeks after planting. Makes an attractive sight. Grows to about 18 in. high. Plant 2 weeks apart for a succession of bloom. Not winter hardy—if planted outdoors lift bulbs in fall. Shipped in spring only.

91 MG 3644—Mixed colors only. Shipped Postpaid. Each 85c, 3 for \$2.40

Hardy Amaryllis—Ea. 65c

Z (Lycoris squamigera). Finest bulbs will bloom for years if left undisturbed. Grow more beautiful every year. Stalks 2 ft. tall, often have 8-12 lily-shaped orchid-pink flowers in late summer. Attractive green foliage in spring. Plant spring or fall, 4-5 in. deep, 6 in. apart. Hardy all zones but need winter protection zones 8-9. Postpaid.
91 MG 3745—Ea. 65c, 3 for \$1.75

Tulip	58, 59		x			Medium	Sun	6 in.	Fall	Winter hardy	Last for several years	Beds, Borders

About Bulb Storage. Bulbs indicated as being "Winter Hardy" will endure the cold in all zones. Bulbs that must be lifted before frost, or just after frost should be stored at temperatures between 40° and 50°. Protect bulb containers from mice with a covering of wire screen. Tulips, though termed winter hardy, may be dug after foliage has withered. Bulbs should then be stored in a dry place, and planted again in fall.

Bulbs marked (*) may be left in the ground in mild climates. Store Canna bulbs in dry sand with tops down, or soil remaining on clumps. Dig Dahlia tubers after frost, leaving few inches of stem; store in sand, sawdust, peat moss, or newspaper clippings and sprinkle occasionally to keep moist. Dig Gladiolus bulbs after foliage turns yellow. Bulbs should be dry, clean, separated in bags or trays, and sprinkled with naphthalene flakes.

USE WARDS PERENNIAL PLANTS FOR PERMANENT DISPLAY—GREATER BEAUTY EVERY YEAR

Choose from 150 Different Ward Varieties. From thousands of varieties of perennials Wards have carefully selected only those that are of proven merit and will provide you with a fine assortment of color. Grouped to help you plan for seasonal or long periods of bloom. A garden in mixed colors is usually most successful. Small areas may be effectively planted in one or two colors.

Most Wards Perennials Will Bloom this Year. Wards sturdy, well rooted, field grown plants will bloom this year if planted in spring. Peonies and Iris will bloom the second year. Perennial plants live through the winter and come up year after year, larger and more beautiful. Wards perennials have been carefully nurtured to produce a rugged plant that's ready to grow and bloom in your garden.

Ward Perennials are Guaranteed to Grow. Perennials are guaranteed to July 1st (May 1st in Ft. Worth area) following date of shipment, if planted according to Wards Guarantee on Page 4. All plants are disease-free and insect-free. All are shipped Postpaid at planting time. Most perennials may be planted in spring or fall. Planting instructions are included with order.

Sweet Pea Garden 6 for \$245

(A) Hardy Sweet Pea. (*Lathyrus latifolius*). Blooms from summer 'til fall. Multiple flowering strain—will bear as many as five big flowers on each stem as it trails over 4 or 5 feet of fence or arbor. Fragrance and long-lasting quality make them a favorite cut flower. Plant 3 ft. apart in full sun. Hardy zones 1 through 7.

91 MG 2324—**Crimson King.** Soft tone of rich red.

91 MG 2325—**Rose Queen.** A delicate shade of pink.

91 MG 2326—**White Queen.** A pure white variety.

Prices of Above Sweet Peas. State Catalog Number, Shipped Postpaid. 2 for 90c

Garden Mark Sweet Pea Garden. Postpaid.
91 MG 2323—2 each of 3 above. . . All 6 for \$2.45

Achillea Garden 6 for \$285

(B) Achillea. (Yarrow). Blooms from early summer through fall. Medium height. Thrives in any soil, but does best in well-drained, sunny location. Ideal for border. Plant ten inches apart in spring or fall. Cut back after flowering. Hardy all zones. (See Map P. 37).

Angel's Breath (*Achillea ptarmica*.) (Improved, The Pearl). 1 to 2 feet tall. Double white flowers about 1/2 inches across look like clusters of miniature mums—cover the plant. Ideal for cut flowers. Blooms abundantly yet needs very little care.

91 MG 2301—Shipped Postpaid. 2 for 95c

Pink Achillea. (*A. millefolium roseum*). About 2 ft. tall. Clusters dark rose to pale pink. Fern-like foliage. Spreading plant with branching stem.

91 MG 2305—Shipped postpaid. 2 for 90c

Gold Plate Achillea. (*A. filipendulina*). Large yellow blooms on sturdy stems. About 4 feet tall. Can be dried for winter bouquets. Cut when flower is at color peak. Wrap in paper until dry to prevent fading.

91 MG 2349—Shipped Postpaid. 2 for \$1.25

Garden Mark Achillea Garden. 2 ea. of above 3.
91 MG 2348—Postpaid. All 6 for \$2.85

KEEP THIS BOOK—Most perennials may
be planted successfully in spring or fall.

Shasta Daisies 50c and 55c Each

(F) (G) Shasta Daisies. (*Chrysanthemum maximum*). Bloom in early summer. Medium height. Easy to grow. Exceptionally free flowering. One of the most satisfactory white flowers for the Perennial Garden. Its large, white flowers on long stems, make it invaluable as a cut flower. Lift and divide plants in alternate years for more compact growth and finer flowers. Thrive in a sunny location. Plant 12 in. apart, spring or fall. Hardy in all zones.

(F) Giant Alaska. Handsome plants with large, glistening white flowers. Golden-yellow centers.

91 MG 2314—Postpaid. Each 50c; 3 for \$1.35

(G) Double Marconi. Double row fine-cut, fringed petals. Flowers often 4 inches across. Yellow centers.

91 MG 2384—Postpaid. Each 55c; 3 for \$1.45

Most nursery stock can be planted in spring or fall. It's all shipped Postpaid or Express Prepaid at planting time. Read Wards Nursery Stock Guarantee on Pg. 4.

Veronica Garden 6 for \$275

(C) Veronica. Blooms early summer through fall. Half its height is covered with spikes of bloom. Medium tall. Very beautiful in mass planting. Good in rock garden. Easy to grow. Prefers moist soil, full sun, but will grow in part shade. Plant 12 in. apart, spring or fall. Hardy all zones.

91 MG 2337—Blue. Postpaid. 2 for 95c

91 MG 2347—White. Postpaid. 2 for 95c

Garden Mark Collection. 2 each of Blue, White, Pink.
91 MG 2328—Postpaid. All 6 for only \$2.75

Painted Daisy Garden 6 for \$240

(D) Painted Daisy. (*Chrysanthemum coccineum*). Blooms in late spring. Medium height. Bright showy flowers in colors ranging from deep crimson to light pink and white. Treasured for cutting. If cut back in midsummer, they'll spring up again and bloom in fall. Do well even in partial shade, but require good drainage. Plant 12 inches apart in spring or fall. Hardy in all zones. Shipped postpaid.

91 MG 2385—ROBINSON RED. Generous deep red blooms.

91 MG 2401—SENSATION. Rose red blooms, fully double.

91 MG 2387—Semi-Double Hybrids. Assortment of colors.

8 91 MG 2530—King of the Blacks. Lively scarlet.

Prices of Above Grenadin Carnations—*Postpaid.*
Please State Catalog Number. Each 60c..... 3 for \$1.65

Facts About Wards Carnations. Very easy to grow. Bloom intermittently from early summer through fall. Plant 12 to 15 inches apart in full sun, spring or fall, in warm, well-drained soil. Must have good drainage so that plants dry out completely between waterings. Do not water too much. Roots are near surface, so do not cultivate too close to plant. Will thrive in all zones but winter protect in zones 7 through 9.

(M) 91 MG 2590—**Galahad.** Tall spires of glistening white; white bee. Giant size blooms grow in heavy branching clusters.

(N) 91 MG 2593—**Summer Skies.** Considered the finest blue Delphinium. Large handsome flowers of sky blue, white bee.

(P) 91 MG 2592—**Guinevere.** Beautiful double flowers of soft pink lavender; white bee. Florets up to 3 in. in diam.

Prices of Above Delphiniums

Shipped Postpaid. State Catalog Number. 2 for **\$1.35**

Bouquet Delphiniums. Bloom in early summer and fall. Not as tall as Pacific and English Hybrids, but produce a great abundance of spikes that are ideal for cutting. Plant 12–18 in. apart. Garden includes one each of **Belladonna Clivedon Beauty** (turquoise blue with creamy bee); **Ballamosum LaMartine** (deep blue with white bee); **Lyondel Hybrid** in a surprise color. 91 MG 2515—*Postpaid.* Garden of all 3 for **\$1.35**

Five English Hybrids. Blackmore and Langdon Strains—among the finest developments in Delphinium family. Solid, erect spikes on tall stems. Shades of blue, lavender and purple-pink. 91 MG 2587—*Postpaid.* Garden of 5 Mixed Colors for **\$2.15**

HOW TO SUCCEED WITH DELPHINIUMS

Thrive best in rich, light, cool, well drained soil with plenty of fertilizer. Plant in full sun. Delphiniums like lime and plenty of water; foliage should, however, be kept as dry as possible. Fertilize in spring and again in late summer; and spray occasionally with Acme All Around Spray. (See Pages 45 and 46.) Cut to 6 in. after blooming, to encourage fall bloom. Hardy all zones. Will bloom the first year if planted early. Plant spring or fall. In Zones 1, 2 and 3 fall planting is recommended.

Background Flowers

Verbascum—Low as 70¢ Each

Commonly called Mullein. These English Hybrids bloom all summer and fall providing a tall accent in perennial or shrub border. Handsome, gray velvety foliage. Creates a striking effect as a background flower. Grow 3 to 4 ft. tall. Plant 8 inches apart in full sun, in spring or fall. Do best in well drained soil. Hardy all zones.

(R) **Pink Domino.** Medium stalks have soft rose-pink blooms with buff undertones. Downy foliage. *Postpaid.* 91 MG 2300—Each 70¢. 3 for **\$1.95**

(T) **Cotswold Gem.** Tall spikes with amber-colored flowers set off by dark centers. Resists heat. *Postpaid.* 91 MG 2311—Each 85¢. 3 for **\$2.40**

Lythrum—2 for \$1.35

(*Lythrum salicaria*.) Plant 2 ft. apart in full sun or part shade in spring or fall. Ideal for the low, damp, partially shaded spot. Excellent for mass planting. Fine for cutting. Hardy zones 1–8. Blooms summer and fall. Grows 4 to 6 ft. tall.

(U) 91 MG 2333—**Robert.** Clear fuchsia-pink with reddish glow. Medium low.

(V) 91 MG 2330—**Mordens Gleam.** Nearest red of all Lythrams. Tall growing.

Prices of Lythrum. *Postpaid.* 2 for **\$1.35**

Balloon Flower—Blue, 2 for 80¢

(*Platycodon*.) Beautiful combined with Phlox and Daylilies. Buds resemble miniature balloons, open to bell-shaped flowers. Plant 12 in. apart in sun or shade. Hardy all zones; protect in 8 and 9.

(W) 91 MG 2304—**Blue.** *Postpaid.* 2 for **80¢**

(X) 91 MG 2310—**Pink.** *Postpaid.* 2 for **85¢**

Hardy Daylilies

Garden of 3 for \$2.40

(*Hemerocallis*.) One of the finest summer flowers, and one of the easiest-to-grow of all perennials. New big blooms appear daily. Thrive whether you plant them in a sunbaked area or moist shady spot. Never need spraying. Firm stems require no staking. Bloom over a long period in summer. Varieties below grow about 3½ feet tall except Rose Gem which grows 3 ft. tall. Plant 12 inches apart. Hardy in all zones.

⑤ **Garden Mark Daylily Garden.** Incl. 1 each of (Z), (AA), (BB) listed below. 91MG2295—*Shipped Postpaid.* All 3 for **\$2.40**

(Y) **Painted Lady.** Gigantic 8 to 9 inch flowers. Brilliant apricot-yellow with light dusting of cinnamon-red. Darker veins in petals and speals and still a darker eye zone. Deep ruffles on the petals. A most profuse bloomer. Topped Daylily polls for 3 years. *Postpaid.*

91 MG 2290—Each **\$1.50**. 3 for **\$3.75**

(Z) **Hyperion.** Still the favorite with many gardeners. Large waxy blooms of soft canary yellow. Blooms in midseason. 91 MG 2296—*Postpaid.* Ea. 75¢; 3 for **\$1.95**

(AA) **Garnet Robe.** Glowing deep velvety red petals. Yellow-green throat. Luminous quality makes it stand out in yard. 91MG2294—*Postpaid.* . . . Ea. 95¢; 3 for **\$2.50**

(BB) **Rose Gem.** Broad petals of deep rose-pink. Large, open faced flowers. Heavy bloomer. Winner of many awards. 91MG2292—*Postpaid.* . Ea. 1.00; 3 for **\$2.70**

Hybrid Daylilies 3 for \$1.35

Leonian Hybrids in mixed colors of orange, mahogany, old rose, or maroon. Not labeled for variety, but includes beauties. No yellow included. Plant Spring or Fall. 91MG2354—*Postpaid.* 3 for **\$1.35**; 6 for **\$2.40**

Plant Mums for Brilliant Bloom Every Fall

USE IN BORDERS, FOUNDATION PLANTING, AGAINST HEDGE OR EVERGREENS

Outstanding Varieties. All Garden Mark Chrysanthemums have been carefully chosen to provide an array of color and give continued satisfaction. For most dramatic effect plant in groups of 3 or 5 of one variety and to create a mass of contrasting colors against background of green.

Wards Mums are Easy to Grow. Plant 2 ft. apart in any sunny location with average soil, good drainage and protection from wind. Protect in winter in zones 7 through 9. Potted plants shipped when dormant supply of field grown plants is exhausted.

How to Get the Most from Mums. On taller varieties (A through P) you'll achieve more compact growth and most abundant bloom if you pinch the plants back about one third when they are 8 inches tall, and again when they are 12 inches tall. Apply a fertilizer in August and water well.

Plant Chrysanthemums in Spring or Fall. But, if you want to enjoy this wealth of bloom this fall the plants must be set out this spring. Planting instructions are included. All are shipped Postpaid at proper planting time for your locality. See Wards Guarantee of satisfaction on Page 4.

All America Chrysanthemums

Postpaid \$1.50 Each

In test gardens throughout the United States these mums were grown and judged among scores of other varieties. Here are three of the 1958 and 1959 All America Mum Selection Award Winners—chosen as the best, most widely adapted varieties in a wide range of growing conditions. Tops in size, color and loveliness.

91 MG 2175—**All America Mum Garden.** Save 30c over individual prices. Includes 1 ea. of 3 below. Shipped Postpaid..... 3 for \$4.20

(A) 91 MG 2171—**Burning Bronze.** 1958 All America Award Winner. One of the finest bronze mums to be introduced. A medley of tangerine, orange and bronze that provides a bright fall touch in the garden. Medium size blooms on fairly tall plants. Free blooming. Excellent cut flower for fall bouquets.

(B) 91 MG 2172—**Emperor.** 1958 All America Award Winner. A blaze of golden light from top to bottom. Yellow flowers deck the plant right down to the ground, each a generous bloom. Vigorous grower, compact and reaching medium height with a large shapely spread. Excellent foliage is a lively green that combines beautifully with the flowers. A single plant will produce as many as 6 or seven huge bouquets.

(C) 91 MG 2174—**Girl Friend.** 1959 All America Award Winner. Gorgeous, early pink mum with graceful beauty. 28-inch stems are loaded with solid, very double 3½-in. blooms of delightful coral-rose pink. Superb cut flowers.

Prices of above All America Mums
State Cat. No. Postpaid....Ea. \$1.50; 3 for \$4.35

Newer Cushion Mums

Garden of 3 for \$2.95

Newer mums, unsurpassed for quality of bloom, length of time in bloom and quantity of bloom.

♦ **Garden Mark Cushion Mum Collection.** Includes 1 each of 3 below. (R, T and U). 91 MG 2177—Saves 25c; Postpaid.... 3 for \$2.95

(R) **Crimson Lady.** Beautiful 1959 All America Award Winner featured on front cover. Deep, rich red double blooms nearly 3 inches across cover a bush 14 to 18 inches tall. Compact shapely plants, good foliage. Plant Patent applied for. 91 MG 2176—Postpaid. Each \$1.25; 3 for \$3.45

(T) **Flair.** 1959 All America Mum Award Winner. A lively lavender color that won't fade, come rain or shine. Flowers 3½ inches across are double and perfectly formed. Bushes are 18 inches tall and 30 inches across. Plant Patent applied for. 91 MG 2173—Postpaid. Each \$1.25; 3 for \$3.45

(U) **Powderpuff.** A delightful 10-inch plant crowded with ivory-white puffs of bloom from late summer until frost. Excellent edging variety. 91 MG 2118—Postpaid.....Each 70c; 3 for \$1.95

Delightful Pompon Chrysanthemums—Each 70c Postpaid

♦ **Garden Mark Pompon Mum Garden.** A colorful burst of bloom in early fall, and through the first few nights of frost. Beautiful for mass displays or flower arrangements. Extra hardy all zones. Best for areas with early frost.

91 MG 2157—Postpaid. 1 each of 4 varieties (Z) through (CC).....4 for \$2.40

(Z) 91 MG 2158—**Jewel-tone.** Bright rose-pink. Medium height. Blooms freely in midseason. (BB) 91 MG 2153—**Fields of Snow.** Pure white with yellow center. 1½ ft. Best white. Free bloomer.

(AA) 91 MG 2151—**Lemon Drop.** Very early, low growing yellow button pompon. Nice foliage. (CC) 91 MG 2152—**Early Crimson.** An early bright crimson mum. Grows to medium height.

Prices of Pompon Mums. (Z) through (CC). State Cat. No. Postpaid. Each 70c.....Any 3 for \$1.95

Recent Hardy Chrysanthemums

Postpaid 85c Each

Every year new, improved Chrysanthemum varieties are introduced to add to the pleasure of the fall garden. If you like to add to your mum collection you'll want to add these newer mums.

Garden Mark Collection of Newer Mums. Includes 1 each of 5 varieties below.

91 MG 2105—Shipped Postpaid. All 5 for \$3.75

(D) 91 MG 2102—**Evelyn Devaney.** Delicately beautiful, shell-pink color new to mums. Well formed flowers with overlapping petals. Blooms in midseason. Beautiful with Chippewa (J).

(E) 91 MG 2101—**Prairie Sunshine.** Fully double bright yellow blooms up to 4 inches across cover a mound 2 ft. high and 3 ft. across. Begins blooming early and stays late in season. Promises to be one of the finest early mums.

(F) 91 MG 2103—**White Sail.** The very best mid-season white mum. Heavily textured flowers on a clean plant of vigorous growth. Branches from the ground, so it makes a perfect foreground plant. Excellent for cutting.

(G) 91 MG 2100—**Chippa Red.** A sport of the famous Chippewa, with the same fluffy sprays of early, dependable bloom. Color is more intense than Chippewa—a velvety turkey red that warms to a smoky maroon.

(H) 91 MG 2104—**Football Bronze.** A large flowering, incurved bronze mum that blooms in mid-season. Tall, strong, upright growing plant.

Prices of above Recent Hardy Chrysanthemums.
State Cat. No. Postpaid....Each 85c; 3 for \$2.40

Wards Famous Million Mums*

70c Each

(V) to (Y) These chrysanthemums are top favorites because of their wonderful ability to produce hundreds of blooms on one mature plant. They make a low-growing, compact, rounded mound, covered with flowers from late summer through fall. Excellent for cutting. Hardy in all zones, but we recommend winter protection in zones 7 through 9. *Trademark.

♦ **Garden Mark Special. Million-Mum Garden.** Saves 55c over individual prices. Includes one each of four varieties listed below. 91 MG 2116—Postpaid.....All 4 for \$2.25

Canterbury Bells Garden of 6 for \$210

C (*Campanula*). "Cup and Saucer Plant." The plants are pyramidal in growth, about 30 in. in height, and profusely covered with large, bell-shaped flowers in late spring. Colors are soft and clear. Plant in spring or fall, 18 in. apart in well drained ordinary garden soil, in full sun. Hardy all zones.

91 MG 2393—Rose. A clear pink.
91 MG 2394—White. Pure white.
91 MG 2395—Blue. One of the finest blues in the garden world.

Prices of Canterbury Bells.
State Cat. No. Postpaid. 3 for \$1.25

Garden Mark Canterbury Bell Garden. Includes 2 each of 3 varieties above.
91MG2392—Postpaid. All 6 for \$2.10

Low Growing Perennials for Bedding or Edging

D Candytuft. (*Iberis sempervirens*). A branching, shrubby evergreen plant. White flowers grow in flat, dense clusters. Blooms in spring—April through June. When plants finish blooming, they should be trimmed to prevent them becoming straggly. Grows to 1 ft. high. Plant in spring or fall, 6 in. apart. Does well in light shade, makes excellent groundcover in front of shrubs or rock garden. Beautiful edging along flower bed or walk. Blooms best in full sun. Easy to grow. Hardy zones 1 through 8.
91 MG 2580—Shipped Postpaid.
2 for 95c 6 for \$2.70

E Hosta (*H. Subcordata grandiflora*). Tufted plant, grown both for handsome, strongly ribbed leaves and for white blooms on spikes 18–24 in. high. Flowers are lily-like; very fragrant in the evening. Blooms Aug. to Oct. Very easy to grow, require no special care but are especially partial to moist soil and part shade. Will also do well in open border. Plant spring or fall, 24 in. apart unless used for groundcover. Then plant as close as you want dense. Excellent to shade lily bulbs. Hardy zones 1 through 7.
91 MG 2581—Postpaid. . . Each \$1.25
3 for \$3.50 6 for 6.25

F Artemisia. Silver Mound. (*Schmidtiana nana*). Fern-like foliage of bright silvery-gray makes delightful effect in the rock garden or as an accent plant, but is most distinctive when used for edging beds or walks. Stays same color all summer. May be dried for winter bouquets. Handsome, compact, moundlike plant grows to about 4 in. high and 12 in. in diameter. Thrives in a warm, sunny, dry location. Plant 12 to 24 inches apart in spring or fall. Requires no special care, grows in ordinary soil. Hardy all zones.
91 MG 2345—Postpaid. 2 for \$1.35

G Doronicum—Mme. Mason. (*Leopardbane*) (*D. caucasicum*). One of the few flowers which blooms from early spring into fall. Medium-low height. Bright yellow flowers resemble a daisy with yellow center. Long, stiff stems—fine for cutting. Last for days in water. Broad oblong leaves of rich soft green. Excellent for border. Thrive best in rich loam in sun or partial shade. Plant 6–8 in. apart in spring or fall. Hardy all zones. Winter protect in zones 8 and 9. Postpaid.
91 MG 2306—Ea. 70c; 3 for \$1.95

Alyssum Saxatile—2 for 95c

H "Basket of Gold." Profuse tiny blooms of bright yellow—among the earliest of spring. Ornamental spreading silver-green foliage. Low-growing—ideal for rock gardens, front of borders and pavement plantings. Very easy to grow in any ordinary garden soil that has good drainage. Plant 12 in. apart in full sun in Spring or Fall. Hardy all zones.
91 MG 2303—Shipped Postpaid.
2 for 95c 6 for \$2.70

Keep This Book for Year 'Round Use
Perennials, shrubs, trees and many bulbs may be planted in spring or fall.

Chinese Lantern—2 for 85c

J (*Physalis alkekengi franchetii*). Medium height. Blazing orange and scarlet pods like little Chinese lanterns hang from tall stems in later summer. May be dried for winter bouquets if placed in vase without water. 18 to 24-in. stems, with 10 to 20 paper-thin 2-in. pods. Nothing else like it; gives variety in the garden.
Plant in ordinary soil, in full sun, 2 to 3 ft. apart in groups by themselves. Grow to 3 ft. tall. Hardy all zones.
91 MG 2307—Ship. Ppd. . . . 2 for 85c
Wards Perennials are field-grown, carefully nurtured to produce a rugged plant. Bloom every year.

AVOID MISTAKES USE THIS ZONE MAP

This Zone Map is your guide to plant material best suited to the territory in which you live. It is based on a map published in the Atlas of American Agriculture, United States Department of Agriculture, Washington, D. C. This zone map was based on average annual minimum temperature for the years 1895 to 1935. Find the zone in which you live, then see descriptions for plants suited to your particular zone. Let these zone references be your guide to plants that will be easiest to grow and will thrive best in your area.

Most Plants in This Catalog Thrive in All Areas

All plants listed in this Catalog may be expected to succeed over a wide area if given reasonable care. Even those not especially recommended for your zone have much to offer in the way of gardening adventure. You may be able to grow, and enjoy plants not generally grown in your area, and this kind of adventure will require only a little extra care to provide the conditions necessary to the plant, but not natural to your garden, such as giving the plant a more sheltered location or providing acid soil where necessary. (Be sure to read Wards Nursery stock Guarantee on Page 4.)

Some shrubs or small trees thrive best when sheltered from either hot, dry winds, or from severe cold winds, and are so indicated in this catalog by the phrase: "Plant in sheltered position." These plants should be used near a building or windbreak or where other tall growing shrubs or trees will shelter them from hot or cold wind which is damaging to some plants.

What Is Meant By The Term "Hardy"

"Hardy" indicates that a plant will endure the cold in the area designated. Perennials may die back to the ground, but the root system remains alive to produce new growth and increased beauty each spring. Trees and Shrubs are considered hardy when the entire woody structure remains alive through the winter and plant withstands cold in zones indicated.

Great caution has been exercised to give you completely accurate information, but it must be remembered that there may be zones in which a particular plant may be successfully grown in one area, while in some small neighboring section, the same plant will not thrive. It is impossible to cover all varying factors. While some plants may be able to endure the cold of a particular zone, other elements determine the success or failure of a plant's growth and production of flowers or fruit. These variations include elevation, prolonged summer heat, hot drying winds, lack of moisture, soil variations, too great or insufficient acid in the soil, amount of snow, etc. All of these factors may determine the degree of success you may expect to achieve in your garden. Soil preferences are stated where necessary.

What Is Meant by "Winter Protection"?

In studying various plant listings in this Catalog you will find the phrase: "Needs winter protection," or, "Protect in winter in severe climates." Winter protection of plants varies with the plant.

Roses, must be given adequate winter protection in severe climates. Complete directions will be given in the planting guide which is sent with your order, but briefly, it means that the soil should be heaped about the plants, after the first light freeze, to protect the canes. With this care, beautiful roses can be grown even in severe climates. (See sketch below.)

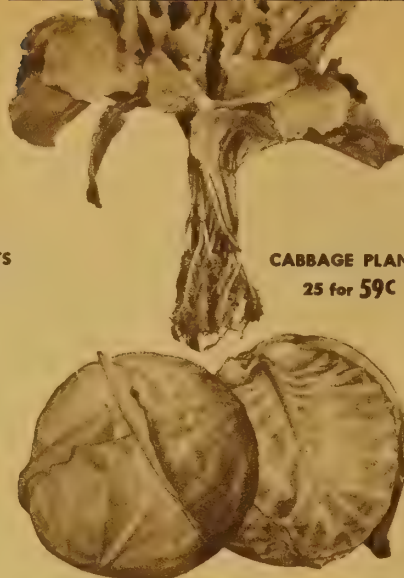

Most Perennials require winter protection north of Zone 6. Wherever snow does not provide a continuous winter cover, they must be given a mulch consisting of two to four inches of clean wheat straw, buckwheat hulls, shredded cornstalks or peat moss. Fine-textured mulches such as manure and peat moss may be cultivated into the soil the following spring. A covering of evergreen or other branches that will catch the snow, shade it, and thus keep it from melting too quickly, is also beneficial. A mulch should provide a covering, but should not be a heavy, airtight matting of leaves or grass clippings which produces heat and might smother the plants. Mulches are NOT intended to keep plants warm.

All mulches should be applied after the ground has frozen the first time, to keep the ground frozen and prevent plants from being heaved out of the earth by alternate freezing and thawing in late fall and early spring. Coarse mulches such as branches, cornstalks or hay should be removed early in the spring to prevent mold and to permit sun and air to reach the new growth. It is best to do this a little at a time over a two or three-week period. This allows the tender new shoots to harden off and keeps them protected from possible late spring frosts. Protection will mean more luxuriant growth and more flowers from perennial plants and rose bushes.

Enjoy Fresh Vegetables Two Weeks Earlier

PLANT WARDS FIELD GROWN, WEATHER HARDENED VEGETABLE PLANTS

Mature Crop 2 Weeks Earlier. Will produce 25% more than ordinary plants if planted according to instructions given with order.

More Satisfactory than Greenhouse grown plants, because Wards plants have been grown under natural conditions of full sun and rain.

Big Husky Roots because they have had plenty of room to grow and develop. You'll notice firm stems and good leaf texture as they develop.

Easy to Transplant. Weather hardened plants stand the shock of transplanting better. They are able to withstand rigors of early northern planting.

Onion Plants . . . 100 for 89c

Wards Onion Plants are better in 4 ways. (1) Plants can be set out as early as cabbage. (2) Provide green bunch onions 2 to 6 weeks earlier. (3) Mature onions are usually large and keep better than those grown from sets. (4) Much easier to handle than growing onions from seed. Shipped January 1 to June 10.

91 MG 8020—**Crystal White Wax.** A good, early flat onion similar to Yellow Bermuda, except clear white. Large, sweet and mild.

91 MG 8021—**Yellow Bermuda.** Very early. Large, flat shape. Mild sweet, nearly white flesh. Strawberry colored skin. Keeps well.

91 MG 8022—**Yellow Sweet Spanish.** Very large globe shape with small neck. Deep amber orange. Mild flavor. Good keeper.

91 MG 8023—**White Sweet Spanish.** The largest, sweetest, best keeping Spanish Onion. Crisp and juicy. Yellow skin, white flesh.

Frostproof Cabbage Plants . . 100 for \$1.39

Known to withstand temperatures 14 degrees above zero without injury. Can be set in the open 4 to 6 weeks earlier than hotbed plants. Tops may not grow at first, but roots will become established and plants will make rapid growth. Heads start forming 2 to 3 weeks earlier. Plant early varieties 14 in. apart in rows 28 in. apart, late varieties 24 in. apart in rows 36 in. apart. Shipped January 1 to June 10.

91 MG 8014—**Copenhagen Market.** 70-75 days. Heads 7-7½ in. diam. Very solid. Good for kraut.

91 MG 8012—**Red Acre.** 75-80 days. Earliest red. Diam. 6-7 in. Very solid. Splendid color.

91 MG 8010—**Early Jersey Wakefield.** 60 days. Pointed heads. About 2 to 2½ lbs. at maturity.

91 MG 8013—**Golden Acre.** 66 days. Earliest round-head. Yellows resistant. Averages 3 lbs.

91 MG 8015—**Flat Dutch.** 66 days. Usually weigh 5 to 6 lbs. at maturity. Heat-resistant.

Early Crop Tomatoes . . . 100 for \$1.95

Vine ripened tomatoes taste better. Produce healthy, productive plants in any ordinary soil. Plant 4 ft. apart if allowed to sprawl; 2½ ft. apart if staked. Unstaked plants require more space, but produce about ⅓ more crop. Shipped April 1 to June 10.

91 MG 8005—**Imperial Hybrid F2.** 75 days. Wonderful new variety. Medium large, deep scarlet. Weight 6-7 ozs. Disease resistant, especially wilt, nail-head rust.

91 MG 8001—**Marglobe.** 77 days. Introduced by U.S. Dept. of Agriculture. Thrifty, wilt-resistant plants bear large, smooth, globe-shaped fruits. Deep scarlet.

91 MG 8002—**Earliana.** 65 days. Earliest variety. Medium size, globe shape. Deep scarlet, firm and smooth, with few seeds. Highly recommended for home garden.

91 MG 8003—**Rutgers.** 80 days. Developed by New Jersey State Exp. Station. Deep red color. Tangy flavor.

91 MG 8004—**Ponderosa.** 85 days. Beefsteak type. Huge, solid slightly ribbed fruit. Ideal for slicing.

Moist-Flesh Sweet Potatoes . . . 100 for \$1.95

If you have a four-month growing season, you can grow sweet potatoes. They do best in light, well-drained sandy loam that is not too rich but plants can be grown in a wide range of soils. Will stand plenty of heat. Set plants 15 in. apart in rows 30 in. apart after all danger of frost has passed. After harvesting, tubers should be packed in boxes in a warm, dry, well ventilated place. Shipped April 1 to June 10.

91 MG 8045—**Early Port.** New, very early variety—usually matures in 75 days. Heavy bearer, good shipper. Yellow flesh, fine flavor. Disease resistant. Keeps well.

91 MG 8040—**Porto Rican.** One of the most popular varieties. Deep orange. Sweet, mellow flavor and fine moist texture. One of the most desirable sweet potatoes for freezing.

91 MG 8041—**Red Gold.** New variety. Has purple-reddish skin with deep golden-yellow flesh. Is especially delicious when used for baking, casserole dishes. Yields large crops.

Sweet and Hot Peppers . . . Outstanding Varieties . . . 100 for \$2.50

Sweet Peppers are one of the most delicious of all vegetables whether stuffed and baked, or sliced in salads. Hot Peppers add zest to any combination type main course. Wards husky plants are very easy to grow in any well drained soil that is not too rich. Set 2 ft. apart in rows 2 to 3 ft. apart after danger of frost. When harvesting, cut pepper from plant with a sharp knife and allow a short stem. Shipped Postpaid from April 1 to June 1.

91 MG 8030—**California Wonder.** Early—about 70 days. Considered one of the best Sweet Peppers. Smooth, dark green. Tender, mild, sweet flesh. Firm and heavy. About 4 in. in diam., and 4½ in. long. For home, market or freezing. Ships well. Used for stuffing.

91 MG 8031—**Pimento.** Early sweet pepper. Heart shaped. 3 in. long. Turns bright red when ripe. Good for salad, canning, pickling or freezing. Peels easily. Very productive.

91 MG 8033—**Ruby King.** Best early market variety. Large 3-lobed pepper with mild, sweet firm flesh. A vigorous grower and heavy bearer. Bright red when ripe. Excellent all-purpose variety for home or market. Good for slicing in salad or stuffing.

91 MG 8034—**Hungarian Yellow Wax.** An early, hot pepper. Dark green skin turns bright yellow, then red when fully ripe. Thick flesh. Very hot and pungent—good for seasoning or pickling. Often about 6 in. long. Bears large crops.

38 WARDS CSKDPBA

Vegetable Plants Shipped at Proper Planting Time for Your Territory.
Cabbage and Onion Plants Shipped Jan. 1 to June 10—Others Shipped April 1 to June 10.

WARRANTY

Wards warrant Vegetable Plants to reach you in proper condition for planting—healthy, free from disease and insects. As vigorous growth depends upon proper planting, soil, climatic conditions, and other factors over which we have no control, we cannot be responsible for the growth, nor the crop, nor for any amount greater than the purchase price of the plants.

Easy to Grow

LARGE HEALTHY ROOTS

Asparagus . . . Low as 25 for \$1.75

First fresh vegetable in spring. Enjoy that delicious "home grown" flavor. Produces crops for almost two months. Provides light crop the first year, full crop thereafter. 3 to 6 inches of new growth every day. Plant 18 inches apart in rows 4 feet apart, in spring or fall. Hardy in all zones.

Mary Washington. Improved variety introduced by U.S. Dep't. of Agriculture. Giant size, tender stalks. Hardier, more disease resistant than most varieties. Fine for canning. 91 MG 6870—State size and quantity. Shipped Postpaid.

1-Year Size. 25 for \$1.75; 50 for \$2.90; 100 for \$4.50
2-Year Size. 25 for 2.65; 50 for 4.45; 100 for 7.20

Special Strain of Tender Asparagus

Roberts. Tender, large speared asparagus propagated from selected plants. They are a result of years of scientific experimentation and cultivation . . . produce heavy yields of premium quality. Plants are so vigorous, they never succumb to rust. Excellent for canning and freezing.

91 MG 6869—State: Size and Quantity. Shipped Postpaid.
1-Year Size. 25 for \$1.95 50 for \$2.95; 100 for \$4.95
2-Year Size. 25 for 2.65; 50 for 4.45; 100 for 7.20

Quick Crop Asparagus

3-Year Size. Larger, more mature, yields crop sooner than ordinary sizes. State Quantity. Postpaid.

91 MG 6872—Mary Washington Rustproof Quick Crop.
10 for \$1.95 25 for \$4.50 100 for \$11.95
91 MG 6875—Roberts Quick Crop Asparagus.
10 for \$1.95 25 for \$4.50 100 for \$11.95

Rhubarb—Delicious Spring Fruit

Low as 5 Roots for 85¢

The first plant to furnish sauce and pies in spring. Produces juicy stalks in abundance after the first year. Lasts a lifetime. Instead of cutting or breaking, grasp stalks close to base, and with a quick jerk, pull out entire stalk. Plant 3 feet apart in spring or fall. Hardy in all zones.

Giant Victoria. Standard variety for years. Stalks much larger than ordinary varieties. We ship 5/8-inch, whole roots. State Quantity. Shipped Postpaid.

91 MG 6861—5 for 85¢ 10 for \$1.45 25 for \$3.00

Canada Red. Newest and finest red rhubarb. Not only red on outside, but red clear through entire stalk. Grows 2 to 3 ft. tall. Makes delicious pink sauce. We ship root divisions. State Quantity. Shipped Postpaid.

91MG6864—Each \$1.00; 5 for \$4.75; 10 for \$8.00; 25 for \$18.75

Quick Crop Rhubarb

The same types as those described above, but roots or divisions are larger and will produce crops earlier.

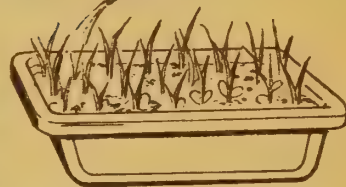

91 MG 6865—VICTORIA QUICK CROP. 1 to 1 1/2-inch roots. Postpaid. 5 for \$1.35 10 for \$2.55 25 for \$5.25

91 MG 6867—CANADA RED QUICK CROP. Root divisions. Postpaid. Ea. \$1.50; 5 for \$7.20

When you buy Nursery Stock at Wards the price you see in the catalog is the full price. Remember this when comparing prices. Postage on a few shrubs or trees would add considerably to prices quoted by those who charge postage.

Sprout-A-Plant
Indoor Hotbed

Start Your Garden Indoors

NEW EASY WAY COSTS LESS THAN A PENNY A PLANT

Sprout-A-Plant. Start your garden on the window sill with minimum of care. Greenhouse plastic tray 8 1/2 x 6-in. contains 36 to 50 seeds planted in scientific soil-less growing material containing plant nutrients. Just add water and enjoy the pleasure of watching plants grow.

Germination starts 3-15 days depending on variety. No transplant shock as you take tray direct to garden. Choose from 16 varieties listed below. Sold only in lots of 3 of any kind. Shipped Promptly from Factory in Chicago. Pay Express from nearest Mail Order House.

WARDS GARDEN SEED GUARANTEE

All Wards Seeds are tested for purity and high germination as marked on each packet. We will replace without cost any seed that does not grow when planted according to instructions. Vigorous growth depends upon proper planting, soil, climatic conditions and other factors over which we have no control. We cannot be responsible for the crop or for any amount greater than the purchase price of the seed.

CAUTION When You Buy Lawn Seed...

✓ Check % Perennial (permanent) Grass.

✓ Check % Germination (amount that will live).

Buy By Content. Read the label to see exactly what you're getting. How much perennial (permanent) seed is included? For a permanent lawn, you need a full 100%—otherwise, you'll have to do some re-seeding the next season. How many seeds per pound? The more there are, the larger area seeded and less money spent. What grasses are included in the mixture? Each type of grass has certain growth abilities—you should choose the mixture of grasses that will best meet your specific lawn problems. Wards Spring General Catalog (Page 857) gives you a complete story on how you'll save time and dollars by merely reading the content label. You'll find that **Garden Mark Lawn Seed** will save you time, effort and money in the long run. **FREE**—included with each order—Wards Lawn Seed Bulletin with valuable hints on lawn care.

A LOW PRICE TAG ON SEED CAN COST YOU TIME AND MONEY

Only  **Garden Mark Show Lawn Offers 3 Newest Grass Varieties**

\$2.09 Lb. Covers 500 Sq. Ft.

1. **MERION BLUEGRASS**—stays green in summer, resists crabgrass.
2. **DELTA BLUEGRASS**—extra hardy (originated in Canada) for quick growth, excellent color.
3. **PENNLAWN FESCUE**—for semi-shade and poor soil conditions.

• Over 2 million seeds per lb., 100% permanent grasses

Show Lawn, we believe, is the finest lawn seed mixture you can buy. Not only the 3 newest grasses in production are used, but it covers a larger area than other mixtures and actually costs you less over the years in maintenance, re-seeding and reworking! It is a Merion Bluegrass mixture that makes a luxurious turf free of weeds, and matures with richer, ever-deepening beauty.

Grows more luxuriant each year—summer heat or winter freeze will not damage your Show Lawn. Contains over 41% Merion Ky. Bluegrass (used in major league baseball parks); new Delta Bluegrass; new Pennlawn Fescue and Highland (upright) Bent grass. 1 lb. plants 500 sq. ft.; 1000 sq. ft. re-seeding. See "Shipping Note." 89 MG 6931—1 lb. Ship. wt. 1 lb. 4 oz. \$2.09 89 MG 6932—3 lbs. Ship. wt. 3 lbs. 8 oz. 5.89 89 MG 6834—15 lbs. Ship. wt. 17 lbs. 27.95 89 MG 6933 KB—25 lbs. Ship. wt. 26 lbs. \$5 Down, Cash 43.95

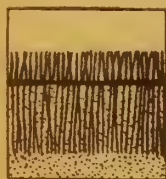

Guaranteed FRESH

 **Garden Mark** Lawn Seeds are fresh stock—not stored or left over from past seasons but new seeds gathered from growing crops. Every kernel is plump, and vigorous—ready for the planting and care that will bring it to life.

Guaranteed PURE

99.91% weed free—as free as modern, efficient machine cleaning and cleaning methods can make them. And they're completely free of dirt, sticks and empty hulls—you pay for selected, growable seeds, not pounds of chaff and waste material.

Guaranteed VIGOR

Good seed requires high germination—the "built-in" ability to grow. Germination of **Garden Mark** Lawn Seed is row crop grown, cultivated and fertilized to insure vigor and growing ability. Date of test and germination % appears on label of each package.

Guaranteed RESULTS

In "action areas" (new lawns, muddy spots, play areas, etc.), sun or shade, when receiving reasonable care, **Ruf-N-Tuf** is especially suitable. All Purpose was developed for shady areas (with less than 6 hours full sunlight). Show Lawn contains a mixture to meet most requirements and give you the finest lawn possible, at only slightly higher price.

\$1.19 Lb. Covers 300 Sq. Ft.

 **Garden Mark "All Purpose"** for sun or shady areas, grows anywhere that grass will grow—medium texture lawn will last and last—yet requires only ordinary care.

- Ideal for shady areas exposed to less than 6 hours of full sunlight. Also for sandy or poor soil, slopes or terraces.
- Over 1½ million seeds per lb., 100% perennial (permanent) grasses.

All Purpose is a select blend of high grade grass varieties. One or more of the varieties contained in the mixture will take hold, depending on soil and climate. Rugged for heavy traffic yet will require no more than ordinary care.

53¢ Lb. Covers 200 Sq. Ft.

 **Garden Mark "Ruf-N-Tuf"** for "action areas", temporary lawns.

- Medium to coarse texture lawn grows fast, takes abuse, needs little care.
- Contains over 800,000 seeds per lb. 70% perennial (permanent) grasses.

Ruf-N-Tuf is ideal for problem areas with heavy traffic of children or pets. Ideal for summer homes. Maintains a good-looking ground cover. Stays green most of its lifetime with good watering. May be made permanent by adding some new seed each spring or early fall.

Regardless of which variety of grass predominates, "All Purpose" makes a dense, deep-rooted turf of which you will be proud. Contains Illahee Fescue, Kentucky Bluegrass, Delta Bluegrass and Highland (upright) bent grass. 1 lb. plants 300 sq. ft. (10 by 30-ft. area); for reseeded old lawns 1 lb. plants 600 sq. ft. (20 by 30-ft. area). See "Shipping Notice". Wts. 1 lb. 4 oz., 5 lbs. 8 oz., 17 lbs. and 26 lbs.

Merion Ky. Bluegrass

Garden Mark For good soils in the sun. Makes hardy, thick cushioned turf that resists weed invasion. Used so successfully on leading University football fields and in major league baseball parks. Stays green when other grass turns brown. 1 lb. covers 750 sq. ft. new lawns; 1 lb. covers 1500 sq. ft. when reseeded. See important "Ship. Note" at right at bottom of page.

89 MG 6920—1 lb. Wt. 1 lb. 4 oz. \$2.89 89 MG 6943—3 lbs. Wt. 3 lbs. 8 oz. 8.39 89 MG 6944—15 lbs. Wt. 17 lbs. 39.95 89 MG 6945 KB—25 lbs. Wt. 26 lbs. 64.95

Famous Ky. Blue Grass

Garden Mark Kentucky Blue Grass. Deep rooting. Withstands summer drought and winter freeze. Stands hard wear. When established makes thick turf and close-knit roots discourage weeds. Use 1 lb. for 250 sq. ft. new lawn, 500 sq. ft. for reseeded. See "Shipping Note".

89 MG 6902—1 lb. Ship. wt. 1 lb. 3 oz. 85¢ 89 MG 6938—3 lbs. Ship. wt. 3 lbs. 8 oz. \$2.49 89 MG 6939—15 lbs. Ship. wt. 17 lbs. 11.75 89 MG 6940 KB—25 lbs. Ship. wt. 26 lbs. 18.75

White Clover. For those who want to add White Clover to their favorite mixture. Use ¼ oz. for 1 lb. or 4 oz. to 5 lbs. of mixture. 89 MG 6936—¼-Oz. Pkg. Wt. 1 oz. 15¢ 89 MG 6937—4-Oz. Pkg. Wt. 6 oz. 45¢

Domestic Ryegrass

For quick coverage of spots that may require reworking later. Mix with Ky. Bluegrass or Merion Ky. Bluegrass as a nurse crop. Starts quickly, protects slower grasses until established. Dies out in winter—lets desirable grasses take over. Use as winter grass in Southern areas by overseeding on established Bermuda Grass. Use 5 lbs. to 1,000 sq. ft. or 5 lbs. mixed with 15 lbs. of Merion or Kentucky Bluegrass. Ship. wt. 5 lbs. 8 oz.

89 MG 6901—5 lbs. \$1.35

Merion Bluegrass Seeder

For even distribution of Merion and other fine seed. You can sow as little as 1 lb. of Merion Bluegrass per 1,000 sq. ft. Green baked enameled steel container holds about 1 lb. Size 6x4 in.

89 MG 2237—Postpaid. \$3.89

SEE WARDS COMPLETE LINE OF MOWERS

In Spring General Catalog, Pages 850 to 853. Includes new Lawn Trimmer-Reel Mower plus our biggest line yet of riding mowers.

New Meyer Z-52 \$2.98 Zoysia Grass 500 Sq. Ft.

- Sparkling green, even in hot-est weather
- Grows slowly—needs mowing less often
- Deep, close-knit roots absorb maximum amount of moisture—need less watering
- Once established, its thick turf resists troublesome weeds, dandelions, crabgrass

Now You Can Enjoy the Brilliant Beauty of a Zoysia Lawn—Meyer Z-52 Zoysia boasts all the qualities necessary to make it a truly outstanding grass. Its amazing vigor lies in the thick network of roots and rhizomes which spread underground to form a dense top growth. Resists most insects and grass diseases. Withstands heavy traffic and hottest weather. Turns brown in fall but greens in spring.

Requires Minimum Maintenance While Giving Maximum Beauty. Its habit of low top growth permits closer, less frequent mowing; its vigorous root growth means less watering. Will endure year after year without need of replanting. Shipped soil-free (aves postage) from Florida at proper planting time for your area. Pay postage from nearest House. Instructions. Ship. wts., 10 lbs. and 19 lbs. 89 MG 6801 K—600 sprigs. Plants 500 sq. ft. \$2.98 89 MG 6802 K—1200 sprigs. Plants 1000 sq. ft. 5.29

"Grass Stop" Lawn Edging

Was \$3.59
4 in. x 40 Ft.

NOW ONLY
\$3.23

- Beautifies your lawn and garden area.
- Saves hours of back breaking trimming, edging, shaping.
- Installs flush with grass, hardly visible, stops grass roots.
- So easy to handle, you'll enjoy using lightweight aluminum.

Take a second look the next time you see an outstanding lawn or flower bed; you'll probably find lawn edging doing the job. "Grass Stop" forms an inconspicuous barrier against spreading roots—gives a "tailored" look to your flower bed, walks, driveways, etc., without extra hours of trimming. Prevents soil loss through erosion. Install level with soil surface—mow right over it.

Garden Mark Aluminum Grass Stop. Rustproof—lasts for years and years. Rolled safety edge at top and bottom. Easy to cut with garden shears. Comes in 40-ft. Rolls.

89 MG 2254—4-in. high. Postpaid. 40-ft. Roll. Was \$3.59, Now **\$3.23**

89 MG 2255—6-in. high. Postpaid. 40-ft. Roll. Was \$5.25, Now **4.72**

"No See" Galvanized Steel Edging. Guaranteed 15 years against failure due to rusting or will replace free of charge. Does not interfere with mowing—mow right over it. Heavily galvanized, corrugated steel with spring-like temper. Two-foot sections, 3/8 in. high, overlap at ends; joined with metal clips.

89 MGP 2252 M—Twenty 2-ft. strips. Postpaid..... **\$4.48**

89 MGP 2256 M—40-ft. continuous roll. Postpaid..... **4.48**

Use in any shape around flower beds and gardens.

Use around walks and driveways to "tailor" your lawn.

DIAL CONTROL has 34 graduated settings for varying rate of spread from "fine" to "wide-open". Gives uniform, "no waste" coverage.

NEW—ANOTHER Garden Mark FIRST Now—No More Overlaps

New 28-in. Lawn Spreader \$16⁹⁵

- Hopper (3) drops spot of lime or flour to mark path previously covered; cuts waste and prevents "burning"
- Accurate, easy to read flow control with 34 settings
- Serrated "zig-zag" agitator for "no waste" coverage.
- Rust and corrosion-resistant agitator; shut-off plate
- Streamlined design, Copper and White colors
- Shut-off handle locks in place—shuts off instantly.

T Garden Mark Extra large capacity spreader with automatic row marker (3) gets more work done in less time and with less work—makes sowing seed and spreading fertilizer, weed killers, easier, cheaper. Spreads wide 28-in. path. Fingertip 34-adjustment dial control shown above. True capacity steel hopper (28x10x10½ in.) holds 85 lbs. of dry fertilizer. Handy chart on handle shows sq. ft. of coverage per lb. for lawn seed and lbs. of fertilizer delivered per 1,000 sq. ft. at different rates of flow. Serrated agitator teeth produce constant "in" and "out" action for no-waste coverage. Heavy gauge steel hopper.

Copper and White baked-on enamel finish. Channel steel legs, steel handle and rubber hand grips. 10x2.00 semi-pneumatic tires. Wide tread on tires protects new seed bed and young seedlings. Nylon bearings.

89 C 1086 MO—Ship. wt. 32 lbs. Mailable..... **\$16.95**

U Garden Mark 20-in. Spreader. Popular size. Spreads path 20 in. wide. Same fine construction and features as (T) except without row marker. (1). 20x10¼x10¾-in. steel hopper holds 60 lbs. dry fertilizer. 10x1.75 semi-pneu. tires.

89 C 1080 MO—Ship. wt. 26 lbs. Mailable..... **\$10.45**

See Wards additional complete line fertilizers on Page 45 including easy to use water soluble fertilizers and dry fertilizers for use with all the lawn spreaders shown above.

Fertilizers to Build Healthy Lawns, Trees and Shrubs

SAVE 2 WAYS NOW

Garden Mark Compressed Air Sprayers

Check These 9 Features

1. **PRICES CUT 26% TO 29% on all Funnel Top Sprayers.** Manufacturer's nationally-advised price is much higher in each case—check your exact saving at right.

2. **BUY 2—SAVE 10% MORE.** For best results, it's advisable to use 2 sprayers—1 for weed killers and 1 for spraying insecticides and fungicides. Saves time, ends extensive cleaning when changing chemicals.

1. **Oil-Resistant Hose.** Complete with 30-in. hose (36-in. on (D) and (E)). Spring guard.
2. **Automatic Trigger Control Handle.**
3. **Brass Extension Rod.** Curved for spraying underside of foliage. Full 3/8-in. inside diameter.
4. **Rolled Top Edge.** Protects hands, fingers.
5. **Seamless Brass Pump.** 1 3/4-in. diam. Resists rust and corrosion.
6. **Web Shoulder Strap** and shoulder pad on (A) and (E). Lighter sizes need no strap—have handy carrying handle.
7. **Clips Hold Rod** when not in use; for storage.
8. **Rust-Resistant Tank.** Galvanized steel. Electrically welded seams. Copper enamel trim.
9. **Adjustable Nozzle** won't clog. Sprays fine mist or coarse stream.

Funnel Top Sprayers

- Compressed air provides continuous spray
- Steel constructed tanks, tested to 100-lbs. pressure
- For insecticides, fungicides, weed killers, etc.

High Wheel Cultivator

- 24-in. Wheel; 2 smooth-rolling ball bearing races.
- Overdrive—rolls freely, easily with no wobble.

1 **Garden Mark.** For rapid and efficient cultivation between rows. Over-the-axle handles lessens "deadweight" in hands, increases leverage on attachments. Cross bracing on handles—with special x-brace to provide added reinforcement. Easier running, easier to push and handle. Lightweight but strong high-carbon tubular steel handles are quickly, easily adjusted to suit height of operator by means of wing nuts. Improved rubber grips are easier on the hands.

Includes high-carbon steel 5-tooth Weeder, Turning and Hilling Plow, Reversible Shovel and Wrench. Other attachments available in new 1959 Farm Book.
89 MG 1770 YO—Ship. wt. 21 lbs. Mailable.....\$11.95

2 **Garden Mark.** Speedy Mulcher. Rolls along like a lawn mower. 10 times faster than hoe and much easier to use. Breaks up soil, cuts weeds, brings them to surface. Cutter knife at rear penetrates ground and cuts roots below surface of soil. Makes a fine dust to retain moisture. Use once a week. For deep cultivation, swing handle over and use the three cultivating shovels. Has eight 10-inch steel blades.

Save \$20⁴⁵ on Aluminum Screenhouse

- Strong, rustproof aluminum frame construction—needs no painting, lasts for years.
- Luxury-styled to give your yard a holiday look and to insure cool, comfortable living.
- Fiber glass screening for greater visibility, longer life—no annoying bugs.

Add Another Room Out-of-Doors For Your Family's Summer. Enjoy a pleasant summer, living in your own yard—eat, entertain and sleep in cool comfort free from insects and mosquitoes. Use as outdoor playhouse for children. Sturdily built for years of enjoyment—not just one season. (9x12-ft. house shown.)

Aluminum structural members—won't rust or rot, never need painting. Panels, frames and braces of 1x1-in. sq. aluminum tubing with aircraft type welded construction. Panels 3x6 1/2 ft. high. Strong, fine-mesh fiber glass screening (gray color matches frame)—dent-proof, has snap-back tension, non-staining, rustproof. Produce much less glare than other type screening. Meets Federal Spec. L-S-137.

Panels bolt together easily with no gaps—anchoring points where panels join at bottom for securing screenhouse to stone, wood, cement, asphalt or ground flooring. Solid Green heavy canvas roof with scalloped edges and white piping trim. Top rests on roof supports and fastens to top of each panel frame. No-sag, factory-installed door with 3 hinges plus threshold, safety lock (locks from either side). 2 keys. Center 8 1/2 ft. high, sides 6 1/2 ft. Prefabricated—no drilling, cutting. Parts bolt together with hand tools.

Patio Snack Bar and Storage Building \$143⁵⁰

- Side opens up to make canopy—ideal for use as patio, snack bar or as roadside stand—when closed makes 5x7 storage shed!
- Easily assembled—easily dismantled and moved to new locations.

(J) All-Steel Multi-Purpose Building. Versatile, portable, 100% steel construction—you can put it together with only a screwdriver and pliers. Simple 5-piece assembly (4 sides and roof)—no floor.

Side-opening canopy locks securely in open or closed position for maximum safety. 12-in. wide hinged wood board swings up when canopy is open to make serving counter. Factory installed door and canopy hung on full length piano-type hinges. Large 37x66-in. high door with garage type key lock door handle and two keys. Inside release prevents anyone being locked in. Door end panel may be installed at either end of building. Awning type louver vents for extra air circulation. All flanges curled—no sharp edges. Leakproof roof slopes from 76-71 in.

Baked-on prime coat of green paint—repaint any color desired. All necessary nuts, bolts included. Shipped from Factory near Detroit, Mich., allow 7 days plus transit time. Shipping wt. 345 lbs.

Plant Geraniums for Brilliant Beauty

ALL-SEASON BLOOM—COLORFUL CHEER FOR WINDOWS IN WINTER—OUTDOORS IN SUMMER

Almost Continuous Bloom—Spring to Frost. Beautiful big flower heads or richly colored foliage types for borders, window boxes, urns or porch box planting. Among the most useful of all plants for lining walks or driveways, or in pots to border a terrace or patio. Plant in a mass of one color or all the colors together. You'll find the colors will never clash.

Excellent as Potted Plants for Indoor Use. If you have a sunny window you can keep it full of colorful plants all winter. New young well established plants shipped by Wards are the best for most indoor conditions. However you can cut back plants that have bloomed outdoors. For best results keep the room cool at night (55-65°), water when dry.

Bloom within 3-4 Weeks After Planting. Plant after frost is out of the ground. Plants shipped are 4 to 8 inches tall, packed in paper pots with root system undisturbed. Strong growing, compact and vigorous. Easy to grow in all zones but must be dug and brought indoors over winter before killing frost. Complete planting instructions with order.

All Geraniums are shipped from January 1 to June 1 in spring, and from September 15 to December 31 in fall. If wanted for indoor use, please state on your order. If preferred shipping date is not given, plants will be shipped at proper outdoor planting time in your area.

(A) to (D) LARGE DOUBLE FLOWERED ZONALE GERANIUMS. (*Pelargonium zonale*). Distinctive colors will accent your garden. Vigorous growers on strong stems. All are free flowering. Will grow well even in hot, dry areas, and under adverse conditions.

- (A) 91 MG 7953—**White.** Pure white double blooms on bushy plant.
- (B) 91 MG 7952—**Light Pink.** Magnificent pink flowers. Profuse bloomer.
- (C) 91 MG 7951—**Bright Red.** Brilliant clear red. Superb variety.
- (D) 91 MG 7950—**Dark Red.** Outstanding deep crimson blooms. Popular.

Acclaimed Best Hybrid Darwin

Drum Major was the 1958 International Florist Exposition Award Winner at Gruga in Essen, Germany. Giant flowers up to 2 times as large as regular Darwins. Intense orange-red color gives an iridescent glow. Petals gracefully rounded; flower lasts exceptionally long. Grows to height of 20 in. on firm stems. Blooms just when you need it—between early Red Emperor and the Darwins. Plant about 5 in. apart, 4 to 6 in. deep. Postpaid.

89 MGP 9710 D—Ea. 29c; 3 bulbs 75c; 6 bulbs \$1.29

***10* Add-On Order Buys Colorful Corner Planting For House or Garage**

4 Shrubs; 9 Ground Cover Plants

Use this plan to provide a bit of color from early spring through early summer. (1) is Mock Orange, Minnesota Snowflake; (2) is Flowering Almond; (3) is Deutzia Gracilis. The plan calls for 5 Dwarf Polygonum ground cover plants to be planted around the front of the shrubs. If you prefer flowers, use Creeping Phlox Crimson Beauty, or for autumn bloom, plant Crimson Lady or Powder Puff Cushion type Chrysanthemums. If you use Mums plant King Alfred Daffodils and Muscari or Crocus for spring bloom, too.

*Exact total price of plants may vary by area.

***10* Add-On Order Buys Fence Line Flower Border**

**10 Perennials; 1 Hardy Vine; 2 Shrubs;
2 Floribunda Roses; 18 Tulip Bulbs; Seeds**

Provides Color Spring through Fall

This border, planned to set off a tiny pool, has been designed to give you most bloom at least cost. (1) is Pink Flowering Almond; (2) is Balloon Flower; (3) is Floribunda Rose; (4) is tall growing Chrysanthemum; (5) is Dwarf Iris—about 4 plants; (6) is Blue Mist Spirea. Fill in area (7) with 18 Tulip Bulbs followed by Zinnias to be planted from seed. Plant a border (8) of Sweet Alyssum Seeds; and use a Hardy Ivy for (9) in back of the little pool. Buy 2 plants each unless otherwise indicated above. Later, area 7 may be filled with perennials.

*Exact total price may vary by area.

***20* Easy Payment Order Buys Shrub Border or Yard Corner Planting**

18 Flowering Shrubs; 1 Flowering Tree

Multiply this border to cover the length of your lot and enjoy colorful bloom from spring through fall. (1) is White Dogwood; (2) is Forsythia; (3) is Beauty Bush; (4) is Double Althea Rose of Sharon; (5) is Purple Plum. If you repeat the border you may choose other tall plants as accents for this spot. (6) is A. G. Hydrangea; (7) is Potentilla Gold Drop. If you multiply the border you may use alternate varieties of Althea. White dotted line shows portion of border in sketch. Buy one plant for each area.

*Exact total price of plants may vary by area.

***100* Home-Improvement Order Buys Complete Planting**

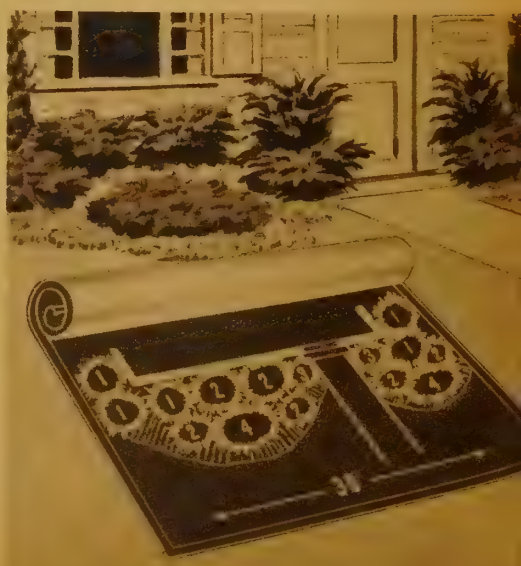

A Complete Home Planting for \$100? Yes, Wards have carefully chosen trees, shrubs, perennials and bulbs to provide a satisfying beginning for the new home owner. The plans outlined below will show you how.

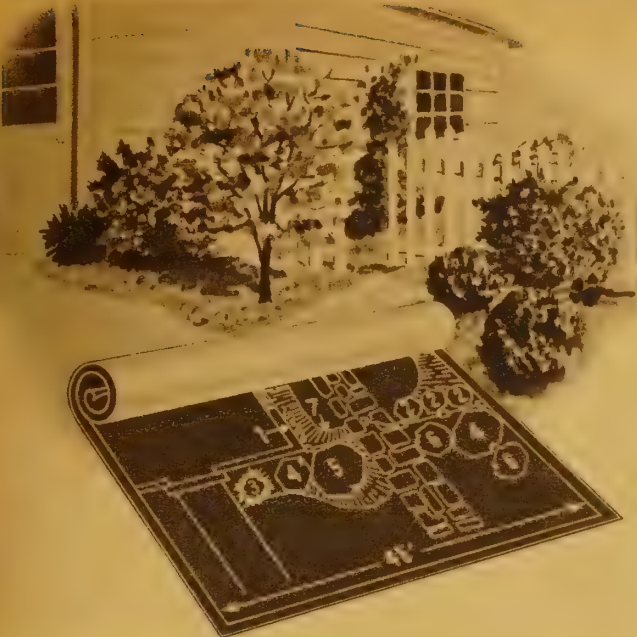

Back Yard Perennial Border (see at left). Repeat the 20-ft. border or sections of it to suit your purpose. (1) is Delphinium, Summer Skies; (2) is Regal Lily; (3) is Tall growing Phlox; (4) is Pink Balloon Flower; (5) is Veronica; (6) is Marconi Shasta Daisy; (7) is Buddlea Pink Dawn; (8) is Hardy Chrysanthemum—your choice of color, but not more than four varieties; (9) Tall Bearded Iris in your choice of color in 2 varieties; (10) is Baby's Breath; (11) a border of Million-Mums planted alternately with groups of Daffodils (total of 72) and Tulips (total of 138). Foreground shows Mugho Pine on each side of patio. Numeral following key, indicates number of plants to buy for each area.

Evergreen Foundation Planting (see at right). You will readily find ways to adapt this group to your own needs. Remember to keep low shrubs in front of windows; taller varieties at the corners. (1) is Hicks, (Upright) Yew; (2) is Pfitzer Juniper; (3) is Savin Juniper; (4) is Creeping Juniper. Plant the area between the evergreens with a ground cover of Vinca Minor (12 plants). For early spring color you may add Daffodils between evergreens. The \$100 allowance will permit you to add 2 trees: Moraine Locust and Magnolia Soulangeana. To be planted where most suitable.

*Exact total cost of plants may vary by area.

**1 Shade and 1 Flowering Tree
17 Coniferous Evergreens
12 Ground Cover Plants
64 Hardy Perennial Plants
220 Hardy Bulbs**

'20* Easy Time-Payment Order Buys Entrance or Driveway Planting

14 plants in a wide variety, plus seeds.

This planting is just as effective if you adapt it to a side drive. (1) is Hardy Ivy against the wall; (2) is New Dawn Climbing Rose (planted on the far side of the fence); (3) is Mugho Pine; (4) is Weigela Rosea shrub; (5) is Magnolia Soulangeana, a small flowering tree; (6) is Dwarf European Cranberry shrub; (7) is a border of annual flowers of your choice. Group provides color from earliest spring, all through summer, with the pine remaining green all winter.

*Exact total cost may vary by area.

'100 Home-Improvement Order Buys Beautiful Formal Rose Garden

52 Rose Bushes; 3 Tree Roses; 25 Hedge Plants

The varieties were chosen for this garden to give you a wide variation of color, and a long season of bloom. You may also adapt the plan to a garden of all Hybrid Tea Roses. The rose varieties listed below are all Floribundas. (1) is the border of Dwarf Privet, Lodense (25 plants); (2) is an inner border of White Lafayette (15 plants); (3) is Goldilocks; (4) is Circus; (5) is Red Pinocchio; (6) is Rosenelfe; (7) is Spartan. Buy 3 plants each for areas 3 through 7. (8) Indicates Tree Rose in whatever color you prefer. We suggest, however, that you buy all 3 of one variety for best effect. *Exact total cost may vary by area.

REGULAR TERMS

For Anything Wards Sell. Now, without waiting, you can have and enjoy many of those things you have long wanted . . . for your home, your lawn or your garden . . . and that seemed beyond your reach. Wards easy terms will put them in your home right away. Just see how easy it is to open an account at Wards. Here is all you need do:

Simply write an order, include anything Wards sell, (the first order should be \$20 or more). Then turn the order blank over and fill-in the application-for-credit form and have it signed by the head of the household. Enclose your personal check or a money order for the required down payment (usually 10% or as shown) and mail it. Pay the balance in convenient monthly payments as shown in table below. You have up to 18 months to pay. That's all there is to it. If you prefer, you can open your account at any Ward Retail Store or Catalog Store. (See list in Big Catalog.)

2

ADD-ON PLAN

See How Wards Add-on Plan Simplifies Your Shopping. Enjoy the convenience of an open account. Once your credit is established at Wards, you can make additional purchases as needed, in amounts of \$10 or more, without down payment, and usually without increasing the amount you pay monthly. All you need do is write "Add this to my account" on the order, and then sign the add-on Form on the other side of the Order Blank. The table of Terms below shows you the maximum unpaid balance you are entitled to for ANY amount you want to pay monthly.

3 Ways for Effective Landscape Designs

1. Brighten Your Landscape With a Touch of Contrasting Color.

Dwarf Youpon Holly—8 to 10-in. size—\$198

(A) (*Ilex vomitoria compacta*). A small, compact, broad-leaf evergreen of refined form, to add to the foundation planting, to use as a ground cover, or in the rock garden. Grows 2 to 3 ft. tall. May be sheared. Small, deep green oval foliage is extremely handsome. Tiny clusters of flowers are followed by small scarlet berries. Grows in any soil, but thrives best with some shade and high humidity. Hardy in zones 1 through 4.
91 MG 7539—8 to 10-in. size. Shipped in spring or fall.
Postpaid. Each.....\$1.98; 3 for.....\$5.35

Purpleleaf Wintercreeper 3 for \$435

(B) (*Euonymus Radicans Coloratus*). Green foliage in spring and summer, bronzy purple foliage in fall and winter. Color is deep shade above and paler color below. Makes a handsome border about 12 to 15 inches tall, or may be used as ground cover. Will trail over a low wall, rough ground or tree stumps. Clusters of greenish white flowers in summer, followed by pinkish fruits with orange husks. Spreads rapidly. Hardy zones 1 through 7. Plant 2 feet apart in spring or fall.
91 MG 5545—Postpaid. Each \$1.50;3 for \$4.35

Christmas Holly—Ea. \$198

(C) (*Ilex opaca howardi*) or Howard's Holly. Very dark, glossy foliage with some spines. Red berries. Grows to 45 ft. Shears well for hedge. Plant in sun or light shade, and in moist, acid soil in spring or fall. Hardy zones 1 through 6. Propagated from berry producing plants to assure berries.
91 MG 7522—12-15-in. size
Postpaid....Each \$1.98; 3 for \$5.35

Crimson King Maple 4 to 5-ft. Whip \$495

(D) (*Acer platanoides schwedleri nigra*). One of the most beautiful of all shade trees. Retains its brilliant deep maroon foliage from early spring through fall—an exciting all-season contrast to green shrubs and lawn, and its own silvery bark. Tall growing. Provides dense shade. Ideal city tree. Hardy zones 1 through 7. Plant Pat. 735. Shipped in spring only. Trees are whip or lightly branched.
91 MG 5822—4 to 5-ft. Size.
Postpaid.....Ea. \$4.95; 2 for \$9.50

Harlequin Maple 5-6-ft. Whip—\$550

(E) Lovely silver-edged maple. Makes an outstanding display and is exceptionally ornamental wherever it is used. Center of leaf is green, narrow outside margin is nearly white. Makes a rounded, compact tree 40 to 50 ft. tall. Excellent lawn tree. Provides dense shade. Plant in spring or fall. Hardy all zones. Trees are whips or lightly branched.
91 MG 5821—5 to 6-ft. whip.
Postpaid...Each \$5.50; 2 for \$10.50

Crimson Pygmy Barberry 10 plants for \$950

(F) (*Barberis atropurpurea nana*). A low, slow growing barberry. Ideal for edging walks or for foreground of shrub planting. Grow to about 12 in. tall, 15-18-in. in diam. Older foliage is bronzy red, newer foliage is more brilliant red color. Plant 12 in. apart in spring or fall, and in full sun to bring out best color. Hardy all zones.
91 MG 5504—6 to 8-inch size.
Postpaid.....10 for \$9.50
25 plants for \$23.25; 50 for 45.00

Dwarf Blue Arctic Willow 12-15-in. size—10 for \$795

(G) (*Salix purpurea nana*). Beautiful gray-blue-green foliage contrasts handsomely with dark green evergreens or with reddish purple foliage. Grow to about 3 ft. tall, or may be sheared back to about a foot tall. 12 in. in diam. Very easy to grow anywhere—even in wet or heavy soils. Plant 8 inches apart in sun or shade and in spring or fall. Hardy all zones.
91 MG 5513—12 to 15-in. size.
Postpaid.....10 plants for \$7.95
25 for \$19.50;50 for 37.50

2. Add Fresh Interest With New Varieties and Exotic Blooms.

Cherry Glow Grandiflora Rose New for '59—Ea. \$275

(H) Borders and beds of roses provide easy ways to achieve masses of colorful bloom over a long season. This wonderful new grandiflora rose, Cherry Glow is too new to be included in our rose pages! Perfect for landscape use because the well branched upright plants and clusters of deep cherry red Hybrid Tea shaped roses are a fine addition to foundation plantings, shrub borders or perennial borders. Beautiful urn shaped buds open to satiny blooms 3 to 4 inches across on long stems. Ideal for cutting. Glossy, thick, leathery foliage. Bloom intermittently from June to frost. Hardy all zones, but require winter protection in zones 8 and 9. Plant Pat. applied for. Plant in spring or fall. Shipped Postpaid.
91 MG 5035—Ea.....\$2.75;
3 or more.....\$2.55 ea.

Passion Vines—Tropical Beauties Grow Out Doors or in Pots—\$129 Each

(*Passiflora*) For exotic bloom, the Passion Vines cannot be surpassed. Their flowers are spectacular in form and intricate in coloring. Begin to bloom the first year. Will climb on fence or trellis. Plant in rich, moist soil with plenty of sun. Shipped spring only.

(J) *Pfordti* (*P. alata caerulea*). An exquisite combination of pink, blue, purple and white in subtle shadings on flowers about 4 inches across. Hardy in zones 1 and 2, but gardeners in all zones may plant them in large pots outdoors, and bring them indoors in fall. Foliage is evergreen in zones where it is hardy.
91 MG 7596—Postpaid. Each \$1.29; 3 for \$3.49

(K) *Incarnata*. Amazing little flowers about 1½ inches across in an intricate design of bluish purple and greenish white. Blooms abundantly, and is very easy to grow. Hardy as far north as zone 7 if well protected.
91 MG 7597—Postpaid. Each \$1.29; 3 for \$3.49

Sasanqua Camellias—Will Stand 0° Temperatures Bloom in late Fall \$139 and \$149 Each

Beautiful, informally shaped, broadleaf evergreen shrubs with hundreds of flowers at a time when few things bloom. Excellent shrubs for foundation plantings. Flowers are wonderful for cutting. Plant in any moist, but well drained soil, well fertilized with organic fertilizer. Plant in spring or fall, but fall planting is preferred. Hardy in zones 1 through 5.

(L) *Cleopatra*. Tall growing, in natural pyramidal shape from 10 to 15 ft. Makes an excellent tall hedge as well as a specimen shrub. Handsome glossy green foliage. Blooms in Sept., October, and November. Semi-double rose-pink blooms.
91 MG 7552—9 to 12-inch size. Postpaid. Each \$1.39; 3 for \$3.75

(M) *Mino-No-Yuki*. (Snow on the Mountain). A loosely growing shrub with spreading branches and large, dark green foliage. Grows 4 to 5 ft. tall and makes a fine hedge, corner planting or foundation shrub. Semi to fully double porcelain white flowers in October, November, and December.
91 MG 7538—9 to 12-inch size. Postpaid. Ea. \$1.49; 3 for \$3.98

DON'T WAIT! Do your landscaping now on one of Wards Convenient Monthly Payment Plans. There's a plan to suit your purpose. See Page 61 for complete information. So plan to plant this year.

3. Let Plants of Informal Shape Complement Angular Lines.

Summer Glow Tamarix 18 to 24-in. size \$175

(N) (*T. hispida*.) A lovely, lacy looking informal shrub to use as an accent in the border. Rose-pink flower spikes and finely cut, silvery-blue-green foliage are both good for cutting. Blooms all summer long, tolerates salt air and wind. Excellent for seaside planting. Grows to about 8 ft. tall, but may be pruned and kept to 5 or 6 ft. Plants bloom the first year, but must be pruned back to 6 or 8 inches when transplanted or they will not succeed. Plant spring or fall. Hardy zones 1 through 7.
91 MG 5414—18 to 24-in. size. Shipped Postpaid.
Each.....\$1.75; 3 for.....\$4.75

Russian Olive—Wind-Resistant 3 to 4-ft. size—\$180

(P) (*Elaeagnus angustifolia*.) One of the finest small hardy trees for screen planting. Grows to about 20 ft. tall, and is graceful and irregular in shape. Silver-gray-green foliage makes it perfect to plant with shrubs that have red or purplish foliage. It's wind resistant, drought resistant, and extra hardy even in coldest climates (zones 1 through 9). Branches have a few spines thus making it a good barrier. Thrive even in dry sites. For screen plant 6 ft. apart in spring or fall. Trees shipped are 3 to 4-ft. size.
91 MG 5618—Postpaid. Each \$1.80; 2 for \$3.50

Weeping Double Flowering Peach 2 to 3-ft. size—\$229

(R) (*Prunus persica*.) An unusually beautiful small tree (trunk is about 5 ft. high) for specimen planting on the lawn. Long, weeping branches are covered with glorious, double blossoms in spring when fruiting peaches are in bloom in your area. Plant in any sheltered location where winters are not too severe and frosts are not too late in spring. Hardy zones 1 through 7. Shipped in spring only. Postpaid.
91 MG 7586—RED FLOWERING. Ea. \$2.29; 2 for \$4.12
91 MG 7587—PINK FLOWERING. Ea. \$2.29; 2 for \$4.12

Easy Answers to Difficult Garden Problems

USE VINES FOR QUICK SHADE, TO HIDE DEFECTS, SOFTEN CORNERS

Large Flowering Clematis \$1.35 and \$1.55 Each

Jackman Hybrid Clematis below, have the biggest flowers, most variety of color, and make a more spectacular display than any other group of hardy vines. Use them on a trellis or train them to soften and frame a window. Usually grow to 10 ft. Varieties listed bloom in summer, and de Bouchaud will bloom again in early fall. Plants die to ground in winter, but grow in spring. Often bloom the first year.

Thrive best in rich, deep, well drained soil. Hardy all zones, but protect in winter in zones 8 and 9. Plant in spring only. Plants are 4-in. pot size.

Garden Mark Collection. 1 each of A, B and C. Saves 30c.
91 MG 2615—Postpaid. All 3 for \$3.75

A 91 MG 2610—**Jackman**. Most widely grown Clematis. Unusually large, velvety, purple-blue flowers.

B 91 MG 2614—**Mrs. Cholmondeley**. An abundance of extra large, open flowers in a rare shade of wisteria blue.

C 91 MG 2613—**Crimson Star**. Saucer size flowers of brilliant red cover the vine. Extremely vigorous.

Prices of above Clematis—Postpaid
Potted Plants. State Cat. No. Ea. \$1.35

D **Comtesse de Bouchaud**. Deeply veined, gracefully curved petals of satiny rose with lighter midrib. Blooms profusely from July 'til Sept. One of the finest large Clematis.

91 MG 2623—Postpaid... Each \$1.55

M **Hardy Ivy**. (*Hedera helix*). Very tall growing, if allowed to climb, frequently reaches a height of 80-90 feet. Glossy green foliage remains green all winter. Plant in sun or shade. Hardy zones 1 through 7. Pot grown plants.
91 MG 2628—Postpaid. Ea. 85c
3 for \$2.40; 6 for \$4.50

Flowering Vines for Arbor, Fence, or Trellis 65c to \$1.15 Each

Easy to grow. Plant (E to P) spring or fall in ordinary soil.

E **Hall's Honeysuckle**. (*Lonicera japonica halliana*). Blooms summer and fall. Grows to 20 ft. Fragrant gold and white flowers. Blue-green foliage 'til midwinter.
91 MG5539—Hardy all zones. Postpaid. Ea. 65c, 3 for \$1.80

F **Goldflame Honeysuckle**. (*Lonicera heckrottii*). Flowers in summer and early fall. Climbs to 15 ft. Fragrant clusters of deep scarlet trumpets lined with gold. Glossy, blue-green foliage is evergreen in mild climates.
91 MG 5525—Hardy all zones. Postpaid..... Each 95c

G **Jasmine, Carolina Yellow** (*Gelsemium sempervirens*). Bright yellow flowers in early spring. Evergreen foliage. Rampant grower in deep south. Use in tub elsewhere.
91 MG 7558—Hardy zones 1 through 4. Postpaid. Ea. 85c

H **Bittersweet, Oriental**. (*Celastrus orbiculata*). Yellow flowers in early summer, orange berries in fall. May be dried for winter bouquets. Handsome round foliage. Very tall growing. Plant 2 or more for cross-pollination.
91 MG 5537—Hardy all zones. Postpaid..... Each 95c

J **Wistaria, Purple**. (*W. frutescens*). Blooms in spring. Grows to about 20 ft. tall. Big clusters of fragrant purple blooms. Gray-green foliage. Requires sturdy support and plenty of moisture. Winter protect in zones 6 and 7.
91 MG 5542—Hardy zones 1 through 7. Postpaid. Ea. \$1.10

K **Silver Lace Vine**. (*Polygonum auberti*). Blooms late spring through fall. Fast growing. Usually climbs to 25 ft. Covered with misty, foam-like white flowers.
91 MG 5532—Hardy zones 1 through 7. Postpaid. Ea. \$1.10

L **Sweetautumn Clematis**. (*C. paniculata*). An abundance of white flowers in fall. Grows to about 20 ft. Will shade a wall or window. Protect in winter in zones 8 and 9.
91 MG 2618—Hardy all zones. Postpaid..... Each \$1.15

P **Scarlet Trumpet Vine**. (*Campsis radicans*). Blooms in late summer. Usually climbs to 12 ft. Trumpet shaped flowers are lined with scarlet. Dark green foliage lasts until winter.

Fast growing. Grows even in smoky cities. Plant in full sun. Hardy all zones. Postpaid.
91 MG 5541—Each..... 85c

N **Evergreen Wintercreeper**. (*Euonymus Radicans Vegetus*). Will give design to the side of a building, but not cover it. Spreads rapidly. Bright scarlet berries are long lasting. Plant in sun or shade. Hardy zones 1 through 7.
91 MG 5543—Pstpd. Ea. \$1.35
3 for \$3.90; 6 for 7.50

Q **Plumbago**. (*Larpenae*). Small, leathery, dark green leaves with bronze tinge. Brilliant blue flowers in late summer and fall. Grows 6 to 8 in. tall, spreads to a clump 12 to 18 in. across. For edging or bedding. Plant 6 to 8 in. apart. Hardy zones 1 through 7. Postpaid.
91 MG 2631—Each 65c, 3 for \$1.80
6 for..... \$3.30, 12 for..... 5.95

R **Wintercreeper, Large Leaf**. (*Euonymus radicans vegetus*). Thick dark green foliage is evergreen. Bright red berries in fall and winter. Fine for covering rocky banks, tree trunks. Hardy zones 1 through 7. Plant 2-3 ft. apart.
91 MG 5543—Postpaid... Each \$1.35
3 for \$3.90; 6 for \$7.50; 12 for \$14.40

T **Liriope, Big Blue**. (*Muscari densiflora*). Narrow, dark evergreen foliage; large blue flower spike followed by black berries. Grows to 12 in. tall. Excellent edging or pot plant. Plant 12 inches apart. Hardy zones 1 through 7. Available in spring only. Shipped Postpaid.
91 MG 7569—3 for \$1.60; 6 for \$2.89
12 for \$5.29; 25 plants for 9.95

U **Liriope, Variegated Big Blue**, Like (T) above, but foliage has narrow yellow stripe around the edge. Shipped in spring only. Postpaid.
91 MG 7569—3 for \$2.55; 6 for \$4.70
12 for \$9.25; 25 plants for 16.89

V **Hardy Ivy**. (*Hedera helix*). Glossy evergreen foliage. Use for edging. Covers rocks, stumps. Plant 18 in. apart. Hardy zones 1 through 7.
91 MG 2628—Postpaid..... Each 85c
3 for..... \$2.40; 6 for \$4.50

PLANT GROUND COVERS SPRING OR FALL UNLESS OTHERWISE INDICATED.

Ferns—Easy to grow—2 for 85c

- Turn neglected corners into beauty spots
- Excellent for cool, shady areas

Use ferns in shade where neither grass nor flowers will grow. Fine for the north side of the house or under trees. Plant 12 to 18 inches apart in well drained soil. Give plenty of moisture for best results.

91 MG 2512—**Maidenhair**. (*Adiantum cuneatum*). Wiry, slender, black stems with delicate green fronds. Very attractive. A favorite for its fine lacy texture. Give winter protection in cold climates.

91 MG 2511—**Goldies**. (*Dryopteris goldiana*). Broad, bright green fronds with arching, spreading habit. Thrives best in deep shade. Try with Lily of the Valley.

91 MG 2510—**Ostrich**. (*Pteris nodulosa*). Long, leathery, graceful fronds. Dense foliage and long spires. Tall growing. Fine background fern.

91 MG 2513—**Interrupted**. (*Osmunda claytoniana*). Broad, light green fronds. Excellent in foundation planting. Good in sun or shade. Does best in moist soil, but will grow in dry locations also.

Prices of Above Ferns. Shipped Spring or Fall. State Catalog Number. Shipped Postpaid..... 2 for 85c

Finest Shrubs for All Year Display

Broadleaf Evergreens are considered the finest of all shrubs because of their colorful flowers or berries and polished evergreen foliage. Grow best in regions where winters are mild, rainfall plentiful. Wards ship plants packed according to recently developed methods for safe shipment. Planting instructions included. See Page 37 for Zone Map.

Camellias Bloom through Spring

9 to 12-inch size \$149

Camellia japonica is considered to be the finest landscaping shrub. Exquisite blooms, lovely colors and delicate waxy texture are a delight in the garden or as cut flowers in winter when other flowers are scarce. A tall, handsome shrub, with glossy evergreen foliage. Long lived, free flowering. Partial shade best but will stand full sun in cool areas. Zones 1 through 4. Hardy to 10°.

Garden Mark Collection. Includes 1 each of 5 below. *Postpaid.*

91 MG 7529—9-12-in. size. 5 for \$6.50

A 91 MG 7526—**Pink Perfection.** One of the most popular and hardy camellias. Double rose-pink blooms from Thanksgiving through spring. Popular for corsages.

B 91 MG 7527—**Professor Sargent.** Blooms in mid-season on semi-dwarf plant. Extra good for northern fringe of Camellia area.

C 91 MG 7534—**Chandleri Elegans.** One of the largest, finest, and most spectacular of all Camellias. Rose-pink flowers splashed with white in many variations.

D 91 MG 7528—**Purple Dawn.** The largest Camellia. Deep velvety red. Fast growing.

91 MG 7531—**Debutante.** (Not shown.) Peony-type, 3 1/4 in. across. Delicate carmine rose with lighter shading at petal tips. Zones 1-3.

91 MG 7508—9-12-in. size. 3 for \$3.69

Choice Hollies \$149 or \$198

Among the most beautiful and highly favored broadleaves. Thrive best in part shade, except Burford, which grows in sun or shade. Wards ship grafted or cutting-grown plants from berry producing stock. Hollies should be watered freely the first year. For zones 1 through 5. Hardy to 5°.

E **Burford Holly.** (*Cornuta burfordi*). Compact form; profusion of bright red berries that remain for months; and shiny, deep green oval foliage, make this one of the finest hollies. Tall growing, but grows slowly. Drought resistant. Plant in sun or shade. Best in zones 1 through 4. 12-15-in. size.

91 MG 7524—*Postpaid.* Ea. \$1.98; 3 for \$5.65

F **Roundleaf Holly.** (*Ilex crenata rotundifolia*). A very handsome, dwarf, compact shrub with waxy rounded foliage and black berries. Grows slowly to about 4 ft. and is often as broad as it is tall. Zones 1 through 6. Hardy to 5° below zero. 12-15-in. size.

91 MG 7525—*Postpaid.* Ea. \$1.49; 3 for \$3.98

G **English (Christmas) Holly.** (*Ilex aquifolium*). Spiny true Holly foliage. Bears heavy crops of bright red berries in fall and winter. Tall growing, but grows slowly and may be clipped to any size. Hardy zones 1 through 5. 12-15-inch size grafted plants.

91 MG 7523—*Postpaid.* Ea. \$1.98; 3 for \$5.65

Oregon Grape—Ea. \$139

H **Oregon Grape.** (*Mahonia bealei*). Lustrous, holly-like foliage is shaded red and green. Yellow spring flower clusters followed by blue berries. Tall growing. Hardy to 0°. For zones 1 through 6. 10-12-in. size.

91 MG 7575—*Postpaid.* Ea. \$1.39; 3 for \$3.79

Evergreen Azaleas for Hedge or Border

9-12-inch size—Each \$169

Azaleas (members of the Rhododendron family) are one of the most profuse flowering and beautifully colored of all shrubs. Effective with coniferous evergreens in the foundation planting. Require at least a few hours of daily sunshine, acid soil, and plenty of water until established, and when in bloom. Best in zones 1 through 5.

Garden Mark Collection of Indica Azaleas. (J, K, L and King's White (not pictured)). Spectacular, extremely large flowers. Spreading foliage. Heights described below. Hardy to 18°. *Ppd.*

91 MG 7547—9-12-in. size. 4 for \$5.55

Garden Mark Collection of Kurume Azaleas. (M, N, P and Christmas Cheer (not pictured)). Unexcelled for color. Low growing. Slower growing than Indicas. A little more hardy. Flowers smaller but so numerous no leaves can be seen. Hardy down to 10°. *Postpaid.*

91 MG 7548—9-12 in. size. All 4 for \$5.55

J 91 MG 7530—**Formosa.** (Indicum.) Early rose-purple blooms. Finest color. Tall.

K 91 MG 7532—**Southern Charm.** (Indicum.) Bright, watermelon pink with deep crimson markings. Low, bushy shrubs.

L 91 MG 7549—**Lawsal.** (Indicum.) Clear salmon blooms. Tall, strong grower.

91 MG 7533—**King's White.** (Indicum.) Large, pure white flowers. Hardy, strong and tall.

M 91 MG 7542—**Snow.** (Kurume.) Pure white blooms on dense, low compact shrub.

N 91 MG 7541—**Coral Bells.** (Kurume.) Long-lasting, dainty pink flowers. Fine for northern fringe area. Good for forcing. Low.

P 91 MG 7540—**Hinodegiri.** (Kurume.) Scarlet blooms on broad, low shrub.

91 MG 7536—**Christmas Cheer.** (Kurume.) Blooms midseason. Christmas-red color. Low growing with small, shiny leaves. Very hardy.

Prices of above Azaleas by variety. State Catalog Number. *Shipped Postpaid.*

9-12-in. size. Each \$1.69; 3 for \$4.50

Pyracantha or Firethorn

12-15-inch size—Each \$155

(Coccinea). Attractive in winter because of its masses of brilliantly colored berries. Wards plants are *Guaranteed to fruit* or we replace free. Grow as a shrub or train like vine. Hundreds of tiny white flowers are attractive in spring. For sun or part shade.

R 91 MG 7507—**Lalandi.** Faster growing, more hardy, and taller than Rosedale. Longer, more slender branches. Orange-red berries. Hardy to 0°. For zones 1 through 5.

T 91 MG 7553—**Rosedale.** Berries are bright red in thick, dense clusters. Grow 4-6 ft. tall. Hardy to 5°. For zones 1 through 4.

Prices of above Pyracanthas.

State Catalog Number. *Shipped Postpaid.*

12-15-in. size. Each \$1.55; 3 for \$4.35

Oleanders 12-18-in. Size—Ea. \$179

U V W **Oleanders.** (*Nerium oleander*). Tall growing. Large flower clusters all summer. Dark green, leathery leaves. Grows and blooms quickly. Hardy to 12°. For zones 1 through 4. Withstands extreme heat.

(U) 91 MG 7566—**CHERRY RED.** Double.

(V) 91 MG 7565—**MRS. ROEDING.** Dbl. pink

(W) 91 MG 7567—**SINGLE PURE WHITE.**

Prices of Oleanders. State Cat. No. *Postpaid.*

12-18-in. size. Each \$1.79; 3 for \$4.95

Rhododendrons Bloom in Late Spring

Catawba Seedlings Ea. \$269

The great clusters of bloom and beautiful large dark green foliage of tall, broad shrubs, make Rhododendrons one of the most dramatic broadleaves. Thrive best in part shade with some full sun. Protect from wind. Need acid soil. Hardy zones 1 through 5.

X **Rhododendron Ponticum.** Hardest Rhododendron. Lavender or lavender-pink blooms. Spreading, bushy growth. Not as tall growing as Catawba below. Seedling plants. Plants develop quickly. No color choice. *Postpaid.*

91 MG 7598—9-12-in. size. Each \$2.98; 3 for \$8.59

Y **Catawba Rhododendron Hybrid Seedlings.** (*R. catawbiense*.) Very tall and open growing. One of the most beautiful Rhododendrons. Varieties are carefully selected from light pink to deep rose. No color choice. *Postpaid.*

91 MG 7578—9-12-in. size. Each \$2.69; 3 for \$7.79

Shrubs for Every Month and Purpose

From \$129 to \$325 Each

1 **Rock Cotonaster.** (*C. horizontalis*.) Very low growing shrub makes excellent ground cover. Pink-white flowers in spring. Tiny round leaves turn bright orange-red in fall. Red fall berries. Hardy to zero. For zones 1 through 7. 9-12-in. size. *Postpaid.*

91 MG 7584—Each \$1.98. 3 for \$5.65

2 **Daphne Cneorum.** Blooms spring and fall. Dwarf evergreen shrub with dark blue-green foliage and fragrant rose-pink flowers. Hardy to 10° below zero, but needs protection in more severe climates. Plant in full sun in spring only. 9-12-in. size. *Postpaid.*

91 MG 5411—Each \$3.25. 3 for \$9.45

3 **Hawaiian Hibiscus.** (*H. rosasinensis*.) Tall growing. Blooms almost all year. Thrives in full sun, in rich, well drained soil. Plant singly or in groups 25 in. apart. Hardy to 28°. For zones 1 through 3.

(3) 91 MG 7546—**Kona.** Large double pink flowers. Showy.

(4) 91 MG 7545—**Lamberti.** Large double flower 4 in. across, deep crimson color.

91 MG 7544—**Crown of Bohemia.** Large, double orange yellow, deeper in center. Very showy flower.

91 MG 7551—**Brilliantissimus.** Large single red flowers.

91 MG 7543—**Agnes Gault.** Large pink single flowers.

Prices of above Hibiscus.

State Catalog Number. *Shipped Postpaid.*

9-12-in. size. Each \$1.29; 5 for \$5.75

5 **Gardenia, Mystery.** (*G. jasminoides*.) Largest gardenia. Fragrant white blooms in spring and fall. Large, glossy foliage. Medium tall. Hardy to 18° above zero. Best zones 1 through 4. 12-15-in. size.

91 MG 7555—*Postpaid.* Each \$1.29. 3 for \$3.55

6 **Heather**—Not Available.

7 **Nandina.** (*N. domestica*.) Small foliage is bronzy-red when young, light green in summer, coppery red in winter. Bright red berries in fall if two or more are planted to insure pollination. Medium height. For zones 1 through 4. Hardy to 0°. 15-18-in. size.

91 MG 7502—*Postpaid.* Each \$1.29. 3 for \$3.55

8 **Abelia Grandiflora.** Medium-tall, but may be kept low. Small, bell-shaped pink and white flowers from spring to fall. Shiny foliage. Plant in sun or part shade. Hardy to zero. Best in zones 1 through 5. 12-18-in. size.

91 MG 7500—*Postpaid.* Each \$1.29. 3 for \$3.55

9 **Photinia Glabra.** For background or specimen planting. Very large dark green leaves and some red leaves. New growth is coppery-red. White spring flowers followed by red berries in fall. Tall growing. For zones 1 through 4. Hardy to 5°. 15 to 18-in. size.

91 MG 7573—*Postpaid.* Each \$1.55. 3 for \$4.45

Best Suited to Your Needs

Garden Mark Foundation Planting for Cold Climates. Includes one Hicks Yew (Upright) (in 12 to 15-inch size); and two spreading Yew (in 9 to 12-inch size). A simple, beautiful planting for sun—part shade or full shade. Excellent for north side of house.
91 MG 7250—Shipped Postpaid in Spring or Fall.....All 3 for \$10.50

Garden Mark Special Doorway Planting. You save 13% over individual prices below. Includes 1 each of Pfizer Juniper and Pyramidal Arborvitae (in 12-15-inch size); and 1 Mugho Pine (in 9-12-inch size). Plant spring or fall.
91 MG 7252—Shipped Postpaid.....All 3 Evergreens \$7.75

Evergreens for Year-'Round Beauty

(A) TO (F) JUNIPERS. Most useful of all evergreens for planting around homes and small grounds. Include both tall accent and low-growing types. These evergreens withstand extremes of cold and heat as well as exposure to wind and sun. Hardy in all zones except as noted. Prefer open, sunny location and light soil. When grown in heavy soil it may be well to add sand and lime. Plant in spring or fall.

(A) Irish Juniper (*Juniperus communis hibernica*). Medium growth—usually 6 to 8 ft. Handsome spire-like form with attractive glossy blue-green foliage. Particularly good for framing doorways or formal plantings. Good accent tree. Somewhat tender in severe climates and should be protected from snow damage and from heavy wind.
91 MG 7212—15-18 in. size. Postpaid.....Each \$2.85; 2 for \$5.50

(B) Spiny Greek Juniper (*Juniperus excelsa stricta*). Medium growth—grows 4 to 5 ft. Broad at the bottom, tapering to point at the top. Erect branches. Beautiful blue-green foliage—spiny with sharp points. Slow growing but makes an extremely dense growth in a formal shape that is valuable in landscape planting. Good rock garden or accent plant. May be kept low by trimming to desired height.
91 MG 7214—12-18-in. size. Postpaid.....Each \$2.95; 2 for \$5.70

(C) Savin Juniper (*Juniperus sabina*). Low growing—usually about 3 to 4 ft. Semi-upright spreading vase shape. Horizontal branches with dense, dark green foliage. Handsome low foundation plant. Thrives even in city smoke. Hardy zones 1 through 7.
91 MG 7202—12-15-in. size. Postpaid.....Each \$2.95; 2 for \$5.70

(D) Pfizer Juniper (*Juniperus chinensis pfizeriana*). Low growth—about 3 ft. Spreads to about 6 ft. Frosty gray-green foliage. Long graceful irregular branches. One of the fastest growing, most spectacular evergreens. One of the most important of all evergreens for foundation planting. This variety is particularly useful because it will thrive in sun or part shade. Popular for foreground in group planting. Will stand crowding and the smoke and dust of cities. Easy to trim.
91 MG 7201—12-15-inch size. Postpaid.....Each \$3.25; 2 for \$6.00

(E) Creeping Juniper (*Juniperus horizontalis*). Low growing—grows 8 to 10 in. high. Spreads to about 4 ft. long. Long branches radiate from the plant and creep along the ground. Blue-green foliage. Ideal for terrace planting. Particularly suited for planting under low picture windows, for facing tall evergreens, or for foreground planting. Will trail down low walls. Extra hardy. Thrives even in sandy soil.
91 MG 7222—9-12-in. spread. Postpaid.....Each \$2.50; 2 for \$4.50

(F) English Juniper (*Juniperus communis*). Grows 6 to 8 ft. Upright pyramidal. Deep green foliage changes to dark blue-green in winter. Will thrive even in dry, rocky places. Size of this evergreen and its growth habits make it an ideal selection for a foundation planting. Hardy zones 1 through 4.
91 MG 7520—12-18-inch size. Postpaid.....Each \$1.85; 2 for \$3.10

READ MORE ABOUT WARDS EVERGREENS ON PAGE 70. PICTURES ABOVE AND ON OPPOSITE PAGE SHOW TREES AT MATURITY

(G) H J ARBORVITAE (*Thuja*). Erect branches with sprays of flat, lacy foliage. Stands trimming. Needs full sun, good moisture. Hardy all zones if sheltered from wind. Not for smoky or dusty areas. Plant in spring or fall.

(G) Berckmann's Golden Arborvitae (*Thuja orientalis aurea nana*). Medium growing—usually grows to 6 ft. Bright green compact foliage shading to rich golden colored tips in summer. Retains shape without pruning. Adds touch of unusual color to your evergreen planting. Hardy zones 1 through 6.
91 MG 7216—12-15-in. size. Postpaid.....Each \$3.75; 2 for \$6.95

(H) Pyramidal Arborvitae (*Thuja occidentalis pyramidalis*). Tall growing—about 25 ft. Dark green foliage is so compact the tree seems to have solid center. Grows in perfect pyramidal shape and doesn't require pruning. However, this tree may be trimmed and kept to any height, even as a hedge. Fast growing, makes a good size tree in a relatively short time. Beautiful tall accent in landscape planting. Rarely more than 2 ft. in diameter.
91 MG 7213—12-15-in. size. Postpaid.....Each \$2.75; 2 for \$4.95

(I) Globe Arborvitae (*Thuja occidentalis*). Usually grows 3 to 5 ft. Attractive natural globe shape. Closely packed erect branches. Sprays of flattened foliage. Trims to almost any size. Shelter from heavy wind.
91 MG 7210—9-12-inch size. Postpaid.....Each \$2.50; 2 for \$4.50

(K) L YEWES. (Often called *Taxus*). Beautiful dense foliage is flat, waxy, and glossy; and is rich, deep green in color. Easy to trim. May be pruned to any form. Make ideal hedges. Unsurpassed for foundation planting or as specimen plants. Thrive in almost any soil, but prefer rich, deep, well-drained, loamy soil. Plant in sun, part shade or dense shade. Popular because they are comparatively free from insects and disease. Plant in spring or fall.

(K) Spreading Yew (*Taxus cuspidata*). Usually grows to 3 ft. and spreads to 10 ft. if not trimmed. Can be pruned into a compact form or made into a hedge. Thrives even in rocky soil. Hardy in all zones.
91 MG 7215—9-12-in. size. Postpaid.....Each \$3.95; 2 for \$7.50

(L) Hicks Yew (*Taxus media*). Tall growing—grows to 10 ft. Branches point up in columnar form, but can be pruned into different shapes, such as globe, column and hedge. Especially good hedge plant where little space is available. Resists heat. Hardy in zones 1 through 8.
91 MG 7217—12-15-in. size. Postpaid.....Each \$3.85; 2 for \$7.25

(M) MUGHO PINE (*Pinus mugo mughus*). Usually grows 2 to 3 ft. Spreads to about 3 ft. Compact ball of long stiff dark green needles. In spring, new growth looks like little candles. Does well in almost any soil. Will grow in partial shade. Hardy in zones 1 through 8. Plant in spring or fall.
91 MG 7207—9-12-inch size. Postpaid.....Each \$2.95; 2 for \$5.50

ITALIAN CYPRESS (*Cupressus sempervirens*). (Not pictured). Grows to about 15 ft. Beautiful symmetrical upright tree. Dark green foliage. Thrives best in deep sandy loam. Hardy zones 1 through 4. Plant in spring or fall.
91 MG 7519—12-15-inch size. Postpaid.....Each \$1.85; 2 for \$3.10

Planning Your Planting

Keep your foundation planting simple in color and line with not more than two or three different textures and forms. Choose one or two high points near the door or corners and group lower plants around it. In a corner planting, work outward from the corner. Choose varieties that will remain low for planting under windows. Use some low plants to get a variety of mass, but don't let plantings consist of a jigsaw line. Only healthy, fresh-dug trees are sent. Complete instructions for planting and watering are included with every nursery stock order we ship.

68 WARDS BA

About Sizes of Wards Evergreens

Pictures above and on Page 70 indicate the shape and form of the trees when mature. When you order from this page or fall growing evergreens from Pg. 70, trees will be size stated in description (as measured from ground level to the top) and will look like those pictured at the right. Field grown, 4 to 5 years old, transplanted and root pruned. Larger, fuller, more heavily branched than seedlings on Page 71, and will develop into shapely landscape specimens. When you receive Wards evergreens, the roots will be wrapped in special protective packing, which keeps them fresh for several days. See Guarantee, Page 4.

SAVE—BUY 100 TREES

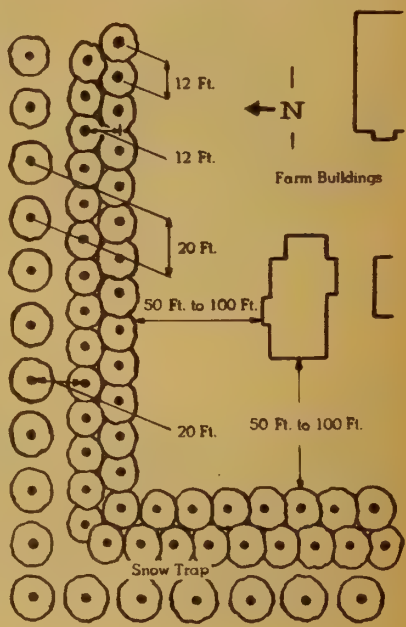

You can afford to plant liberally at prices like these: only 5c ea. for Chinese Elm and Osage Orange; 9c ea. for Green Ash; 10c ea. for Russian Olive, all in lots of 100. See price chart, Pg. 71, for big savings on seedling trees in quantity for windbreak.

4 Reasons for A Windbreak . . .

1. Prevent Costly Soil Erosion; Keep Land Productive, Fertile.
2. Protect Driveway from Snow; Makes Winter Cleaning Easier.
3. Protect Buildings from Cold; Save on High Heating Costs.
4. Protect Yard from Hot, Soil-Drying Winds; Summer Heat.

How to Plan Your Windbreak

The location of your windbreak will depend on the direction of prevailing cold or hot winds; normal snow-fall; building, orchards, or crops to be protected. Plant at least three rows of trees, as pictured below, being sure to plant far enough away from buildings to avoid snowdrifts around the buildings. The inside rows, nearest the buildings, should be 12 ft. apart, with the trees 12 ft. apart in the rows. The outside row should be 20 ft. from the inside row, with trees 20 ft. apart in row. For an Evergreen windbreak, plant two rows 20 ft. apart, with trees 20 ft. apart in the rows. The outside row should be 25 ft. from inside rows with trees 25 ft. apart in the row.

Plant a Living Christmas Tree

CEDAR, HEMLOCK, PINE AND SPRUCE—GROW 25 TO 40 FT. TALL

A Austrian Pine. (*Pinus nigra*). Grows to 40 ft. in height. Fast growing, often 6 to 8 in. a year. Attractive, silvery green foliage; graceful, sweeping branches. Forms a majestic tree that is tolerant to dust, smoke, and salt spray. Best in zones 4 through 9. 91 MG 7208—18 to 24-in. size. Each \$4.50; 2 for \$8.50

Ponderosa Pine. (*Pinus ponderosa*). (Not pictured, but similar to (A) above). Grows to 30 ft. Best tall pine for south. Grows rapidly after 6 ft. Compact, long dark green needles. Best in zones 1 through 4. Postpaid. 91 MG 7517—12-18-in. size. .Ea. \$1.49; 2 for \$2.79

B Red Cedar. (*Juniperus virginiana*). Grows to 30 ft. Rapid upright grower, trims to any size or shape. Gray-green foliage turns reddish-purple in fall. Makes a good tall accent in the landscape. Dramatic touch for the corner of a house. Thrives in almost any soil or location. Hardy all zones. Postpaid. 91 MG 7203—12-15-inch size. .Ea. \$1.95; 2 for \$3.25

C Canadian Hemlock (*Tsuga canadensis*). Grows to 40 ft. Flat, feathery foliage; decorative small cones. May be severely pruned; often used for hedges. 15 to 18-in. size. Best for zones 3 through 7. 91 MG 7238—Each \$4.95.....2 for \$9.50

D Black Hills Spruce. (*Picea glauca densata*). Grows to 30 ft. Green with bluish tint. Compact, symmetrical. Makes a beautiful outdoor Christmas tree. One of the hardiest Spruces. Rapid growing. Thrives in almost any soil. Hardy all zones. Suitable for sea-shore planting or windbreak. Postpaid. 91 MG 7205—12-15-inch size. .Ea. \$2.25; 2 for \$3.95

E Norway Spruce. (*Picea abies*). Grows to 35 ft. A perfect pyramidal shape with lustrous dark green foliage. Fast growing. Thrives in almost any soil or location, but does best in moist soil. Lends itself well to lawn planting. May be used as a windbreak in dry areas. Hardy all zones. Postpaid. 91 MG 7209—12-15-in. size...Ea. \$2.10; 2 for \$3.95

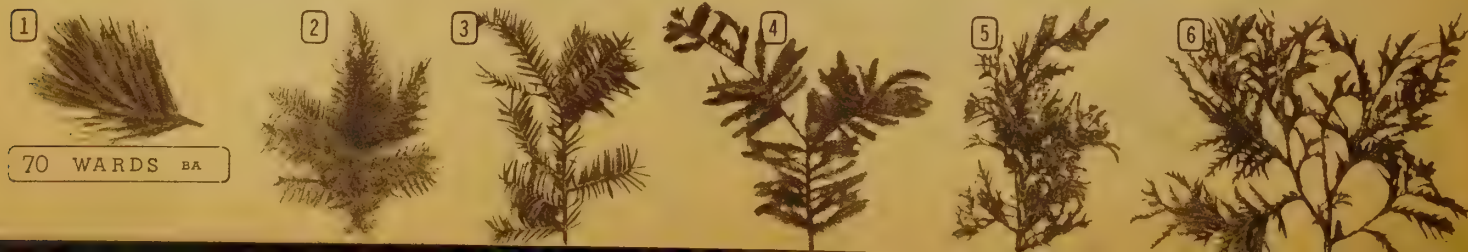

F Colorado Spruce. (*Picea pungens*). Grows 25-30 ft. tall. One of the most beautiful evergreens. Bluish-green foliage when mature. Best in moist sandy loam, cool climate. For sun or part shade. Slow growing. Very hardy in all zones. Postpaid. 91 MG 7204—12-15-in. size...Ea. \$3.35; 2 for \$6.20

Evergreens on this page may be planted in spring or fall. All Wards Nursery Stock is Shipped Postpaid or Express Prepaid From Nursery. State Name of Express Station.

Choose Evergreens With Foliage You Admire

LET THIS GUIDE HELP YOU SELECT A COLOR AND TYPE TO COMPLEMENT YOUR HOME

- | | | |
|---|--|---|
| 1 Pine. Characterized by long, usually flexible needles. Blue-green or dark green. | 3 Yew. Beautiful, deep green foliage. Short, flat needles. Excellent in shaded areas. | 5 Juniper. Foliage may be as pictured or needle. Blue- or gray-green or dark green. |
| 2 Spruce. "Christmas tree foliage". Short, stiff needles. Blue-green or dark green. | 4 Cypress. Foliage is lacy in appearance. Blue-green or dark green. For mild climates. | 6 Arborvitae. Sprays of flattened, scale-like foliage. Bright green or gold-green. |

Economy-size Trees for Windbreak

PLANT FOR PROTECTION FROM WIND AND SNOW OR TO PREVENT SOIL EROSION

Economy Size Trees

\$1.50 to \$2.40 for 5
3-4 ft.

These smaller trees are shipped at an earlier stage of development, are not as well branched nor as heavily rooted as trees described on Page 73, but are larger or more fully branched and rooted than seedling trees at right. They will grow into lovely trees. The difference in price between these and the larger size trees, represents a substantial savings. For a screen, plant trees 6 ft. apart; for a windbreak, plant 12 ft. apart. See "How to Plan a Windbreak" on opposite page. *Shipped Postpaid* in spring or fall. All are shipped from Nursery. *State Catalog Number, Quantity, and size you desire.*

SEE DESCRIPTIONS OF TREES ON PAGE 73.

91 MG 5630—Chinese Elm. *Shipped Postpaid.*
3-4 ft. 5 for \$1.50, 10 for \$2.75, 25 for \$4.95
4-5 ft. 5 for 2.35, 10 for 4.20, 25 for 9.50

91 MG 5634—Silver or Soft Maple. *Postpaid.*
3-4 ft. 5 for \$2.40, 10 for \$4.50, 25 for \$9.95
4-5 ft. 5 for 3.50, 10 for 6.50, 25 for 13.95

91 MG 5631—Lombardy Poplar Whips. Not branched. *Shipped Postpaid.*

3-4 ft. 5 for \$1.75, 10 for \$3.25, 25 for \$6.95
4-5 ft. 5 for 2.35, 10 for 4.20, 25 for 9.25

SAVE on Black
Walnut Seedlings

15¢ Each—12-18 in.
in lots of 100

(*Juglans Nigra*.) Invest in a crop that will grow in value. 100 trees saves 25% over "25 for" price. Wood makes fine furniture. Tall tree, fine for shade or windbreak; may also produce nuts. Hardy zones 1 through 7. *Shipped Postpaid* in spring or fall.

91 MG 5617—12-18 in. size seedling trees.
25 for \$5.00; 50 for \$8.50; 100 for \$15.00

Shade Tree Seedlings

\$1.75 to \$5.50 for 25

Many farmers believe that a windbreak for feed lot, barn, and poultry house pays for itself. It will also prevent hot winds from sapping moisture from the ground, prevent soil erosion, protect yard from snow. Plant spring or fall except as indicated.

A Chinese Elm. Described on Page 73.

B Lombardy Poplar. Described on Page 73. *SILVER MAPLE* and *AMERICAN ELM* described on Pg. 73.

Black Locust (*Robinia pseudoacacia*). Grows to 50 ft. Makes a thorny barrier or hedge row. Drought-resistant. Fine for fence posts. Hardy zones 1-8.

Green Ash (*Fraxinus lanceolata*). Grows rapidly to 40 ft. Thrives even in a dry area. Hardy all zones.

Osage Orange (*Maclura pomifera*). Grows to 30 ft. Makes shrubby fence. Hardy zones 1 through 7.

Russian Olive (*Elaeagnus angustifolia*). Grows to 20 ft. Has a few spines. Hardy all zones.

Evergreen Tree Seedlings

\$2.90 to \$4.25 for 10

Have all the advantages given at left, plus thick all-year foliage to provide extra winter protection. Good for conservation of heat in cold climates—cuts fuel costs and protects stock. Young seedlings are sturdy and well-rooted. Roots are puddled and wrapped in damp moss. Plant spring or fall. *Postpaid.*

C Norway Spruce. Description on opposite page. Smaller windbreak size is given below.

D American Arborvitae. (*Thuja occidentalis*). Grows to about 25 ft. Makes a bushy pyramidal shape. Excellent as hedge because of its slow growth. Best in cool locations and moist soil. Stands some shade.

Austrian Pine. (*Pinus nigra*). Grows to about 40 ft. Good even in smoky city area. Graceful sweeping branches, dark green needles 4 to 6 inches long. Thrives even in poor soil, but needs full sun.

Note: BLACK HILLS SPRUCE, COLORADO SPRUCE, and RED CEDAR are all described on the opposite page. Smaller seedling size is given below.

Prices of Above Seedling Trees.

SHADE TREES DIM TRAFFIC NOISE, INCREASE PROPERTY VALUE

Wards Trees are 2 to 4 Years Old. All are field grown, with age depending on variety. Each tree is root-pruned for good growth; guaranteed true-to-name variety, disease free.

Well-Rooted, Well-Branched Trees. To promote rapid growth, use Ross Root Feeder, (Page 45) and Nutrient Cartridge Fertilizer. Regular feeding of small trees can double growth rate.

All Wards Trees Guaranteed. See details on Page 4. Shipped Postpaid or Express Prepaid in spring or fall except as indicated. Be sure to give the name of your nearest Express Station.

A Faassen's Maple. (*Acer platanoides*). Beautiful new maple featured in color on back cover of this book. Well formed, slow growing tree with maroon-red foliage from spring through fall. Broad headed tree that grows to about 50 ft. tall, and provides dense shade. Excellent lawn tree.

91 MG 5823—Hardy all zones.
5-6 ft. whip.....Each \$7.75, 2 for \$15.00

B Silver or Soft Maple. (*Acer saccharinum*.) Fastest growing Maple. Leaves silvery underside, yellow in fall. Usually reaches 25 ft. in 10 years.

91 MG 5810—Hardy in zones 1 through 8.
6-8 ft. Prepaid Exp.....Each \$3.95, 2 for \$7.50
8-10 ft. Prepaid Exp.....Each \$4.45, 2 for \$9.95

C Sugar or Hard Maple. (*Acer saccharinum*.) Most colorful tree, turns scarlet, orange, yellow in fall. Sap is source of maple syrup. Upright grower. Long lived even in city. Provides dense shade.

91 MG 5805—Hardy in all zones.
5-6 ft. Prepaid.....Each \$5.25, 2 for \$9.95
6-8 ft. Prepaid Exp.....Each \$6.50, 2 for \$12.50

D Pin Oak. (*Quercus palustris*.) Pyramidal form. May be late in leafing out, first season, but once established is fastest growing oak. Bristle-tipped, shiny green leaves. Turns scarlet in fall. Valuable street or lawn tree. Shipped in Spring only.

91 MG 5808—Hardy in all zones.
5-6 ft. Prepaid.....Each \$5.95, 2 for \$11.50
6-8 ft. Prepaid Exp.....Each \$8.25, 2 for \$15.95

E Tulip Tree. (*Liriodendron tulipifera*.) Well formed pyramidal tree. Showy tulip-like flowers of orange-yellow. Large dark green leaves turn vivid yellow in fall. Not shipped after May 1.

91 MG 5817—Hardy in zones 1 through 7.
4-5 ft. Postpaid.....Each \$3.00, 2 for \$5.50

F Clump of White Birch. (*Betula*.) Consists of 4 trees to be planted as clump or individually. Grows more beautiful every year because bark turns white as it ages. Yellow fall foliage. Not shipped after May 1. No fall shipments. Prices shown are for bundle of 4 seedling trees.

91 MG 5827—Hardy zones 1 through 8. Postpaid.
2-3 ft....Bundle of 4, \$1.95, 2 bundles for \$3.70

G Moraine Locust. (*Gleditsia tricanthos* "Moraine.") Thornless, seedless, and fast growing. Reaches about 25 ft. in 10 years. Lacy foliage filters light to encourage lawn beneath it. Lets in breezes. Withstands wind and snow damage, imperfect drainage and city conditions. Plant Pat. 836. Shipped in spring only. Size listed is for whip or lightly branched tree.

91 MG 5814—Hardy in zones 1 through 8.
5-6 ft. Postpaid.....Each \$6.25, 2 for \$11.95

H Cutleaf Weeping Birch. (*Betula pendula laciniata*.) One of the most graceful weeping trees. Grows upright. Long, slender weeping branches. Bark changes to white as tree matures. Not shipped after May 1st.

91 MG 5803—Hardy in zones 1 through 8.
5-6 ft. Prepaid.....Each \$5.25, 2 for \$9.95
6-8 ft. Prepaid Exp.....Each \$6.75, 2 for \$12.95

J Weeping Willow. (*Salix blanda*.) One of hardiest, most beautiful of weeping willows. Branches droop to ground. Available to May 1, also in fall.

91 MG 5815—Hardy in all zones.
5-6 ft. Prepaid.....Each \$2.95, 2 for \$5.50
6-8 ft. Prepaid Exp.....Each \$3.75, 2 for \$6.95

K Sycamore. (*Platanus*.) Also known as American Plane Tree. Often grows to 35 ft. in 10 years. Broad round head. Large, heart-shaped leaves.

91 MG 5809—Hardy zones 1-7.
6-8 ft. Prepaid Exp.....Each \$5.25, 2 for \$9.95

Hybrid Elm Tree—New Variety

6 to 8-ft. size \$550

- Fastest Growing Tree in U.S.—Often grows 8 to 14 feet in one year.
- Hardy in all zones, long lived.

L (*Ulmus hybrid*.) Budded on Chinese Elm roots Combines beauty and permanence of American Elm with fast growth of Chinese Elm. Faster growing and longer lived than Chinese Elm. 6-8-ft. size.

91 MG 5802—Prepaid. Ea. \$5.50, 2 for \$10.50

M **American Elm.** (*Ulmus americana*.) Stately tree of great size. Vigorous, rapid grower. Long, spreading branches form giant arches over roads, streets. Turn golden yellow in fall. Gray bark.

91 MG 5800—Hardy in all zones.

5-6 ft. Prepaid.....Each \$2.75, 2 for \$5.20

6-8 ft. Prepaid Exp.....Each \$3.95, 2 for \$7.50

8-10 ft. Prepaid Exp.....Each \$5.25, 2 for \$9.85

N **Chinese Elm.** (*Ulmus pumila*.) Fast growing, desirable shade tree often 25 ft. high 5 years after planting. Dense head of dark green foliage comes early, lasts well through drought, heat. Long lived.

91 MG 5801—Hardy in all zones.

5-6 ft. Prepaid.....Each \$2.75, 2 for \$5.25

6-8 ft. Prepaid Exp.....Each \$3.75, 2 for \$6.95

8-10 ft. Prepaid Exp.....Each \$5.20, 2 for \$9.75

P **Lombardy Poplar.** (*Populus nigra thevestina*.) Valuable for its rapid growth and stately, columnar form. Tapering, vertical branches. Excellent for screen or landscape accent.

91 MG 5804—Hardy in zones 1 through 8.

6-8 ft. Prepaid Exp.....Each \$1.95, 2 for \$3.50

8-10 ft. Prepaid Exp.....Each \$2.75, 2 for \$4.85

Bolleana Poplar. (*Populus alba bolleana*.) (Not Pictured.) Beautiful landscape tree, same shape as Lombardy Poplar, though harder, longer lived. Olive-green bark. Leaves have white facing giving a silvery-flash effect in the breeze.

91 MG 5811—Hardy in zones 1 through 8.

6-8 ft. Prepaid Exp.....Each \$5.25, 2 for \$9.95

Plant Evergreen Hedge for Year 'Round Beauty

E

E **Arborvitae.** This evergreen as well as many other varieties of evergreens are suitable for hedge and screen planting. Many are tall growing and will shut out the wind all year; retain their color all year, and therefore add to the year 'round beauty of your home. See Pages 68 and 70 for a wide selection of evergreens to suit your needs. Buy on Wards Easy Payment Plan. See Pg. 61.

Plant Your Fence—

FLOWERING HEDGES FOR BRIGHT BLOOM

Give your garden a splash of color. These hedge varieties flower abundantly and thrive in most any type of soil with a minimum of care. Grow quickly to form an attractive, uniform, dense hedge. All are easy to grow.

Hedge Plants listed below may be planted in spring or fall.

A **Garden Mark Special Bridal Wreath** (*Spirea vanhouttei*). Blooms in spring. Tall growing—up to 7 ft. Covered with dainty white flowers. Beautiful, tall screen without trimming. Mature plants have hundreds of arching branches. Hardy all zones. Plant in fairly good soil, in full sun or part shade. 91 MG 5511—State size and Quantity. Shipped Postpaid.
12 to 18-in. Size. 10 for \$2.50.....25 for \$5.75.....50 for \$10.50
18 to 24-in. Size. 10 for 3.10.....25 for 7.25.....50 for 13.50

B **Honeysuckle** (*Lonicera tatarica*). Blooms in early summer. Grows to 10 ft. Thick, upright-spreading branches bear fragrant light pink or red blossoms in early summer, followed by red berries. Fast growing... will make a fine tall hedge in a few years. Grows in almost any soil. Hardy, all zones.

91 MG 5508—No color choice. State size and Quantity. Shipped Postpaid.
12 to 18-in. Size. 10 for \$2.85.....25 for \$6.75.....50 for \$12.50
18 to 24-in. Size. 10 for 3.50.....25 for 8.25.....50 for 15.50

C **Lilac** *Rothemangensis*. Improved old fashioned variety. Blooms second year. Light purple. Med. tall. For larger, bigger branched variety see Page 80. Shear to any height. Hardy all zones. Shipped Postpaid.

91 MG 5529—12-18-in. size.....5 for \$2.65; 10 for \$4.75; 25 for.....\$10.75

D **Wax Leaf Ligustrum** (*L. lucidum compactum*). Grow 12 to 15 ft. tall. One of the most beautiful hedges. Handsome, waxy green leaves stay on all winter. If not sheared, develops white flowers 10 in. long in spring, followed by bunches of shiny black berries loved by birds. Excellent for foundation planting, hedges and screening. May be pruned to grow in any shape; may be kept as low as desired. May be planted in full sun or partial shade. Drought resistant. Hardy zones 1 through 4.

91 MG 7505—12-15-inch size. Postpaid. Each.....\$1.29; 3 for.....\$3.55

How to Choose the Proper Hedge for Your Purpose

When you choose your hedge remember these three points: the temperature zone in which you garden; the planting location (in sun or shade); and the height you want your hedge to be when full grown. A good hedge can be one of the most important garden features, and its beauty and sturdy growth depend upon its suitability to purpose and planting location.

Variety	Plant Hedge in Spring or Fall	Height	Period of Bloom	Hardy in zones	Rate of Growth	PLANTING DISTANCES	
						Dense Hedge	1-row Hedge
Arborvitae Evergreen* (Pyramidal)		15 ft.	1-9	Slow	18 in.	18-24 in.
Barberry, Greenleaf...		3-5 ft.	Spring	1-9	Slow	15 in.	12 in.
Barberry, Redleaf....		3-4 ft.	Spring	1-9	Slow	15 in.	12 in.
Boxwood.....		4 ft.	1-4	Slow	15 in.	12 in.
Bridal Wreath.....		7 ft.	Spring	1-9	Fast	3-4 ft.
Chinese Elm.....		12 ft.	1-9	Fast	3-5 ft.
Falcata Bamboo.....		10-12 ft.	1-4	Fast	2 ft.
Honeysuckle.....		10 ft.	Spring	1-9	Fast	3-5 ft.
Lilac Roth.....		6-10 ft.	Spring	1-9	Fast	4-6 ft.
Lodense.....		3 ft.	1-7	Slow	9-12 in.	9-12 in.
Privet, Amur River....		12-15 ft.	Spring	1-8	Fast	1½-2 ft.	9-12 in.
Privet, California.....		15 ft.	Spring	1-6	Fast	1½-2 ft.	9-12 in.
Privet, Golden.....		6 ft.	1-9	Fast	18-24 in.	9-12 in.
Wax Leaf Ligustrum...		12-15 ft.	Spring	1-4	Slow	1½-2 in.	9-12 in.
Rose, Floribunda*.....		3 ft.	Summer	1-9	Fast	12 in.	18 in.
Rose, Red Groot*.....		4-5 ft.	Summer	1-9	Fast	18 in.	18 in.
Rose, Pink Groot*.....		4-5 ft.	Summer	1-9	Fast	18 in.	18 in.
Taxus Yew Evergreen*		10 ft.	1-8	Slow	18 in.	18-24 in.

*These varieties are listed on other pages. Roses are on Page 12. Evergreens are on Page 68.

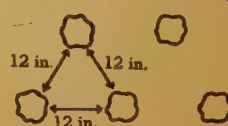

BE SURE YOUR HEDGE HAS A WELL-DRAINED LOCATION. The type of hedge should be determined by its purpose. For formal appearance, choose a trim, clipped hedge such as Privet. For a broad hedge, plants should be spaced alternately. Tall hedges are used to enclose a garden or picnic area. They also provide a protective background for perennials. To give hedge plants the most advantageous start, they should be set out in spring or fall, and allowed a maximum of moisture for vigorous root development.

How to Plant a Single Row, or Broad Dense Hedge

For a 1-Row Hedge

For a Broad, Dense Hedge

For formal appearance, choose a trim, clipped hedge such as Privet. For a broad hedge, plants should be spaced alternately as shown in sketch above. A tall hedge will provide privacy as well as protection from winds. For an informal hedge use Bridal Wreath. For a low growing hedge, with the added attraction of all summer color, plant a hedge of roses. See Pg. 12 for Rose Hedge. For year-'round effect plant evergreen hedge. See Page 68 for evergreens.

Use Easy-to-Grow Hedge

POPULAR VARIETIES FOR ALL HOME PLANTINGS

Hedge listed below is easy to grow, easy to maintain, more beautiful every year, and add to property value. They drop their leaves in late fall except Boxwood and Falcata Bamboo which are evergreen. Read information opposite.

Varieties on this page may be planted in spring or fall.

E F Privet, Amur River (*Ligustrum amurense*). Grows tall—12 to 15 ft. or may be pruned and kept low. Densely branched upright plant has lustrous green leaves. Quick growing and hardy, even in northern climates. Hardy all zones, but best in 3 through 8. In mild climates use California Privet below.

91 MG 5506—State Size and Quantity. Shipped Postpaid.

12 to 18-inch size..... 10 for \$2.40.....25 for \$5.50.....50 for \$10.50

18 to 24-inch size..... 10 for 2.90.....25 for 6.85.....50 for 12.95

E F Privet, California (*Ligustrum ovalifolium*). Grows to about 15 ft. tall, but may be pruned and kept low. Has dense, lustrous green foliage. Makes a fine formal hedge, upright, quick growing and easily sheared. Grows in almost any soil, resists temperatures to 10°. Best for zones 1-6.

91 MG 5503—State Size and Quantity. Shipped Postpaid.

12 to 18-inch size.....10 for \$2.10.....25 for \$4.75.....50 for \$9.00

18 to 24-inch size.....10 for 2.60.....25 for 6.15.....50 for 11.50

G Lodense Hedge. (*Ligustrum vulgare nanum*). A dwarf privet that makes a compact low growing hedge. Semi-evergreen foliage is deep green. Fine under low windows. Grows 3 ft. tall. May be sheared. Hardy in zones 1-7.

91 MG 5507—Shipped Postpaid. State Quantity.

15 to 18-inch size.....10 for \$7.50.....25 for \$17.50.....50 for \$32.50

H Golden Privet, (*L. Ixora Vicari*). New, hardy privet whose new growth is golden yellow. Provides interesting contrasts all season. Grows 6 feet tall, but can be trimmed to any height. Hardy in zones 1 through 9.

91 MG 5509—Shipped Postpaid, State Quantity.

12 to 15-inch size. 5 for \$4.25.....10 for \$7.95.....25 for \$18.75

K Falcata Bamboo. Feathery, light green veined foliage. Arching canes about 1/4-inch in diameter; blue-white when young. Usually grows 10-12 ft. tall. May be clipped. Best in moist, light soil, part shade. Hardy zones 1 through 4.

91 MG 7554—Shipped Postpaid. State Quantity.

1-year Field Grown....10 for \$5.50.....25 for \$8.50.....50 for \$15.00

L Chinese Elm. (*Ulmus pumila*). Grows to 12 ft. tall and thick if left untrimmed, but may be kept pruned to any height. Grows very rapidly to form a dense, compact hedge of dark green leaves. One of the first plants to leaf out in spring, and one of the last to drop its leaves in the fall. In fall foliage turns red in the north, but remains green southward. Thrives in any ordinary soil. Drought and heat-resistant. Long lived. Hardy in all zones.

91 MG 5512—State Size and Quantity. Shipped Postpaid.

12 to 18-inch size. 10 for 95c.....25 for \$1.85.....50 for \$2.95

18 to 24-inch size. 10 for \$1.25.....25 for 2.60.....50 for 4.35

M Barberry, Greenleaf (*Berberis thunbergii*). Low growing—3 to 5 ft. Bushy, bright green foliage turns vivid red in fall. Bush actually provides color the year 'round, for its bright red berries cling all winter. Ideal for a protective hedge—the thorny branches form an almost impenetrable barrier. Hardy all zones. Thrives even in light soil. Never needs trimming. Rust free plants.

91 MG 5505—State Size and Quantity. Shipped Postpaid.

12 to 18-inch size.....10 for \$2.90.....25 for \$6.95.....50 for \$12.95

18 to 24-inch size.....10 for 3.40.....25 for 8.15.....50 for 15.50

N Barberry, Redleaf (*Berberis thunb. atropurpurea*). Low growing—3 to 4 ft. tall. One of the most colorful shrubs, its brilliant purplish-red foliage becomes more beautiful if planted in full sun. Turns a lustrous scarlet in autumn, produces red berries that cling all winter. Hardy all zones. Rust free plants.

91 MG 5502—State Size and Quantity. Shipped Postpaid.

12 to 15-inch size. 10 for \$3.50.....25 for \$8.00.....50 for \$13.95

15 to 18-inch size. 10 for 3.90.....25 for 8.75.....50 for 16.50

O Boxwood. (*Buxus sempervirens*). Grows to about 4 ft. tall. Small, close growing, bright green foliage is evergreen. Remains beautiful all through the year. Clips to almost sculptured lines. Perfect as border, or may be used as single specimen. Shipped bare root. Hardy in zones 1 through 5.

91 MG 7511—1-yr. plants. State size and Quantity. Shipped Postpaid.

8 to 12-inch size.....Each \$1.49.....3 for \$4.19

12 to 15-in. size.....Each 2.19.....3 for 6.25

P Taxus Yew. Use upright type of Yew for this purpose. See Page 70.

Attractive Pampas Grass \$1.59 Each

(*Cortaderia argentea*). (Pictured at right). Ideal shrub for mild climates. Tall, arching, grass-like, with silky, plume-like clusters of creamy to light pink color. Add graceful sweeping lines wherever they are used. Very useful in landscaping. Combine beautifully with many Perennials and make an unusual border planted in formal rows. Often used as a screen. Especially effective when planted near ponds or streams. May be dried for winter bouquets. Should not be crowded—allow at least 3 ft. between plants. Grows to 8 ft. tall. Prefers a rich, sandy soil, full sunlight. Hardy in zones 1 to 4. Shipped Postpaid.

Use Hydrangeas for Masses of Summertime Bloom

(A) TO (D) Hydrangeas provide some of the most showy clusters of bloom in the late spring and summer garden. Established effects are obtained quickly. Usually bloom the first year. Plant in sun or shade and in spring or fall, except Blue which does best in shade and may be planted in spring only. Easy to grow, but need moisture and winter pruning.

Keep This Book For Year 'Round Ordering. Take Advantage of Both Spring and Fall Seasons.

(A) Blue Hydrangea. (*H. opuloides*). Dozens of great, compact flowerheads of azure blue. Usually low growing, but will attain medium height in mild climates. In cold climates or areas of alkaline soil this makes an excellent tub planting for patio or terrace. To assure blue blooms, included is a packet of aluminum sulphate to be added to soil, according to directions. Hardy zones 1 through 6. Protect in zone 7. Shipped in spring only.

91 MG 5431—Postpaid.

6-9-in. size...3 for \$5.45; Each \$1.95

(B) Hortensis. NOT AVAILABLE.

(C) Hydrangea P.G. (*H. paniculata grandiflora*). Huge white blooms in summer, turn pink, then bronze in fall. Medium-tall. Hardy all zones.

• Curious Mahogany-red Blooms

(E) (Calycanthus floridus). Interesting double flowers about 2 inches across in late spring. Gray-green branches. Handsome leathery foliage on medium-tall shrub. Plant in Spring or Fall, in sun or part shade. Thrives best in well drained soil with moisture. Hardy zones 1 through 7.

91 MG 5323—18-24-inch size.

Postpaid...3 for \$3.45; Ea. \$1.25

Plant One Spirea or Dozens—They're Hardy Everywhere—Low as 65¢ Each

(F) TO (L) The Spirea Family of shrubs include some of the most popular of all American Shrubs. All present a generous display of bloom, and will last for years. Grow vigorously in any soil, but thrive best in full sun un-

less otherwise indicated in descriptions below. Use them for hedges, foundation plantings, mixed borders, or to line a walk or driveway. Use them for a succession of bloom. A ll may be planted in spring or fall.

(F) Billiard. (*S. billiardii*). An upright shrub of medium height. 8-inch feathery spikes of rose-red blooms in summer. Blue-green foliage. Thrives in sun or shade. Good with perennials.

91 MG 5438—Postpaid.

18-24-in. size...3 for \$2.40; Each 90c

(G) Blue Mist Spirea. (*S. caryopteris*). Well rounded, medium-low shrub with powdery blue fringed flowers from August until frost. Silvery green foliage. Hardy, but prune to ground each fall in zones 6 through 9.

91 MG 5441—Postpaid.

12-18-in...3 for \$3.25...Each \$1.15

(H) Bridal Wreath. (*S. vanhouttei*). Glistening spires of white bloom in late spring. In season it is solid with bloom. Small dark green leaves are attractive through late fall. Fine for hedge. Tall growing. State size.

91 MG 5444. Postpaid.

18-24-in. size...3 for \$1.80; Each 65c

2-3-ft. size...3 for 2.40; Each 85c

3-4-ft. size...3 for 2.70; Each \$1.00

(J) Froebel. (*S. bumalda froebeli*). Low shrub for foundation planting. Deep rose, flat 3-in. flowers bloom all summer and fall. 15-18-in. size. Postpaid.

91 MG 5437....3 for \$2.70; Ea. 95c

(K) Prunifolia. (*S. Prunifolia plena*). Great plume-like branches. In early spring they are thickly wreathed with white clusters of double flowers. A highly desirable shrub of medium height, with red fall foliage.

91 MG 5443—Postpaid.

18-24-in. size...3 for \$3.15; Ea. \$1.10

(L) Dwarf White Spirea. (*S. Callosa Alba*). Low, mound-like plants similar to Froebel, but with white blooms. Covered with flat clusters of flowers all summer.

91 MG 5440—Postpaid.

12-15-in. size, 3 for \$4.50; Each \$1.65

NO NEED TO WAIT . . . Buy shrubbery now, pay later. Since the beauty of landscaping increases with age, the sooner you buy, the more quickly you will enhance the value of your property. Items totaling \$20 or more need only a 10% down payment.

No down payment is required for Add-On purchases or purchases made on Wards Home Improvement Plan.

See Page 61 for complete details about Wards credit terms.

Spring-Flowering Quince

95c to \$1.95 Ea.

(M) (N) (Chaenomeles japonica). One of the first shrubs to bloom in spring. Medium height. Brilliantly colored, thick petaled blossoms cover branches from top to bottom before leaves appear. Irregular shape shrub makes a thorny close-knit hedge with handsome, shiny foliage. Needs sun. Prune after flowering. Plant in spring or fall. Hardy through zone 7.

Special Savings! See Quince collection offered to you at top of page.

(M) Stanford Red. Large, vivid scarlet flowers. Almost thornless.

91 MG 5330—Postpaid.

18-24-in. size. 3 for \$5.50; Each \$1.95

(N) Oriental Red Quince. Bright red.

91 MG 5322—Postpaid.

18-24-in. size...3 for \$2.70; Each 95c

3-4-ft. size...3 for \$3.75; Each \$1.35

Weigelas for Late Spring

\$1.10 to \$1.65 Ea.

(P) (R) (T) Bloom late spring. Medium tall. Sprays of bell shaped flowers; deep green foliage. Plant in Spring or Fall in full sun and in wind-sheltered location. Hardy all zones. Winter protect in zones 8 and 9.

Weigela Collection, priced to save you money. See top of page.

(P) Vanicek. Popular shrub. Beautiful Rose-red blossoms cover the bush in Spring, scatter through summer and fall. Always colorful.

91 MG 5334—Postpaid.

2-3-ft. size...3 for \$4.65; Each \$1.65

(R) Variegated. (*W. florida variegata*). Masses of lovely pink blossoms. Leaves have a creamy edge.

91 MG 5326—Postpaid.

18-24-in. size, 3 for \$3.45; Each \$1.25

(T) Rosea. (*W. florida*). Large, deep, rose-pink blossoms—flowers freely.

91 MG 5325—Postpaid.

2-3-ft. size...3 for \$3.10; Each \$1.10

Buddleias Will Bloom Early Summer Through Late Fall

\$1.00 Ea.

(U) TO (X) Often Called Butterfly Bush. Nicely rounded shrub of medium height for use in the shrub border or to combine with perennials. Provides colorful bloom in panicles up to 18 inches long from early summer through late fall. Adds extra color to the late season garden. Fragrance is attractive to butterflies. Needs sun. Hardy all zones, but requires winter protection in zones 8 and 9. Tops may winter kill, but new growth will shoot up again in spring. Plant in spring or fall.

Buddleia Collection—Includes 1 each of all 4 varieties. See Top of Page.

Varieties listed below are 18-24-inch size. Shipped Postpaid.

(U) Snowbank. (*B. davidi hybrida*). Long, glistening white sprays of bloom. Adds a "cool look" border.

91 MG 5470...3 for \$2.70; Each \$1.00

(V) Royal Red. (*B. lindleyana*). Near-est true red Buddleia. Plant Pat. 556.

91 MG 5468—3 for \$2.70; Each \$1.00

(W) Empire Blue. (*B. davidi magnifica*). Lilac blue contrasts with fall flowers. Plant Pat. 557.

91 MG 5469—3 for \$2.70; Ea. \$1.00

(X) Pink Dawn. (*B. davidi superba*). Masses of rich pink blooms.

91 MG 5465—3 for \$2.70; Ea. \$1.00

Low Growing Shrubs

(A) *Azalea Mollis*

Azalea Mollis—Hardy to 20° Below Zero

(A) to (D) (*Rhododendron molle*). Among the most strikingly beautiful shrubs for foundation and landscape planting. Clusters of large, orchid shaped flowers cover the bush in late spring. Their brilliance of color is especially handsome against evergreens or when planted to create large masses of color. Medium-low growing. Prefer halfshaded, sheltered spot; and moist, well-drained, acid soil. Best in zones 4 through 8. Plant 4 ft. apart spring or fall.

(A) *Azalea Mollis*, Mixed Colors. Includes a wide range of brilliantly beautiful colors. No color choice. Saves you 10%.

Combine Shrubs in Foundation Planting

(B)

(C)

(D)

Colorful Bloom in Late Spring— Shrubs Low as \$1.00

(E) *Dwarf Mock Orange*. (*Philadelphus coronarius aurea*). Grows 2-5 ft. tall depending on climate. A beautiful, perfectly rounded shrub that does not sucker. Yellow foliage turns light green in summer. Makes a beautiful contrast in foundation plantings with dark greens. For vivid contrast in shrub borders, plant with red foliaged shrubs. Fragrant white bloom in late May and early June. Plant 3 ft. apart in spring or fall, in sun or shade. Hardy in zones 1 through 7. Give winter protection in zone 8.

91 MG 5301—12-15 inch size. *Postpaid*. 3 for \$6.15.....Each \$2.15

(F) *Double Flowering Kerria*. (*K. japonica pleniflora*). Bright yellow flowers resembling button chrysanthemums cover shrub in late spring, and are excellent for cutting. Slender branched, graceful shrub of medium height, fine for foundation planting. Stems remain bright green all winter. Vigorous and easy to grow in sun or partial shade, and in any ordinary soil. Some pruning in spring tends to increase bloom. Hardy zones 1 through 7. Plant in spring only.

91 MG 5383—18-24 inch size. *Postpaid*. 3 for \$4.50.... Each \$1.60

(G) *Pink Flowering Almond*. (*Prunus glandulosa*). Before leaves appear, every branch is fluffy with hundreds of tiny, double, pink flowers. One of the finest medium-low growing shrubs for foundation planting. Radiant and graceful appearing in late spring. Compact growing with deep green foliage. Easy to grow. Plant 4 ft. apart in full sun in spring or fall, and in sheltered location in zones 8 and 9. Hardy all zones.

91 MG 5404—*State* size. *Postpaid*. 18-24 in. 3 for \$2.70; Each \$1.00
2-3 ft. 3 for 3.45; Each 1.25
3-4 ft. 3 for 4.65; Each 1.60

Very Low Growing—Use Under Low Windows

(H) *Dwarf Hypericum*. (*H. Hildcote*). Improved Gold flower fragrant, 2-inch, bright yellow, cup-shaped blooms cover bush from early summer until late fall. Varies from about 18 inches to 3 or 4 feet tall in mild climates and about as wide as they are tall. Blooms longer in partial shade. Plant in spring only. Hardy in zones 1 through 6 and in sheltered location with winter protection in zone 7. Shrub comes pruned for planting.

91 MG 5336—12-15-inch size. *Postpaid*. 3 for \$3.95.....Each \$1.45

(J) *Dwarf Deutzia*. (*Deutzia gracilis*). One of the prettiest of all shrubs. Beautifully rounded form, neat foliage, and a wonderful profusion of delicate, snowy-white bloom in loose clusters in late spring. Usually grows 2-3 ft. tall. Excellent to face-down taller growing, more leggy shrubs. Easy to grow. Plant 2½ feet apart in full sun or part shade, in spring or fall. Hardy zones 1 through 6. Plant in sheltered location zones 7, 8.

91 MG 5341—12-15-inch size. *Postpaid*. 3 for \$3.90.....Each \$1.40

(K) *Potentilla, Gold Drop*. (*P. fruticosa*). From June to October it's studded with intensely brilliant yellow, Buttercup-like flowers. Grows 2 to 2½ ft. tall. A small, compact, irregular shaped mound. Foliage is dense and fern-like. Plant in full sun and in spring or fall. Set plants 2½ feet apart ordinarily, but for hedge set plants 15 inches apart. Hardy in zones 1 through 8. Plant in sheltered location in zone 8.

91 MG 5302—12-15-inch size. *Postpaid*. 3 for \$3.75.....Each \$1.35

(E) Dwarf Mock Orange

Ideal for Ranch House Foundation Planting

(A) Green Barberry

(B) Red Barberry

(C) Mentor Barberry

(D) Coralberry

Deciduous and Evergreen Barberry \$1.00 to \$1.60 Each

(A) Green Barberry. (*Berberis thunbergii*). Green foliage during spring and summer; red fall foliage. Bright red berries last through winter. Grow in any soil or exposure. Green and Red Barberry on this page are bushier, make more shapely specimens than same varieties on hedge pages. Medium height. Plant in spring or fall. Wards plants are rust free. Hardy all zones. *Postpaid*.

91 MG 5309—18-24-inch size. 3 for \$2.85. Each \$1.00

(B) Red Barberry (*B. thunbergii atropurpurea*). Brilliant maroon-red all season. Other characteristics same as (A) above. Plant in full sun to enhance natural red color. *Postpaid*.

91 MG 5420—18-24-inch size. 3 for \$3.15. Each \$1.15

(C) Mentor Barberry (*B. Mentorensis*). It's drought resistant, evergreen almost all year in mild climates, has thick dark green foliage to the ground, and its dense, erect form requires no pruning. Excellent to plant close to dry foundation walls. Combines well with evergreens—one of the finest hedge plants. Easy to grow in any soil in sun or part shade but thrives best in full sun. Plant 4 ft. apart in spring or fall. For dense hedge, plant 15-18 inches apart. Hardy all zones.

91 MG 5419—18-24-inch size. *Postpaid*. 3 plants for \$4.50; Each \$1.60

Prevent Soil Erosion

(D) Coralberry. (*Symphoricarpos vulgaris*). One of the best shrubs for terrace planting or wherever you want to prevent soil erosion. Medium height with dark green foliage. Small, dainty white flowers appear in early summer, followed by long slender clusters of handsome red fruits. Fruits usually remain all winter. Thrives best in part shade. Does well even in smoky areas and in almost any soil. Plant 3 to 4 feet apart in spring or fall. Hardy all zones.

91 MG 5310—2-3-ft. size. *Postpaid*. 3 for \$2.95; Each \$1.10

Combine Euonymus with Evergreens

Easy to Grow Foundation Plants \$1.70 to \$2.50 Each

(E) Upright Radicans Euonymus. (*E. radicans sarcoxae*). Glossy deep green foliage is evergreen in mild climates. Narrow, compact usually 4 feet tall. Excellent in areas of dense shade. Plant 3 ft. apart in spring or fall. (12-18 inches apart for hedge). Hardy zones 1 through 7.

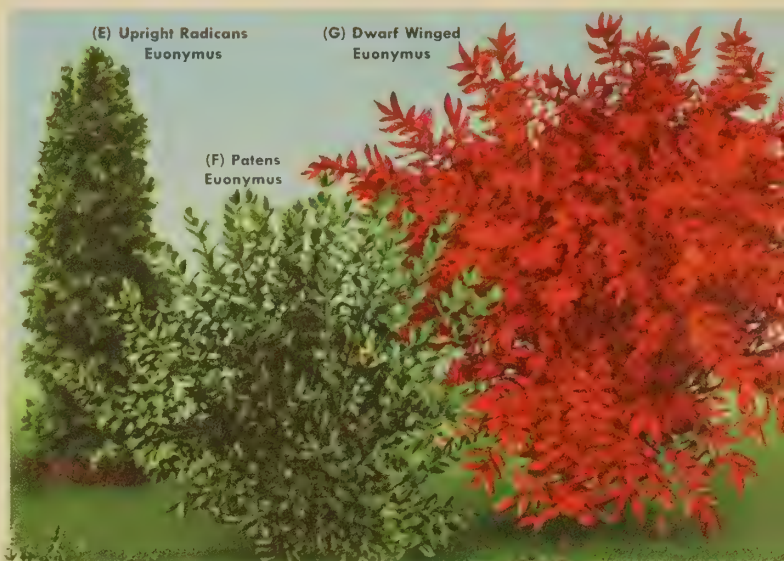

91 MG 5346—18-24-inch size. *Postpaid*. 3 for \$7.20. Each \$2.50

(F) Patens Euonymus. (*E. patens*). Rich green foliage remains evergreen in mild climates. Very handsome shrub for shaded areas. Compact and shapely. Grows to about 6 ft. tall. Orange berries in fall add to its charm. Plant 3 ft. apart in spring or fall. Hardy zones 1 through 8.

91 MG 5345—15-18-inch size. *Postpaid*. 3 for \$4.75. Each \$1.70

(G) Dwarf Winged Euonymus. (*E. alatus compactus*). Foliage is beautiful all season—turns old rose, then brilliant crimson in fall. Its slow growth, dense habit, and compact, rounded form, make it ideal as a low hedge or foundation planting. Small red berries from July to frost. Curious, narrowly winged corky bark is interesting in winter. Plant 3 ft. apart in sun or shade and in spring or fall. Grows 5 to 6 ft. tall. Hardy zones 1 through 8.

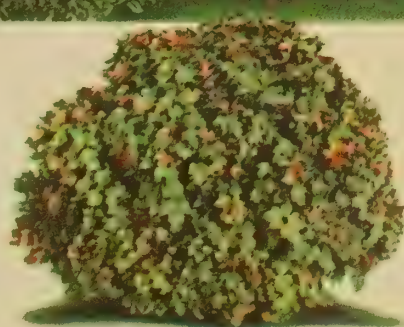

91 MG 5342—12-15-inch size. *Postpaid*. 3 plants for \$6.45. Each \$2.25

(H) Clavey's Dwarf Honeysuckle

(J) Alpine Currant

(K) Dwarf European Cranberry

Shrubs to Complement Your Home \$1.40 to \$2.25 Each

(H) Clavey's Dwarf Honeysuckle. (*Lonicera nana Claveyi*). Neat, small foliage is compact from the ground up. In late spring white flowers dot the shrub. Grows slowly to about 4 ft. tall. Shears to make one of the finest appearing of all low growing hedges. Makes a beautiful well rounded shrub for doorway or foundation planting. Plant 3 ft. apart in full sun, in spring or fall. Hardy all zones.

91 MG 5317—12-18-inch size. *Postpaid*. 3 for \$3.90. Each \$1.40

(J) Alpine Currant. (*Ribes alpinum*) One of the finest shrubs for northern planting. Its dense, bright green, textured foliage comes early in spring. Wide spreading with branches down to the ground. Bright red fall fruits. Succeeds well in shade. Medium tall, but may be sheared and kept low. Plant 4-5 feet apart in spring or fall. Hardy all zones, but best north of zone 5.

91 MG 5399—15-18-inch size. *Postpaid*. 3 for \$4.50. Each \$1.60

(K) Dwarf European Cranberry. (*Viburnum opulus nanum*). Deep green foliage with rosy-pink overcast—as beautiful as any flowering shrub. Compact in form. Makes an excellent hedge or edging 2 to 2½ ft. tall. Thrives in any soil, even wet or clay ground. Plant in sun or light shade, in spring or fall. Set plants 2 ft. apart—for compact hedge 15 in. apart. Hardy in all zones.

91 MG 5303—6-9-inch size. *Postpaid*. 3 for \$6.25. Each \$2.25

(J) (K) (L) **Crapemyrtle.** (*Lagerstroemia*). Magnificent big clusters of showy, crinkly blooms appear in abundance from summer to fall. Usually tall growing in mild climates. Lower growing in colder climates. Provides brilliant color through hottest summers. One of the finest shrubs for the south. Easy to grow. Lacy blue-green foliage, turning gold and crimson in fall. Often blooms the first year. For most bloom and vigorous growth, prune in early spring. Plant in spring only in sunny, sheltered location in rich, well-drained soil. Hardy zones 1 through 6, but provide winter protection in zone 6.

(J) 91 MG 5472—**Purple.** Purple.

(K) 91 MG 5474—**Pink.** Rose-pink.

Let Wards Flowering Shrubs Bring the Freshness of Spring

6 Favorite Tulip-Time Shrubs

(A) Beautybush. (*Kolkwitzia amabilis*). A fountain of soft pink, trumpet-shaped flowers cover the shrub in huge clusters in late spring—about peony time. Medium-tall growing. Broad, upright shrub with arching branches, beautiful light green foliage. Needs good drainage and sun. Plant in sheltered location, zones 8 and 9. *State Size. Shipped Postpaid.*
91 MG 5478—18-24 inch size. 3 for \$2.85; Each \$1.00
2-3 ft. size. . . . 3 for 3.60; Each 1.25

(B) Old Fashioned Snowball. (*Viburnum opulus* sterile). Tall, rapid growing, compact and bushy. Ball shaped, white clusters of bloom cover the mature shrub in late spring. Deep green foliage. Plant in sun or shade. Hardy all zones. *State size. Postpaid.*
91 MG 5450—18-24 in. 3 for \$3.60; Each \$1.25
2-3 ft. . . . 3 for 4.35; Each 1.50

(C) Rosealea. (*Malus ioensis*). Masses of dark rose-red blossoms on every branch in late spring. A large shrub—tall growing and almost as wide as it is high. Provides a more solid mass of color than most easy-to-grow shrubs. In fall bears small bright red jelly apples. Attractive clean foliage. Thrives in any soil. Plant in full sun. Hardy all zones. *Postpaid.*
91 MG 5426—3-4 ft. size. . . . 3 for \$4.95; Ea. \$1.75

(D) Rose Tree of China. (*Prunus Triloba*). Most beautiful tall shrub. Every branch and twig is thickly covered with double rose-pink blossoms in late spring before the leaves appear. Hardy zones 1 through 8, but shelter in zone 8. Plant in full sun. *Postpaid.*
91 MG 5401—2-3 ft. size. . . . 3 for \$4.50; Ea. \$1.60

(E) American Cranberry. (*Viburnum trilobum*). Huge white flower clusters usually 4 inches across, followed by scarlet berries which cling to the branches all winter. Scarlet fall foliage. Grows tall—usually 8-12 feet. Plant in sun or part shade, and in spring or fall. Hardy all zones, but best north of zone 4. *Postpaid.*
91 MG 6856—2-3 ft. size. . . . 3 for \$4.65; Ea. \$1.65

(F) Variegated Dogwood. (*Cornus alba sibirica gouchaultii*). Large, attractive green leaves have wide border of silver-white. White flowers in late spring, white fruits in late summer. Bright red bark provides winter interest. Tall growing. Compact shape. Stands wet soil. Plant in sun or shade. Hardy all zones. *Shipped Postpaid.*
91 MG 5311—18-24 in. size. . . . 3 for \$2.70; Ea. 95c

Plan for Early Spring Bloom

(G) Forsythia. (*Golden Bell*). One of the first shrubs to bloom in the spring. Medium to tall growing. Before leaves appear, entire bush is blanketed with flowers. Most beautiful if allowed to grow naturally. Best in zones 3 through 9.

Fortunei. Rich, golden yellow blossoms on graceful, upright shrub. *Postpaid. State Size.*

91 MG 5313—2-3 ft. size. . . . Ea. \$1.10; 3 for \$3.15
18-24 in. size. . . . Ea. 95c; 3 for 2.70

Lynwood Gold. Newer variety. Golden yellow blossoms more profuse, full in form. *Postpaid.*

91 MG 5314—2-3 ft. size. . . . Each \$1.50; 3 for \$4.35

(H) Fragrant Pink Snowball. (*Viburnum carlesii*). In early spring coral-pink buds open into white blooms. One of the loveliest, most fragrant shrubs. Medium tall rounded shrubs. Blue-green foliage turns red in fall. Plant in sun or shade, in sheltered location and in spring only. Provide winter protection in zones 8 and 9. *Postpaid.*

91 MG 5451—12-18 in. size. 3 for \$9.85; Ea. \$3.45

(J) Orient Hybrid Nanking Cherry. (*Prunus Tomen-tosa*). An improved variety with double white blooms in early spring. Grows 8-10 ft. tall, and spreads even wider! of 7 Award Winning Garden Mark Peonies

EASY TO GROW... WILL BLOOM THE SECOND YEAR... HARDY TO 40° BELOW ZERO

All Carefully Selected from the Top of their Color Classes. Chosen to give you highest quality bloom with plants of outstanding vigor. Well established, consistent Award Winners at shows and fairs everywhere.

Will Bloom the Second Year. All Wards peonies are healthy, field grown 3 to 5 eye roots. All backed by Wards Nursery Stock Guarantee on Page 4.

Dozens of Uses. Plant peonies as a low hedge, to line a driveway, in the perennial border, in front of shrubs, or to edge a terrace. Most effective in mass plantings. Will give you dramatic bouquets in early summer. Combine beautifully with Oriental Poppies and Tall Bearded Iris. Foliage is beautiful all season and may be used with many flowers to provide background for arrangements.

Easy to Grow—Hardy to 40° below zero. Comparatively disease resistant, grow more beautiful every year, last for many years. Plant 2 to 3 ft. apart in spring or fall, in full sun or part shade. Grow in almost any soil but prefer rich, moist loam. Do not plant near trees or tall shrubs. Though hardy in all zones they are most beautiful north of zone 2. (See Zone Map on Page 37 to find your zone.)

SAVE 15%
7 Peonies \$795

Old-Fashioned Favorite Perennials for Spring Bloom

Buy in Collections of 2 to 4 Varieties and Save 7% to 12%

Oriental Poppies—Coll. of 4—\$340

(*Papaver orientale*.) Perfect companions for peonies and tall Bearded Iris. Huge blooms on medium-tall stems. Hardy all zones but need winter mulch in zones 6-9. Plant spring or fall, 12-18 in. apart in rich, well-drained soil and in full sun.

4 Garden Mark Oriental Poppy Garden. Includes 1 ea. of J, K, L and M below. Save 10%. 91 MG 2432—*Shipped Postpaid*. Coll. of 4 for **\$3.40**

J **Curtis Giant Flame.** Biggest of giants. Blazing red. 91 MG 2431—*Postpaid*. Each **95c**....3 for **\$2.70**

K **Orange Perfection** flowers are orange scarlet. 91 MG 2424—*Postpaid*. Each **95c**....3 for **\$2.70**

L **Phenomenal.** One of largest. Satiny-pink blooms. 91 MG 2420—*Postpaid*. Each **95c**....3 for **\$2.70**

M **Henry Cayeau.** Huge rose-lavender blooms. 91 MG 2429—*Postpaid*. Each **95c**....3 for **\$2.70**

Creeping Phlox—Coll. of 4—\$175

(*Phlox subulata*.) Dwarf spreading plant; grows about 6 in. tall. Small, moss-like leaves form dense mat—attractive through fall. At tulip time becomes a blanket of bloom—a beautiful ground cover or edging for your tulip border. Ideal for rock garden. Plant 12 in. apart in rich, well-drained soil in full sun, in spring or fall. Very easy to grow. Hardy in all zones.

5 Garden Mark Creeping Phlox Garden. Includes 1 each of 4 listed below. Saves 7%. 91 MG 2364—*Shipped Postpaid*.....Coll. of 4 **\$1.75**

(R) 91 MG 2367—**Pink Emerald.** Brilliant, pink.

(T) 91 MG 2365—**Blue Emerald.** Lovely lavender blue.

(U) 91 MG 2368—**Early Snowflake.** White lacy effect.

(V) 91 MG 2366—**Crimson Beauty.** Largest red-type.

Prices of Above Creeping Phlox

State Catalog Number. *Shipped Postpaid*. 2 for **95c**

Columbine Hybrids—4 for \$160

(*Aquilegia*.) Their pastel colors, and graceful shapes make a lovely sight in late spring. Favorites for cutting. Medium height. Plant 8-10 in. apart in spring or fall, in part shade. Require very little care. Hardy all zones.

7 Garden Mark Columbine Garden. 1 ea. of X, Y, Z, AA. *Ppd*. 91 MG 2567—Save 12%.....4 for **\$1.60**

X **Rose Queen.** Lovely shade of rose-pink. 91 MG 2564—*Postpaid*.....2 for **90c**

Y **Crimson Star.** Huge red and white. 91 MG 2560—*Postpaid*.....2 for **95c**

Z **Golden Glow.** Golden-yellow flowers. 91 MG 2565—*Postpaid*.....2 for **90c**

AA **Burpee Blue Shades.** Blue. 91 MG 2559—*Postpaid*.....2 for **90c**

Bleeding Hearts—Coll. of 3—\$195

(*Dicentra*.) Among most charming blooms in perennial border. Graceful branches studded with showy little flowers and dainty, light green foliage. Spread about as wide as they are tall. Use in rock garden or with spring bulbs. Plant in sun or shade in spring or fall. Tolerate fairly deep shade. Thrive best in rich, light soil. Hardy all zones.

Garden Mark Bleeding Heart Garden. Includes 1 of (N) and 2 of (P) below. Save 9%. 91 MG 2558—*Shipped Postpaid*. Coll. of 3 for **\$1.95**

N **Old Fashioned.** (*D. spectabilis*.) Arching branches filled with red and white heart-shaped flowers in late spring. Medium height. Combine well with tulips. Plant 2-3 ft. apart. *Shipped Postpaid*. 91 MG 2557—Each **95c**.....3 for **\$2.70**

P **Fern Leafed.** (*D. eximia*.) Low growing. Fine for front of border. Blooms in spring and fall. Under favorable conditions, blooms constantly. Deep rose-pink heart-shaped blooms. Plant 12-15 in. apart. 91 MG 2556—*Postpaid*. Each **60c**.....3 for **\$1.65**

Sweet William Garden of 6—\$225

W **Sweet William.** (*Dianthus barbatus*.) Blooms in late spring. Medium low growing. This old-fashioned favorite comes in a vivid splash of colors including pink, red, purple. One-inch floret in four-to-six in. clusters. Each bloom is a solid little bouquet diffusing a delightful fragrance. Makes a lovely cut flower for vase or table centerpiece. Foliage is gray-green—nice contrast in the perennial border. Easy to grow in any well-drained soil. As flowers fade, cut to increase new bloom. Plant 12 in. apart in full sun, and in spring or fall. Hardy in all zones.

6 Garden Mark Sweet William Garden. A delightful array of late spring color. Includes 2 each of 3 varieties listed below. Save 11%. 91 MG 2341—*Shipped Postpaid*....Coll. of 6 for **\$2.25**

91 MG 2342—**Calico.** Shades of red and pink with white eye. Gay and delightful for borders.

91 MG 2339—**Scarlet Beauty.** Brilliant red florets.

91 MG 2343—**Purple Beauty.** Unusual purple tufts.

Prices of Above Sweet William

Shipped Postpaid. State Catalog Number. 2 for **85c**

McKana Hybrids—2 for \$110

BB **A 1955 All-America Winner.** Outstanding strain with larger flowers averaging 4 inches in diameter, spurs 3 to 4 in. long. Flowers are richly multi-colored—a real contribution to the perennial garden. Make wonderful cut flower bouquets. Attractive foliage. Hardy, spring flowering. Planting instructions same as for Hybrid Columbines above. Mixed Colors. No color choice. 91 MG 2552—*Postpaid*.....2 for **\$1.10**

BA. WARDS 83

Free Delivery on All Wards Nursery Stock

MOST PLANTS ARE SHIPPED AT PLANTING TIME in spring or after they have become completely dormant in fall. All of the nursery stock you order will not necessarily be shipped at one time, as different types of plants may come from separate Nurseries, and will definitely come at the time intended for planting. For instance, orders for most bulbs are shipped immediately, however bulbs on Pages 58 and 59 and some on Page 56 are for fall planting only. These bulbs are dug in fall, and shipped after Oct. 1st. Do not be alarmed if your order is not received immediately . . . our Nurseries keep a careful check on weather conditions, and all plants are shipped when they can be set out safely.

PACKAGES TOO BIG FOR PARCEL POST SHIPPED EXPRESS PREPAID. Some plants are packed separately and shipped at different times. Wards mail a separate guarantee slip covering each package. Nursery Stock must be shipped during dormant period.

WARDS DO NOT SHIP NURSERY STOCK, PLANT OR BULB ORDERS C.O.D. No Nursery Stock is shipped to Canada, Mexico or any point outside the continental United States. Orders are, however accepted from Alaska. Be sure to read Wards Nursery Stock Guarantee on Page 4.

Order Early

BE SURE OF GETTING ALL THE VARIETIES YOU WANT. For spring shipments it is best to order early while stocks are still complete. If your order is received too late for spring planting, you will be notified, and it will be held for shipment in the fall—unless you specify otherwise.

Orders received too late for planting in the fall, will be held until the following spring. This, of course, will apply only to plants, trees and bulbs that may be planted in the following season. Nursery Stock is shipped in spring or fall unless otherwise specified in description.

ABOUT SHIPPING COSTS ON OTHER MERCHANDISE

You pay shipping costs on some things such as sprayers, arbors, garden houses and other garden equipment. Shipping weights are stated, and you can determine shipping cost by referring to Wards Big General Catalog, or by consulting your Postmaster. Simply total shipping weights of all items you order, send postage for combined weight. If we have to send your order in more than one package, we will pay the additional postage.

Nut Trees for Shade and Crop

New Hardy English Walnut—Each \$3⁶⁰

(*Juglans regia*). Hardy strain from the Carpathian Mts. where the trees grow and bear in sub-zero temperatures. Now you can grow English Walnuts as far north as zone 7. Flavorful, crisp nutmeats with thin shells like regular English Walnuts. Easy-to-crack, with tasty meats, a little smaller than grafted English Walnut but equal in quality. Plant two for proper pollination. Wards ship healthy seedling trees. Larger trees of this variety do not transplant readily. Plant 40 ft. apart in Spring or fall.

91 MG 6882—18-24-in. size. Postpaid....Each \$3.60
4 or more.....Each 3.45

English Walnut Trees—3-4-ft. size Each \$4⁴⁹

(*Juglans regia*). All grafted on California Black Walnut root stock for vigorous growth and longevity. Deep rooting trees—need deep, fertile, well drained soil. Plant 40 ft. apart in spring or fall. Hardy in zones 1 through 4. Self Pollinating. Shipped Postpaid.

91 MG 6885—Eureka. Large oblong nut with thick, well sealed shells. Popular commercial variety.

91 MG 6881—Franquette. Heavy yields. Light colored kernels—thin shells. Seldom affected by frost.

Pecan Trees for Zones 1 Through 4 Only

(*Carya illinoensis*). Sturdy grafted trees are well rooted. Long lived. Nice shade trees. If cared for, will bear in about five years. Do not cultivate more than 6 in. deep. Plant 50 to 60 feet apart, spring or fall, in zones 1 through 4 only. Self Pollinating.

91 MG 7589—Success. Widely grown. Large, oblong, tapering to the apex. Medium thin, easily parted shell, with plump, fine quality, sweet kernel. Trees bear heavily. Self-pollinating.

91 MG 7593—Mahan. Gigantic New Variety. Paper shell. Bears young. Heavy crops. Disease resistant. Also makes wonderful shade tree.

91 MG 7591—Stuart. Most popular pecan. More extensively planted than any other. Early and heavy bearers of large, well-filled nuts. Kernels are plump and meaty, with excellent flavor.

Chestnut Trees—2-3-ft. size Each \$2¹⁵

Chinese Chestnut. (*Castanea mollissima*). Chinese variety introduced in the U.S. for its wonderful resistance to the blight. Sweet, delicious nuts shell out easily. Attractive blossoms make this a very popular tree for landscaping. Plant in spring only in well drained soil in sun. Prefers acid soil. Hardy zones 1 through 7. Plant 2 for pollination. 3-yr. trees. 2-3-ft. size. Postpaid.

91MG6899—1 to 3, Ea. \$2.15; 4 or more, Ea. \$2.00

Miscellaneous Nuts

Butternut. (*Juglans cinerea*). (Not pictured). Buttery flavor. Usually picked while green. Tall broadheaded trees. Thrive best in well drained soil. Plant in spring only. Self-pollinating. Hardy in zones 1-8. Seedling trees. 2-3-ft. size. Postpaid.

91 MG 6880—1 to 3, Ea. 85c... 4 or more, Ea. 80c

Hazelnut. (*Corylus americana*). Can be grown in a limited space. Thick bush grows to medium height. Nuts have excellent flavor, wonderful for use in cookies and cakes. Plant in spring or fall. Self-pollinating. Hardy in zones 1 through 7. 2-3-ft. size.

91 MG 6890—Postpaid. 1 to 3....Each \$1.50

4 or more..Each \$1.40

NOTICE: Wards cannot guarantee that all nut trees will bear nuts in the zones in which they are hardy. There are some areas within hardiness zones in which they may not bear for other reasons. If in doubt in your area check your county agent before ordering nut trees.

Colorful Effects at Low Cost

USE FLOWERING TREES FOR PARKWAY, DRIVEWAY OR SCREEN

You can enjoy the brilliantly colorful bloom of these trees in spring; some have colored fruits that form in summer and last through fall; some have beautiful branching habits that will add charm to your winter garden. They are ideal trees for the smallest city lot, and are extremely effective on large grounds. They grow larger than shrubs, but most are smaller than mature shade trees. Most thrive best in full sun. Plant in spring or fall unless otherwise indicated. See Page 37 for Zone Map.

(A) Mimosa Tree. (*Albizia julibrissin*). Silk Tree. This graceful, beautiful tree is considered to be among the most ornamental for the mild climate. Its fluffy pink flowers are in bloom for several weeks during mid-summer. Its lacy, fern-like, pale green foliage provides just the shade needed for Camellias and Azaleas. May be grown as a low-branching tree or pruned high for parkway planting. Graceful, upright, rapid grower. Hardy only in zones 1 through 5. *Postpaid*.

91 MG 7590—3-3½-ft. size.....3 for \$4.19; Each \$1.49

(B) Sunburst Locust. (*Gleditsia triacanthos inermis aurea*). A recent introduction. New growth has bright yellow foliage. This gives the tree the appearance of being in flower from early spring through most of the summer. Symmetrical tree with broad pyramidal head. Grows to about 30 ft. Free from thorns. Hardy zones 1 through 8. Plant Pat. 1313. *Postpaid*.

91 MG 5735—3-4-ft. size whip.3 for \$13.50; Each \$4.75

(C) Pink Flowering Locust, Rose Acacia. (*Robinia hispida*). One of the most handsome of the locust trees. Beautiful foliage and graceful drooping clusters of delicate pink, sweet-pea shaped flowers that appear in late spring. This shrub form grows 6 to 8 ft. tall, but may be pruned to tree form. Hardy in zones 1 through 7. Protect in zone 8. *Shipped Postpaid*.

91 MG 5720—3-4-ft. size.....3 for \$5.40; Each \$1.95

(D) Purple Fringe. (*Cotinus coggygria*). Also known as "Smoke Tree". In early summer this shrub-like tree becomes a billowy mass of misty purplish-gray flowers. Dense green summer foliage, brilliant yellow and purple fall foliage. Prefers dry sunny location. Grows to 15 ft. Hardy in zones 1 through 8. *Postpaid*.

91 MG 5718—3-4-ft. size.....3 for \$8.15; Each \$2.85

(E) Redbud. (*Cercis canadensis*). Commonly called Judas Tree. Early in spring thousands of tiny magenta red blossoms cover the branches and trunk. These are followed by beautiful heart-shaped foliage. One of the most hardy of all the profuse flowering trees. Grows to about 20 ft. This is the shrub form, but may be pruned to grow in tree form. Beautiful in its branching habit. Hardy in zones 1 through 7. Requires plenty of water, but needs good drainage. *Postpaid*.

91 MG 5716—3-4-ft. size.....3 for \$6.25; Each \$2.25

(F) Magnolia Soulangeana. Hardest magnolia for northern gardens. In very early spring its huge, lightly fragrant flowers make it a magnificent sight. Tulip-shaped white flowers usually 6 to 9 inches across, before the leaves appear; outer petals tinted rosy-pink, edged deep purple. Large, shiny foliage. May be allowed to grow as a shrub or trained to tree form. Grows to about 10 ft. Hardy zones 1 through 7; protect in zone 8. Not shipped after May 5th. *Postpaid*.

91 MG 5721—2-3-ft. size.....3 for \$14.95; Each \$5.25

(G) Magnolia Grandiflora.—The Evergreen Magnolia. Also known as Bull Bay or Great-laural, and considered to be the finest of all trees for the south. Tall growing (about 60 ft.), with handsome pyramidal form and glossy, deep green foliage. Striking creamy white flowers often 8 inches across. Easy to grow and drought resistant. Hardy to 5°. Recommended for zones 1 through 4. *Shipped Postpaid*.

91 MG 7550—18 to 24-inch size.3 for \$4.98; Each \$1.85

(H) Newport Purple Leaf Plum. (*Prunus Newport*). One of the most valuable of all the ornamental trees because of the spring-through-fall beauty of its reddish-purple foliage. It is upright in habit, gracefully and beautifully branched, and symmetrical in form. In early spring it produces a profusion of small pink flowers. Hardy in all-zones. *Postpaid*.

91 MG 5727—3-4-ft. size.....3 for \$8.25; Each \$2.95

(J) Mountain Ash. (*Sorbus aucuparia*). Very ornamental in late summer when clusters of bright orange berries gleam from its branches. Grows to about 25 ft. White flowers in spring. Attractive to songbirds. Thrives in partshade. Hardy all zones. *Express Prepaid*.

91 MG 5715—6-8-ft. size.....3 for \$15.75; Each \$5.50

(KLM) FLOWERING CRABS. (*Malus*). Densely branched trees. Highly prized for their hardiness in all zones; their abundance of brilliant bloom in mid-spring; and because they make easy rapid growth to an ultimate height of about 15 feet. So covered with bloom you can hardly see the branches. Make spreading trees. May be used as individual specimens or in groups. Hardy all zones.

(K) Hopa Crab. (*Malus ioensis*). One of the best red flowering crabs. Crimson buds open into rose-colored blossoms. Reddish spring foliage becomes dark green. Little jelly apples begin to ripen in June and become more and more brilliant in color, more decorative until the end of summer. Makes an excellent focal point for the small garden. *Postpaid*.

91 MG 5701—4-5-ft. size.....3 for \$6.75; Each \$2.50

(L) Bechtel's Crab. (*Malus ioensis plena*). Only flowering crab with true fully double blossoms... thousands of them every spring—each about 2 inches across. Round buds open into light pink, rose-like flowers with a truly delightful fragrance. Does not bear edible fruits. *Shipped Postpaid*.

91 MG 5700—3-4-ft. size.....3 for \$8.25; Each \$2.85

Almey Crab Featured on Back Cover

(M) Almey Crab. (*Malus almeyi*). This is a new red crab—a beautifully formed tree with large, bright crimson flowers and reddish spring foliage. Scarlet fall fruits remain on the trees until winter. *Postpaid*.

91 MG 5703—4-5-ft. size.....3 for \$9.95; Each \$3.50

Carmine Crabapple. (*Malus atrosanguinea*). (Not pictured). Grows to a height of 20-25 ft. Moundlike and very dense in growing habit. Dark green glossy foliage is considered to be the best of any of the crabs. Large delicate carmine to rose-pink flowers. Red fruit. Hardy in zones 1 through 6. *Postpaid*.

91 MG 5707—4-5-ft. size.....3 for \$8.25; Each \$2.95

(N) DOGWOODS. (*Cornus*). Ideally suited to the small garden because they stand crowding. May be planted under large shade trees; provide an abundance of showy flowers in early spring before the leaves appear. Foliage turns brilliant scarlet in fall (if planted in full sun). Bright red fruits are attractive to birds. Horizontal branching makes them ornamental in winter. Grow 12 to 15 feet tall. Hardy zones 1 through 7. Plant in sun or shade, and in spring only. Not Shipped after May 5th.

(N) White Dogwood. (*C. florida*). The familiar white dogwood that brightens the spring landscape. *Postpaid*.

91 MG 5713—2-3-ft. size.....3 for \$6.45; Each \$2.25

(P) Pink Dogwood. (*C. florida rubra*). A very showy tree with large rose-pink flowers. Trees begin to bloom when quite young. *Shipped Postpaid*.

91 MG 5712—2-3-ft. size.....3 for \$14.25; Each \$4.95

91 MG 5714—Dogwood Collection. 2 White and one Pink Dogwood. Shipped spring only. *Postpd*. 3 for \$8.50

(R) Double Flowering Peach. (*Camellia Flowering*). (*Prunus persica*). Creates an exceptionally beautiful effect when it blooms in mid-spring. Clusters of large, double, rose-red blossoms. Produces an abundance of bloom at an earlier age than most flowering trees. Does not bear fruit. For most bloom, prune severely immediately after flowering. Grows to about 15 ft. tall. Hardy in zones 1 through 7. Plant in spring only. Not shipped after May 5th. *Postpaid*.

91 MG 5704—3-4-ft. size.....3 for \$7.50; Each \$2.65

(T) Paul's Scarlet Hawthorne. (*Crataegus oxyantha pauli*). One of the most choice ornamental trees. A late spring spectacle of bright scarlet double flowers in large clusters, followed by small red jelly apples in fall. Beautiful branching habit makes it very attractive even in winter. Grows to about 15 ft. Hardy in zones 1 through 7. Plant in spring only. *Postpaid*.

91 MG 5710—4-5-ft. size.....3 for \$11.45; Each \$3.95

Add Flowering Trees to your Monthly Payment Order. No down payment required for Add-On Orders. See Page 61.

Trees for Year 'Round Interest

Adapt it for your yard, and enjoy a succession of color interest all year. Bloom begins with the Redbud Trees, (1); continues with a pair of Purple Plum Trees (2) and Hopa Crab tree (3) whose flowers are followed by fruits. Purple Plum Foliage is nice contrast. A Sugar Maple Tree (4) adds fall color and Evergreens (5) and (6) are for all year loveliness.

Trees for a Big Spring Show

Put the emphasis on spring and arrange this group to meet your own needs. Bechtel Crab (1) is wide spreading for an open area and will bloom with Lilacs and Tulips. A pair of Red Dogwoods (2) should be near the house where you can enjoy their early bloom. Magnolia Soulangeana (3), deserves a place on the lawn. The Sunburst Locust (4) will add a bright

touch to your garden picture.
